## CHAUTAQUA BEGINS NEXT WEEK

Denison Chautauqua Will Open Next Tuesday—Better Than Ever—Will Last Seven Days.

**HELD AT WASHINGTON PARK**  
Big Crowds Expected, and Predictions Are It Will be the Best Chautauqua Ever Held Here.

The Denison Chautauqua will commence next Tuesday afternoon at 2:30 o'clock, and will last for seven days. The large tent and other accessories will be erected in Washington Park, as usual. The new cement walks through the park have been completed, city water has been installed, and the park is in perfect condition for the accommodation of the big crowds. The Chautauqua program will be carried out as near as possible as published below.

Each day will be a continuous entertainment from 9 o'clock a. m. until the evening program is finished. For the young folks the "King Arthur Court" is sure to prove very entertaining and instructive; this takes place every morning at 9:00 o'clock. Then the morning lecture at 10:45, afternoon music and lecture and in the evening concert, lectures and entertainments. The Chautauqua promises to be one round of pleasure, and we predict a large and enthusiastic crowd at each day's session. Below is the program:

## DENISON LAWYER FOR JUDGE.

Democratic Judicial Convention Nominates E. K. Burch and E. A. Wissler for Candidates.

At the democratic judicial convention of this district, held at Wall Lake on last Thursday, E. K. Burch, of Denison, and E. A. Wissler, of Carroll, were nominated for district judges. But a portion of the counties in the district were represented, there being not to exceed five delegates present, as we are advised. The nominations went begging, there being no candidates seeking the opportunity of being sacrificed. The gentlemen who were named were not asking the nomination, but were selected for the purpose of filling the ticket. They are entitled to the honor of being the choice of their party, however, and it is no mean distinction to be selected for a position of this character. Both of the candidates have been in the practice a number of years, and will probably carry the support of their party. As the district is largely republican, there is little probability of either winning the election.

## SOCIAL NOTES.

With so many people away on their summer vacations and such continued hot weather, social news is rather scarce.

Chautauqua next week and then all else will be laid aside and the community in general will attend and enjoy the very excellent programs which are to be given.

The members of the Denison Rebekah lodge will hold a picnic Friday afternoon on the lawn at Mrs. Harry Scaggs' residence.

Mrs. P. W. Harding entertained the Home Missionary tea at her home last Friday. A most enjoyable time was the verdict of all present.

The F. H. club enjoyed a picnic at Washington park Friday afternoon, with the usual good time which characterizes all the functions of this organization.

Mr. Heine Hartwig and bride were given a rousing reception on their return from their wedding trip last Friday evening. A merry crowd of their friends and neighbors gathered on the lawn and with music, games and refreshments celebrated the joyous occasion until the wee sma' hours of the morning.

The meeting of the Dex club at Miss Gulick's was an especially pleasant affair. A number of guests were present to add to the pleasure of the afternoon.

The Klatter club were pleasantly entertained by Miss Helen Burch on Tuesday evening. Delicious refreshments, together with a jolly good time, completed the evening as a decided success.

Mr. Anton A. Fleck, of Kiel, Germany, a cousin of George Naeye, is in the city for a brief visit. He came to this country and Canada on a tour of inspection to make reports to the University at Kiel and also at Berlin on the general conditions of agriculture, mining and other resources in these countries. He arrived on Saturday morning from Winnipeg. For the last three months he has spent his time in Canada, and has traveled extensively over that country. He reports that while at High River he called upon L. M. Roberts, formerly of Denison, and was the recipient of many courtesies from him. It is needless to say that he is favorably impressed with the United States, and especially that portion of it embraced within the limits of the state of Iowa.

The Crawford County State bank showed very commendable enterprise when it installed the handsome electric lighters would be sufficient. And would it be to be hoped that others will follow suit. For a very little money Main street and Broadway could be made resplendent, not with the gaudy, glarey red lights that look like a house afire, but with a soft, white radiance that would make the uptown district very attractive. A dozen such electric lighters would be sufficient, and would form a permanent and added attraction to Denison.

A number of Denison ladies will be in attendance at the W. C. T. U. convention next week at Pierson.

Mr. and Mrs. L. G. Bryan, of Lincoln, Neb., are visiting at the George Richardson home this week. They came in their auto and are on their way home from a trip through the eastern part of the state.

## R. A. ROMANS FAMILY DEPARTS

Leave for Aberdeen, S. D., Tuesday Morning via Autos, to Make Their Future Home.

**MANY REGRET THEIR REMOVAL**  
Both Mr. and Mrs. Romans Prominent in Church and Social Circles and Will Be Greatly Missed.

R. A. Romans and family are taking their leave this week for Aberdeen, South Dakota, where they expect to permanently reside. Mr. Romans' relations to the bank with which he is connected as president, will necessarily require his personal attention, and we cannot expect anything more than an occasional visit from him. The community suffers a distinct loss in the Romans family moving away from here. Mr. Romans came to Denison about thirty-eight years ago, when a mere boy, and has assisted in a material way in building up the city. Soon after engaging in business he attracted attention as a man of superior business ability, and has since enjoyed the distinction of being one of the shrewd and capable business men of western Iowa. He has been prominent in church, philanthropic and educational work, and always ready to support, financially and otherwise, any movement looking toward the development of the city or the moral uplift of the community. Mrs. Romans, always bright and entertaining, has been prominent in social life and will be missed on this account, and in addition, because of her sympathy with and efforts in behalf of the poor. Mr. and Mrs. Romans have raised a large family of bright and interesting children, most of whom will make their home for the present with their parents at Aberdeen. While we regret the departure of the Romans family, we are pleased to know their future, in a business way, is promising, and we sincerely hope their highest ambitions may be fully realized.

## MISSIONARY LECTURES.

Miss Henkle, Missionary and Teacher from Calcutta, India, Lectures at Methodist Church.

Miss Henkle, returned missionary and teacher from Calcutta, India, addressed the congregation at the Methodist church on Sunday morning.

Miss Henkle was formerly a resident of Iowa, but some years ago went to India to engage in missionary work. She has been engaged in educational work, teaching the children of the poorer classes. Her address was exceedingly interesting and greatly pleased all present. She evidently has been a close student of conditions as they exist in that part of the country, and was able to describe in detail the destitution and want that exists there, as well as the difficulties under which missionary and educational work are carried on. She flatters herself that how the obstacles to the spread of the Christian religion are so far overcome that greater progress may be expected from now on.

When one hears of the great work which is being carried on by our missionaries in India and the benefits which have come to the people as a result of the gospel of Christ, the expense of the movement and the sacrifices made are all forgotten and nothing remembered except the good accomplished. The address of Miss Henkle was calculated to inspire confidence in the missionary movement, and there is no doubt but it was given a new impetus.

## "BEWARE YE RATS."

The Creamery Cats Prove to be a "Howling" Success.

In a game played last Friday evening, the creamery nine, the latest addition to base ball circles, succeeded in lowering the colors of the "College Chaps" to the tune of six to four.

Once again the "Fair Maidens" on the hill strolled back to their books, convinced that mere applause will not take the place of brains and muscle in a game with players with the ability of the "Cats."

By a score of eight to six, the "Cats" won over the Epworth League in a game played Monday evening and they are now on the trail of the "Court House Rats." The "Cats" claim that "Rats" are not "desirable citizens" and should be exterminated.

## 142-MILE RUN WITHOUT A HITCH

Boylan Makes a Splendid Run With Hudson Touring Car, Paul Boylan Driver.

**COVERS ROUTE IN FIVE HOURS**  
Takes Some Good Photos Along Route and Demonstrates the Hudson to be a Grand Car.

As was announced in the last issue of The Review, the experience run made by A. F. Boylan in a Hudson touring car, No. 5185, started on schedule time on Saturday morning at seven o'clock, with Paul Boylan, a fourteen-year-old boy, as driver, other passengers of the car being A. F. Boylan, owner of the car; E. G. Gregg, photographer, and R. P. Conner, press representative. According to the rules made by the Hudson Automobile Co., of Detroit, Mich., the run was to be made either on Saturday, July 16th, or on Sunday, July 17th, every owner of a Hudson car being eligible. The trip was to be made over a course not less than a hundred miles in length and finished before sundown. All tools, excepting a jack and tire pump, were to be left at home.

The hood was sealed before leaving Denison and it was not opened until after the return. The car used was a regular stock car, being a 30 horsepower, five passenger touring car. The trip of 142 miles was made without a hitch of any kind and without any tire trouble. Paul proved himself to be a driver of exceptional ability, with confidence in himself and his machine, showing presence of mind equal to many of older age and more experience. The route traveled was from Denison to Deloit, Odebolt, Schaller, Storm Lake, Early, Onita, Wall Lake, West Side, Vail and back to Denison. The distance from Denison to Deloit was made in twenty-five minutes without a stop and only one change into the second gear. From Deloit, the trip to Kiron was made in thirty minutes, two stops being made in order to give Photographer Gregg a chance

to take two pictures of the car, and the beautiful scenery in that locality. From Old Kiron, the drive was made into Odebolt, two stops being made between the two towns, one for a picture of the famous Adams ranch, the car arriving in Odebolt at 8:48, without a change of gear. From Odebolt to Schaller, the drive was made with but one change of gear. The car pulled into Storm Lake at 10:42, where the entire crew stopped for lunch. Several pictures were taken near Storm Lake, the car pulling out for its return trip at 11:22, reaching the little town of Onita at 11:38. It was necessary for Paul to go into low gear once on account of having to pass a team on the side of a steep hill. Early was reached at 12:05. No stops were made between Early and Wall Lake, the party reaching Wall Lake at 11:52. The car reached West Side at 1:40, Vail at 1:57 and back to Denison at 2:20. After the arrival in Denison the amount of gasoline used during the 142 miles of the trip was but seven gallons and five pints, and only one quart of lubricating oil was consumed.

It will probably be some time before the winners of this contest will be announced by the Hudson company, as the contest was held all over the United States, and each contestant will have to hand in his report for the judges to decide upon and award the prizes.

## RIDING WITH ANOTHER'S WIFE.

Parties from Lake City and Early Figure in Episode in Denison Saturday Night.

Charles Anthony, of Lake City, found his wife out riding on Sunday night here at 11:30 o'clock with one Charles Fox, a married man of Early, Iowa, and had the couple arrested and taken before W. C. Rollins, justice of the peace. They were kept in the custody of the officer until Monday morning, at which time they were discharged, it is said, for want of evidence to incriminate them. Both men are reported to be in the employ of the Northwestern railway company.

## COUNTY OFFICIALS TO PLAY BALL

Next Friday the Harrison County Officials Come to Denison to Cross Bats With Crawford.

**CARL F. KUEHNLE THE UMPIRE**

Promises to be a Hotly Contested Game and One Well Worth Going to See.

On next Friday afternoon, at 3:45, at the College ball park, the Harrison county officials will play the Crawford county officials in a hotly contested game of ball. The game promises to be a good one, as we understand the Harrison county aggregation are coming up bent on revenge, for they lost to our "Court House Rats" twice last year. The Crawford county officials are in excellent trim, and are giving out the dope that they will be sure winners. It is understood that Carl F. Kuehnle will be secured for umpire of the game, provided he does not demand too high a salary. Everyone is invited to attend this game, the ladies especially. There will be no charge for admission. The lineup of the two teams is as follows:
