

MANILLA NEWS.

The Juniors of the High School entertained the Seniors and their friends Friday evening at the home of Miss Prosser. The evening was spent in five acts. The first act was "Music hath charms to soothe the savage beast." Some especially fine music was rendered by Miss Barber and Messrs. Atchison and Barber. The next act was:

"O, wad some power the giftie gie us, To see ourselves as ithers see us." Scene I. At present. Scene II.—In the future.

The boys had to write descriptions of the girls' dresses and the girls had to draw pictures of the boys with their left hands for Scene I. Some great descriptions were written by the boys and some real good (?) drawings made. George Stoper and Gladys Simpkins were awarded the prizes for these.

For Scene II all were requested to write a future containing the word "Senior." Some cute prophecies were written with the little material furnished. For the third act each Senior was requested to act out a proverb and the rest guess them. These were difficult to guess, as some were real hard. For Act 4, "We ate, drank, and were merry."

A lovely three course supper was served, consisting of Pressed chicken Sandwiches Olives Potato Salad Fruit Salad and Whipped Cream Nabiscos Orangeade Ice Cream. Cake.

For the fifth act, "As you like it," We played our usual party games and spent the evening in a very delightful way. All had a real good time and all think the Juniors dandy fine entertainers.

Misses Beas and Lillian Saunders visited Saturday in Defiance.

Mrs. Al Ivey attended the commencement exercises in Defiance Saturday.

Mrs. George Hird is on the sick list this week.

The class play given by the Seniors of the Manilla High School Wednesday evening, May 18, 1910, at the Germania Opera House, was in every way a great success. The play, "The Manoeuvres of Jane," was a four-act comedy and held the interest of all throughout the play. John Lueth as Lord Boychild and Nora Collins as Pamela Beechinchor did especially well, while all the cast acted their parts well. The class realized about \$150 from their effort. Everybody was well pleased with the play, which was directed under the supervision of Miss Olander.

Costly Make-Believe. A West side mother has a little daughter who remembers the lessons the daisies taught her last summer. Not long ago the parent heard a little voice in the next room saying softly, "Richman, poorman, beggarman, thief!" After a while she looked in and there stood the child plucking the last cherished leaves from the rubber plant as she crooned her little fortune song.—New York Sun.

Faulty Agriculture. Though blessed with the most fertile soil and most favorable climate in the world, the United States produces less wheat per acre planted than England, Germany or Holland.

This Wicked World. When a banker does go wrong, it seems to increase the general satisfaction if it is stated he was also superintendent of a Sunday school.—Atchison Globe.

Excuses. If all the inventive genius wasted on excuses were exerted along more practical lines, an extension would have to be built on the patent office.—Atchison (Kan.) Globe.

Haste Not to Be Repeated. "You say you have quit smoking?" "Yep, never going to smoke again." "Then why don't you throw away those cigars?" "Never; I threw away a box of good cigars the last time I quit smoking and it taught me a lesson."

Coming Events Cast Their Shadows Before. Irishman (after waiting at the theater entrance for a long time on a cold night)—Shure it's meself wad sooner walk 50 miles than stand five!—Punch.

Danger in the Truth. Truth is often attended with danger.—Marcellinus.

There was a very moderate run of cattle received today, only 141 loads being reported in up to noon.

BEEF STEERS—Conditions surrounding the fat cattle market were much the same as toward the latter part of last week and there was not much change in prices one way or the other as far as the desirable grades were concerned. Both local packers and eastern buyers were out after the good, heavy beeves and in some cases these sold a little stronger than on Friday. On the other hand, all classes of buyers were indifferent bidders on the plain and light weight stuff and it generally took more or less shaded figures to move them. Outside of the best beeves the trade was rather slow and draggy and at noon there were quite a few of the common light cattle still unsold on which bids were in many cases 10 to 20c lower than the close of last week.

Good to choice beeves... \$7.50@8.15

Fair to good beeves... \$6.90@7.40

Common to fair beeves... \$5.50@6.75

COWS AND MIXED STOCK—If there was any change in the market for cows and heifers it was in the direction of easier figures for the ordinary run of butcher and canner stock. Both local packers and buyers were after the good to choice fat stock and general paid steady prices for anything of this character. On the general run of plain and medium cows the trade was rather slow. Aside from its dullness, the trade was not a great deal different from Friday and for the most part prices were about steady at last week's decline. Veal calves were in good demand and quotably firm, and bulls, stags, etc. sold about the same as toward the close of last week.

Good to choice cows and hfs... \$6.00@6.85

Fair to good grades... \$5.00@5.85

Canners and cutters... \$3.00@4.75

Veal calves... \$4.00@5.50

Bulls, stags, etc... \$3.85@6.35

STOCKERS AND FEEDERS—As there was nothing of any consequence carried over from last week and fresh supplies were also light this morning, there was a rather better undertone to the general market. The inquiry was chiefly for the good to choice light weight steers and heifers and anything of this kind sold readily at fully steady to possibly a little stronger figures. Anything that lacked in quality was slow in moving and prices were in about the same notches as at the close of last week.

Choice to prime feeders... \$5.75@6.50

Good to choice feeders... \$5.25@6.15

Fair to good feeders... \$4.75@5.25

Common to fair... \$3.75@4.75

Stock heifers... \$3.75@4.85

HOGS—Prices in the hog yards ruled a shade higher on a barely normal supply. The opening and the close were a trifle weak but the big bulk of the receipts brought quotably strong figures. Packers took the bulk of the offerings and a good clearance was made by noon. Bulk of the offerings changed hands at \$9.40 to \$9.45, tops reached \$9.50 the same as Saturday.

SHEEP—On a fully normal supply, the trade was slow and draggy from start to finish. Advices from the east were still discouraging and the trend of prices at this point decidedly lower. Many of the early bids looked to be about 35 to 50c lower than last Friday and after more or less dickering, trading finally started 15 to 25c lower figures, the bulk of sales showing strictly prime on sale in the way of shorn lambs but stock of this description would probably sell pretty close to \$8.40. Current quotations on shorn lambs and sheep are pretty close to 50 to 75c lower than a year ago.

Good to choice lambs... \$7.75@8.40

Fair to good lambs... \$6.75@7.75

Good light yearlings... \$7.00@7.50

Good to choice wethers... \$6.00@6.50

Fair to good wethers... \$5.25@6.00

Good to choice ewes... \$5.50@6.00

One Dose for Coughs

Children cough at night? Give them Ayer's Cherry Pectoral. Often a single dose at bedtime will completely control the cough. Good for any one with a cold or cough. Good for easy cases, hard cases; good for acute cases, chronic cases. Ask your doctor to tell you, honestly and frankly, just what he thinks of this old standard remedy. No alcohol in this cough medicine. J.C. Ayer Co., Lowell, Mass.

A lazy liver makes a lazy boy. An active brain demands an active liver. No better laxative for boys and girls than Ayer's Pills. Ask your doctor about them. He knows.
