Mrs. Housewife:-There's a Happy Medium in Everything

Anything that is overdone or underdone is not good. If you use the cheap and Big Can Kinds you are getting quantity at the sacrifice of quality. It cannot be as good — or as economical as Calumet — the medium price kind. If you use the High Price Kind, you are paying tribute to the Trust — the quality is no better.

Here's the "Full Value" in BAKING POWDER

The Cheap and Big Can Kind

In this can you get more substance but not more baking powder. It is great in quantity only — not in satisfaction.

Calumet, in the Standard 1 lb. can, sells at a moderate cost—but is great in all-round satisfaction. You use less of it—it makes the baking lighter, purer—more delicious. One baking will prove its superiority—try it. Ask your grocer and insist on Calumet. Free—large handsome recipe book. Send to a 2nd slip found in pound can. Calumet Baking Powder Co., Chicago

The Trust Kind

Great in price, little in quantity and the quality is no better—if as good.

He was afflicted with optic nerve disease and neglected the warnings of the early symptoms of his eye trouble. No eye trouble is very bad at first but then is the best time to have it cured. If Charles Broadway Rousa had taken prompt treatment on the first appearance of eye disturbance his eyesight would have been saved. Optic nerve trouble is curable when treated in time. Dr. Weber has cured many cases of optic nerve disease, granulated lids and watery eyes.

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM—it pays better. But you are thinking of the cure not the profit, so there's nothing "just as good" for you. Say so.
