Will Maas returned to Bloomfield, after a week's visit with his parents.

Avoid the Cheap and "Big Can" Baking Powders.

The cheap baking powders have but one recommendation; they certainly give the purchaser plenty of powder for his money, but it's not all of baking powder; the bulk is made up of cheap materials that have no leavening power. These powders are so carelessly made from inferior materials that they will not make light, wholesome food. Further, these cheap baking powders have a very small percentage of leavening gas; therefore it takes from two to three times as much of such powder to raise the cake or biscuit as it does of Calumet Baking Powder. Therefore, in the long run, the actual cost to the consumer is more than Calumet would be. Cheap baking powders

Dr. B. A. Stockdale

The Noted Specialist of Des Moines, Iowa, will visit Denison at

Hotel Denison, Tuesday, Feb. 22

From 10 a. m. to 6 p. m.

Chronic Diseases Cured

The doctor has had such wonderful success in the treatment of certain diseases that he feels fully warranted in making the following liberal offer. He will make a thorough examination and tell you just what can be done; what the treatment will cost and about how long it will take to effect a cure; you will not be required to pay any money, except for the medicine used until cured or thoroughly satisfied with the results.

Dr. Stockdale wants every person who suffers from a chronic disease—it makes no difference how bad their case is, or how long they have suffered, or who has treated them and pronounced them incurable, to call and consult him. He will make a thorough examination of their case, tell exactly what can be done, whether they are curable or not, how long it will require and all about it. He treats only chronic diseases. He has devoted twenty years of his life to the treatment of such diseases as Dyspepsia, Indigestion, Stomach troubles, Liver disease, Constipation, Rheumatism, Bladder troubles, Diseases of the Kidneys, Chronic Catarrh in all its forms, Heart and Nerve troubles—in fact, every variety of chronic diseases.

Dr. Stockdale has a system of treatment which he believes is the best known for chronic diseases. He is able to cure many cases that have resisted other treatments—that are considered incurable. He wants it distinctly understood that he does not undertake any case that he thinks is incurable, and will tell the patient candidly when he has made the examination.

He has a special treatment for general weakness of men, which he would like to explain in person. He will examine every case that calls on him on the above date absolutely free. If for any reason you cannot call or visit him personally, write him for an examination blank at his home office. Address

DR. B. A. STOCKDALE Utica Building Des Moines, Iowa

The Doctor's First Question

"How are your bowels?" This is generally the first question the doctor asks. He knows what a sluggish liver means. He knows what a long list of distressing complaints result from constipation. He knows that headaches, bilious attacks, indigestion, impure blood, and general debility are often promptly relieved by a good liver pill. We wish you would talk with your own doctor about this subject. Ask him at the same time if he approves of Ayer's Pills. Do as he says. J. C. Ayer Co., Lowell, Mass.
