

## VOTES OF WOMEN CARRY THE DAY

THEIR BALLOTS GIVE LARGE MAJORITY FOR SCHOOL GROUNDS PURCHASE

### MEN GIVE MAJORITY OF THREE

Women Favor it by Fifty-One Majority. Families Lots Will Now Be Purchased By the Board.

The proposition submitted by the board of education for the purchase of what are known as the Familion lots, for school purposes, at a cost of not to exceed \$4,000, was carried at the special election yesterday by 54 majority. Of this the men furnished 3 and the women 51. It became apparent early in the day that there was considerable opposition to the purchase, largely upon the ground of increased taxation, for additional grounds which some thought unnecessary. That there were some grounds for this position is evidenced by the fact that when the proposition was first submitted to the board there is said to have been but one vote for it. The interest was quiet but none the less sincere. The vote among the men, 142 for and 139 against tells its own story. The ladies took quite an interest in the election, ninety-three of them taking advantage of their right of suffrage. The vote while good, does not show any militant interest and the suffragette movement seems far removed from Denison. Among the ladies the vote stood 72 for and 21 against. Penelope was in session and the majority of our society dames stopped at the voting booth in their society gowns to deposit their ballots. We understand that the board has a large part of the purchase price on hand. The lots will be bought but it is doubtful if they will be used for school purposes at present.

What a difference there is in the sense of responsibility between a leader of a majority and a leader of a minority. Senator Aldrich a leader of a majority, speaks in Chicago on the currency question. He says that he and the commission are working hard studying the question, that they have not arrived at a conclusion and that they ask the co-operation of all thoughtful men to bring about a wise solution of a different problem. On the same night Senator Cummins, one of the leaders of a minority comes forward with a solution of nearly all the problems of state. In a breezy, off-hand way he tells just what should be done and how to do it. What a difference there is in the sense of responsibility between a leader of a majority and a leader of a minority.

The J. M.'s will meet this week with Miss Fanny Hayes

## DIED IN HER HUSBAND'S ARMS.

Mrs. T. A. Hickey Expires From Heart Failure as Her Husband Holds Her up to Open Window.

The largest funeral cortege that ever followed the remains of a loved one to their final resting place in this county accompanied the remains of Mrs. T. A. Hickey as they were taken to the Catholic cemetery at Manilla last Saturday. Almost every town and township was represented by sorrowing friends. Mrs. Hickey, nee Bridget Meehan died at her beautiful farm home in Nishnabotny township at ten o'clock on the evening of Wednesday, November third.

She had been ill for a few days but she was not thought to be in a serious condition. Suddenly after the rest of the family had retired, her husband heard her breathing with difficulty, he called to her and she did not answer, he lifted her up and she gave him a smile of recognition. Seeing that her condition was serious he took her to an open window and there resting in his arms, she passed away.

Mrs. Hickey was thirty-nine years of age at the time of her death. She had been married eighteen years and the most of her life was passed in this county. She was the daughter of Michael and Hannah Meehan and she is survived by her husband, five children, Earl, Andrew, Irene, Esther and Arthur, by her aged mother, by her brothers and sisters, Mrs. Margaret Hanrahan, Thos. Meehan, ex-Sheriff of this county, Anna Meehan, Mrs. C. C. Houlihan, Mrs. Peter Lally, and John Meehan all of this county and many other relatives.

Mrs. Hickey was a splendid Christian woman and her death, in the prime of life, when she was so greatly needed by her family of boys and girls, and when life held for her so much that was dear and pleasant, is inexpressibly sad. All her loved ones know that they have the sincere sympathy of their hundreds of friends throughout the county.

On Saturday evening Mrs. George Richardson gave a dinner for Mrs. Oswald the first Grand Matron of the Eastern Star. The guests were fourteen in number and included the past and present Grand Matrons of the Eastern Star chapter, Mesdames Kemp, Kott, Wheeler, Bollen, Ferguson, Caswell, Seeman, Cochran, Crippen, Sprecher, Oswald, Sibbert, Robinson and M. E. Jones. Mrs. Richardson's decorations were red carnations and her menu which was a very nice one consisting of three courses was also carried out in this same cheerful color. Dinner was served by the Misses Pearl and Fernie Richardson. The evening was spent in a delightfully informal way and passed very quickly for the ladies.

## Has Been Offered Promotion.

Denison friends are pleased to learn that H. A. Carpenter, the efficient agent of the American Express Co. at this city, has been offered the position as agent for the company at Marshalltown, Iowa. This is one of the best offices of the company in Iowa and the promotion shows that the company has had an eye on Harry and knows that he does his work faithfully and well. The position carries with it a considerable increase in salary and after the first promotion others are apt to follow. The place is made vacant by the request of the present Marshalltown agent, who on account of ill health desires to be transferred to a smaller office. If any change is made the Marshalltown agent will probably come here. Denison people will regret the departure of Mr. Carpenter and his wife and Mrs. Barber, should she accompany them to their new home. Mrs. Carpenter is one of our brightest and clearest ladies. She has taken a prominent part in club work and her appearances on a public program are always hailed with delight. Both the ladies have a large circle of friends who will not thank the American Express Co. for taking them away from Denison.

Later we learn that the details of the transfer have been made and that Mr. Carpenter will take charge of the Marshalltown office as soon as he can arrange his affairs here. Mr. C. M. Bell, the present Marshalltown agent who will succeed Mr. Carpenter, will also take some time to dispose of his Marshalltown property and it is possible that a temporary agent will be appointed for Denison before Mr. Bell takes hold of the work.

## DENISON WINS ONCE MORE

Audubon Defeated by Doughty Denison Boys by Same Score as in First Game.

Last Saturday in the hardest game played this season Denison defeated Audubon at Audubon by a score of 11 to 0. Denison kicked off to Audubon and the latter commenced battering Denison's line for short gains. Two long end runs by the Dannels boys resulted in a touch down by Alva. Audubon kicked to Denison. The ball was carried down the field until the ball was all but over Audubon's goal line. The first half ended with the ball six inches from Audubon's goal line.

The second half commenced with the Denison boys fighting blood up and the ball was soon forced over the line by Barney Otto. This was the last touch down. With the exception of the first two or three minutes Denison's line held like a stone wall and no gains were made through it. Denison was very successful at advancing the ball by long end runs and forward passes and it was not found necessary to punt once. The game ended with the ball well up in Audubon's territory.

The members of the Audubon team were nice, gentlemanly fellows, but considerable trouble occurred with the rooters on the side lines who seemed to think they knew more about the game than the referee or umpire.

## Rummage Sale.

As usual the Rummage Sale was a great success. The McKane building for which the ladies are indebted to the courtesy of Frank McKane was well adapted to the sale and the ladies opened up for business Friday with a large and well selected stock. Everything went like hot cakes and the room was filled with customers all day.

Saturday morning was not quite as busy but the afternoon made up for that. Two hundred and twenty-five dollars was taken in and there is still a little outstanding that will bring this amount up. Mrs. Kirkup's display of hats was in good taste, neat and attractive and sold well. The ladies desire to extend their thanks to all of their patrons who helped by their purchases to raise this very large sum and also to the friends who gave such fine garments and goods for sale.

Mr. and Mrs. W. H. Woolston, now of Des Moines have been visiting their son, Frank, near Boyer and their many Denison friends this week.

A trip to the western coast was advised and Mr. and Mrs. Green will leave before long, via the Santa Fe.
