WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily; when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right then you will have no trouble with your kidneys.

Mrs. J. R. McLaughlin, Third Street, near Huron street, Missouri Valley, Iowa, says: "I had a persistent backache and was unable to find relief until I procured Doan's Kidney Pills. Since taking this remedy, I have been able to sleep much better and the pain and languid feeling has disappeared. Whenever I have the opportunity I give Doan's Kidney Pills my endorsement.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

A HORSE SHOW COMING

Equine Beauties, From Mighty Percherons to Shetland Midgets. Lovers of Horses Should See Them.

Lovers of horses will have an exceptional opportunity to witness one of the largest collections ever gathered together in this city when the Hagenbeck-Wallace Shows exhibit here THURSDAY, JUNE 30. Over four hundred horses and ponies will be housed in auxiliary tents so arranged that the general public may enter and exit at will, passing up and down the broad aisles that afford opportunity for close inspection of the superb and beautiful equines. No fees are charged for this privilege of witnessing a really regal horse fair. The exhibits are divided in classes ranging from mighty Percherons to mites of Shetlands. There are many big, muscular, broad-backed work or baggage horses—dapples, grays and blacks—in four, six, eight and ten-horse teams, all matched to a nicety and set off with trappings of the most brilliant hue. Fifty head of ring stock are the finest specimens from whose bare backs graceful rider ever kissed a courtesy or threw a comersault. Two score of pretty ponies, some no larger than a good-sized Newfoundland dog, are at once the delight of children. There is a giant horse so large that the hostler requires a ladder to reach its back when he curry-combs the animal, and a hairless horse whose skin is like velvet to the touch. There are two score of high school horses that command the greatest admiration either in the arena or paddock. There is a pure white Arabian specimen that is declared to be the most beautiful horse in the world, and there are many clean-limbed, blue-blooded racing animals that sporting men would gloat over and yearn to call their own. All these complete a blue-ribbon assemblage without quine equal and unparalleled even in the history of the greatest of horse fairs.

Go to Colorado this Summer

Spend a few weeks at a Colorado hotel or in delightful camp life and revamp your strength—take a tonic for your brain—breathe the clean, clear, wine-like air of Colorado and come home refreshed and energetic, with new ambitions and new strength to realize them.
