

CRAWFORD COUNTY STATE BANK
 CAPITAL, \$1,000,000 DEPOSITS, \$500,000
 Denison, Iowa.

Incorporated under the laws of Iowa, giving best security to depositors, as each shareholder is held not only for amount of stock, but his personal property is held for a like amount also. State Banks are under control of State Auditor, who can examine them at will and published statements are according to his findings, thus depositors have more security than their confidence in the bank's officers. Capital stock cannot be used for outside speculation or investment. The Crawford County State Bank is the best incorporated banking institution in the county.

Passage Tickets Sold. Insurance Written. Loans Negotiated. Abstracts Furnished.

HOFFMAN'S REPORT AS TO CONVENTION

TELL OF ELEGANT TEACHERS MEETING OF DES MOINES. MANY REFORMS ARE ASKED

County Superintendent Thinks too Little Attention Is Given Rural Schools in Convention Deliberations.

On Nov. 4th, 5th and 6th, 4000 teachers from Iowa gathered in the city of Des Moines for their annual teachers' meeting. County and city and principal of schools with high school and grade teachers made up the main bulk of the attendance. Besides there were a number of rural teachers and book agents who enrolled.

Heretofore the meeting has been held during the Christmas vacation with an attendance of about 1400 all in all. This fall meeting was a departure from the regular order of things and resulted in the very large attendance. The largest building in Des Moines, the auditorium, was not large enough to hold the large audience, and the large assembly rooms of the high school building was not large enough to accommodate the section meetings.

Next year they are planning to use the new Coliseum just being built for the main meetings and the various churches for the section meetings. They expect an attendance of two or three thousand more for next year.

The program this year was a good one and resulted in the bringing out of many new and good ideas pertaining to school affairs. Speakers were there from various parts of the United States and gave the best our country can produce. In the Round Tables and Section meetings our teachers from all over the state conferred as to methods, devices, and plans for the future welfare of the schools. The teacher who attended the meetings regularly, or at the most did not use more than half of the time shopping, etc., will without doubt be worth much more money to her school patrons for the years to come because of the help she received here.

At the opening of the meeting a resolutions committee was appointed. The various members of this committee gathered the best and most popular ideas expressed during the meetings and embodied them in a set of resolutions. These express quite fully the latest ideas expressed and the opinions of the majority of those present on the various questions considered. The main things declared for in the resolutions are as follows:

1. County unity instead of township, for the rural schools.
2. School play grounds established throughout the year.
3. Compulsory medical inspection in our schools.
4. Increase of salary for the teaching profession in the state.
5. Longer tenure of office for all teachers.
6. State pension fund for teachers provided by law and created by the teachers themselves.
7. Privileges of a high school education free to all rural pupils.
8. Normal training for all teachers before beginning to teach.
9. A state high school inspector under the direction of the state educational department.
10. The establishment of departments of domestic science and manual training in public schools.

Notes on the Meeting
 The newspapers of Des Moines declare that the sellers of wigs, rats, puffs, switches, etc., are gloating over sales to school ma'ams of about \$500 worth of the above articles. If little Johnnie comes home and remarks that teacher looks lots younger since her little vacation do not be surprised.

These same papers were roasting the teachers for not staying for the Saturday afternoon business meeting. They reported only about forty persons as remaining for this last session. They accused them of going off to the Drake vs Iowa City foot ball game. The fact is the last business session was fully as well attended this year as of former years. And any way wouldn't you have gone too if you could have gotten off?

Far too many teachers go away from school presumably to attend the teachers' meeting and then spend nine tenths of the time shopping and at the theatre. But it wouldn't do for them to hoard all their big salaries.

The half dozen candidates for the republican nomination for the office of State Superintendent of Schools made things lively by early electioneering among the school men present. For some reason there were no democratic candidates at work. They probably think, "What's the use?"

Nearly every speaker took a shot at the rural school of today. They deplored the unsanitary conditions of buildings, poor equipment, the poor attendance, and too many young girl teachers. They offered as solutions to the problem; Normal training for

all teachers, Township consolidation of schools, Free tuition to all rural pupils above the 8th grade in the nearest high school, the expense to be paid by the township, the County unit of school organization, and a few others. Some of them had been in a rural school within the last twenty years and some had not.

The city school was recognized as being nearly perfect, hence little was said of its work. Most attention was given to the rural schools. Yet when the city high school graduate comes up for teacher's certificate a great proportion of them are able to secure nothing but a provisional certificate and a goodly number fail altogether. Some one said as an explanation that the rural graduate studied the things asked for in the teachers' examination while the high school graduate prepared to enter college. In other words one gets ready for business while the other gets ready for college.

A rural teachers' Round Table was organized for next year. There were a goodly number of rural teachers present this year. We saw two from Crawford county, Mrs. Johnston of Denison and Laura Suhr of West Side. There were too many grade teachers present from our county to mention individually. We had a good representation.

The enrollment fee is one dollar. What will the Executive committee do with all this money? We suggest they use a part of it to start the teachers' pension and retirement fund they are planning on. County Superintendent Hoffman was appointed by the Educational Council as a member of a committee to draft a bill for presentation to the next legislature to provide for teachers' pensions and a retirement fund. The one was to be raised by the teachers themselves by saving part of their salary.

A great number of county superintendents deplored the shortage of teachers here stating the granting of provisional certificates to many who were as yet not prepared to begin teaching. This resulted in many of the older pupils dropping out of school, and especially is this true of the average American boy of 14 years or over. He does not have great respect for a lady teacher after reaching this age, consequently he drops out of school before finishing the course.

At the County Superintendents' conference after a comparison of Iowa's laws with those of the other states it was practically unanimously decided that Iowa needs some up-to-date school legislation on not a few things. The recommendations were very conservative however in every way.

F. L. HOFFMAN.

Must Sign News Items.
 Again the Review wishes to advise its readers that news items sent by mail must be signed by the writer, not for publication, but as an evidence of good faith. Frequently the editor has been imposed upon by over-looking this caution, and sometimes he must leave out live news items rather than take the risk.

SUFFERED THREE YEARS WITH CHRONIC CATARRH.

Mr. Disch, of Louisville, Gives Peruna the Credit for His Recovery, and Recommends it to His Friends.

MR. JOSEPH F. DISCH, 454 W. Jefferson St., Louisville, Ky., writes: "I take great pleasure in recommending your valuable Peruna as a catarrh remedy."

"I have been suffering for the past three years with catarrh, and had used almost everything in the market until I read of your wonderful Peruna remedy. After using two bottles of Peruna I can cheerfully recommend it to any one having the same disease."

"I was almost compelled to give up my business, until I used your remedy, and I have never been bothered with catarrh since."

Hon. C. Slemp, Congressman from Virginia, writes: "I can cheerfully say that I have used your valuable remedy, Peruna, with beneficial results, and can unhesitatingly recommend your remedy to my friends as an invigorating tonic and an effective and permanent cure for catarrh."

People who object to liquid medicines can now secure Peruna Tablets. Sold by druggists, and manufactured by The Peruna Drug Mfg. Co., Columbus, Ohio.

Man-a-lin an Ideal Laxative.

FREEZE - KILLED GERM IN CORN

W. C. Frazier of Cass County Says There is No Seed.

ATLANTIC. Ia.—If the claim of W. C. Frazier holds good the matter of seed corn will become a more than serious proposition for Iowa farmers the coming spring. Mr. Frazier, who is one of the leading farmers of Cass county, says that the freeze several weeks ago which froze the apples and other fruit and vegetation generally, killed the life germ in practically every ear of corn in Cass county. Mr. Frazier stated that his corn was planted ten days before any other in his neighborhood and not an ear of it is fit for use for next year. He has examined other corn and found the same to be true. Occasionally an ear is found of the poorer grade which would seem to grow but all of the good ears which would naturally be selected are killed.

Mr. Frazier stated that he had been farming in Cass county for twenty-six years and that is the first experience of the kind he had ever known of. He further stated that all farmers should at once examine their seed corn and if the same proved true, which he was positive it would, they should at once preserve any of last year's corn they might have on hand. Mr. Frazier is already making arrangements for some of last year's corn in order to have seed for next year.

Secretary Wilson on the Chicago Stock Show.

The Honorable James Wilson, Secretary of Agriculture, in speaking of the International Live Stock Exposition, which is to be held this year from Nov. 27 to Dec. 10, said:

"The International Live Stock Exposition as an educational factor has carved a niche for itself."

"Producers are confronted with the problem of increased cost of every commodity that they use, greatly enhancing their expenditure."

"Obviously this necessitates rigid economy, and the man who reduces cost of production to a minimum insures maximum profits and his own survival where others fail."

"The International is teaching its valuable lesson to the country at an opportune moment."

"During the period of cheap feed and feed lot extravagance such education was not valued, because its benefits were not realized at the time."

"Under new conditions, the man who produces beef, pork and mutton cannot afford the use of inferior machinery in his business."

"Economy requires that he handle the very best types of the most improved breeding; and these lessons can be obtained at the International Live Stock Exposition, which is acknowledged to be an educational institution of the highest order in its line."

Another Tragedy.

Charter Oak Times: The announcement reached town Monday that Mrs. Jasper Hunter had found her brother, Murray Rees, dead in his bed at her home that morning. His home is in North Dakota, not far from Langdon, and he was here visiting his sister. He had spent some four or five days with her very happily, and looked forward to more pleasures reviewing younger days. Sunday he retired at night in the usual good health and spirits, only to be found in the morning dead. A doctor was called in the hope that there might remain a spark of life but it was of no avail. His family in North Dakota were notified, and his brother reached Charter Oak yesterday morning. The body was taken to his home this morning.

Mr. Rees left a wife and four children, the youngest a babe less than a year old. He was a member of both the Odd Fellows and the Masons lodges, and taken in charge by the latter organization. His lodges were notified as soon as it was known that he held membership in them.

SAVED FROM AN OPERATION

By Lydia E. Pinkham's Vegetable Compound

Louisville, Ky.—"Lydia E. Pinkham's Vegetable Compound has certainly done me a world of good and I cannot praise it enough. I suffered from irregularities, dizziness, nervousness, and a severe female trouble. Lydia E. Pinkham's Vegetable Compound has restored me to perfect health and kept me from the operating table. I will never be without this medicine in the house."—Mrs. S. LEE, 3523 Fourth St., Louisville, Ky.

Another Operation Avoided.
 Adrian, Ga.—"I suffered untold misery from female troubles, and my doctor said an operation was my only chance, and I decided it almost as much as death. Lydia E. Pinkham's Vegetable Compound completely cured me without an operation."—LENA V. HENRY, R. F. D. 3.

Thirty years of unparalleled success confirms the power of Lydia E. Pinkham's Vegetable Compound to cure female diseases. The great volume of unsolicited testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound is a remarkable remedy for those distressing feminine ills from which so many women suffer.

A Debtor's Stratagem.

"Yes," said the business man, "I have given up trying to collect that little bill from Bilkins. You see, he is a pretty big fellow, and he used to throw my collectors out every time they called."

"Then why didn't you employ a woman collector? He couldn't do that to a woman."

"That's what I thought, so I got one and sent her round, but she never came back."

"Why not?"

"He married her."—London Tit-Bits.
