THIRD OPERATION PREVENTED

By Lydia E. Pinkham's Vegetable Compound

Chicago, Ill. — "I want to tell you what Lydia E. Pinkham's Vegetable Compound did for me. I was so sick that two of the best doctors in Chicago said I would die if I did not have an operation. I had already had two operations, and they wanted me to go through a third one. I suffered day and night from inflammation and a small tumor, and never thought of seeing a well day again. A friend told me how Lydia E. Pinkham's Vegetable Compound had helped her, and I tried it, and after the third bottle was secured," Mrs. ALYXZA SERRINGO, 1468 Clybourne Ave., Chicago, Ill.

If you are ill do not drag along at home or in your place of employment until an operation is necessary, but build up the feminine system, and remove the cause of those distressing aches and pains by taking Lydia E. Pinkham's Vegetable Compound, made from roots and herbs.

For thirty years it has been the standard remedy for female ills, and has positively restored the health of thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?
