## The Fountain Head of Life Is The Stomach

A man who has a weak and impaired stomach and who does not properly digest his food will soon find that his blood has become weak and impoverished, and that his whole body is improperly and insufficiently nourished.

**DR. PIERCE'S GOLDEN MEDICAL DISCOVERY** makes the stomach strong, preserves the flow of digestive juices, restores the lost appetite, makes assimilation perfect, invigorates the liver and purifies and enriches the blood. It is the great blood-maker, flesh-builder and restorative nerve tonic. It makes men strong in body, active in mind and cool in judgment.

This "Discovery" is a pure, glyceric extract of American medical roots, absolutely free from alcohol and all injurious, habit-forming drugs. All its ingredients are printed on its wrappers. It has no relationship with secret nostrums. Its every ingredient is endorsed by the leaders in all the schools of medicine. Don't accept a secret nostrum as a substitute for this time-proven remedy of known composition. Ask your neighbors. They must know of many cures made by it during past 40 years, right in your own neighborhood. World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

The engineer of train No. 5, Illinois Central, sounded a long and shrill whistle that startled the citizens of this town Saturday afternoon last.

He tried his best to warn a lady, who was crossing the track, of her danger, but the whistle she believed to be that of the incoming Milwaukee train, upon which she was going to Dakota, and turning around, she was directly upon the crossing when the engine struck her, killing her instantly.

The lady was Mrs. Frank Sherwood, who had been married Wednesday morning last, and who, with her husband, was going to Dakota, where each of them had a fine claim.

The sight of the pretty little bride meeting such a terrible death on her wedding trip and the grief of the young husband cast a gloom over this community. It recalled to every one the death of Mrs. Cummings in the same place. Sympathizing friends did everything in their power. Miss Sherwood was Miss Broderick of Sioux City and was well known in that city, being a graduate of the high school and of Morning Side College. She had taught school in Dakota and had proved up on a nice claim there.

The body was taken to Sioux City on Sunday morning for burial. Much sympathy is expressed for her husband and for members of the family. It is hoped that means will be taken to prevent a repetition of such accidents.

Grace Butler had her arm put out of place Monday by falling from a load of hay, upon which she was riding.
