What is a "tonic"? A medicine that increases the strength or tone of the whole system. What is an "alterative"? A medicine that alters or changes unhealthy action to healthy action. Name the best "tonic and alterative"? Ayer's Sarsaparilla, the only Sarsaparilla entirely free from alcohol. Ask your own doctor all about it. Never take a medicine doctors cannot endorse. *J.C. Ayer Co., Lowell, Mass.*

Without daily action of the bowels poisonous products must be absorbed. Then you have impure blood, biliousness, headache. Ask your doctor about Ayer's Pills for constipation.

### Coward Sharks.

The cowardice of sharks is well known among men who have been much to sea in southern waters. The fiercest shark will get out of the way of a swimmer if the latter sets up a noisy splashing. Among the south sea islands the natives never go bathing alone, but always in parties of half a dozen or so, in order that they may make a great hubbub in the water.—Home Notes.

### KEEP THE KIDNEYS WELL.

Health is Worth Saving, and Some Denison People Know How to Save It.

Many Denison people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger when all diseases and aches and pains due to weak kidneys can be quickly and permanently cured by the use of Doan's Kidney Pills. Here is a Denison citizen's recommendation.

Mrs. S. P. Jacobsen, 200 E. Railroad Ave., Denison, Iowa, says: "I had backache and there was a lameness across my loins that made it hard for me to do much housework. Headaches and dizzy spells added to my kidney pills from the Lambert Drug Co. About two months ago I got Doan's discomfort and I always felt tired. Co. and they gave me such prompt relief that I can strongly recommend them."

### Home-seekers Beware!

The United States Reclamation Service has issued the following warning: "What is probably an organized band of swindlers, posing as real estate men, has been operating through out the country by advertising in the leading papers an opening of more than a million acres of government land in the Yakima Indian Reservation, Washington.

"They make the claim that the Reclamation Service has practically surveyed all the reservation with a view of placing land under water at the earliest possible date; that water can be put upon the land for \$30 per acre; that the bringing of water to the land will create 7,000 new homes. They are sending out pictures of grain fields and orchards, stating that these views are of lands in the same section as the reservation, and comparing the lands included in the alleged opening to the famous Nob Hill region near North Yakima, where apple and other fruit culture have attained a high degree of perfection.

"The facts are that the government does not contemplate any opening of the Yakima Reservation at this time and perhaps not for some time; there are nothing like a million acres to be opened, and none of the land to be opened to entry is likely to be irrigable, or suitable for any purpose whatever, except grazing. It is not probable that there is a quarter section of land on the reservation outside of what will be included in the Indian allotments upon which a person could make a living by farming. It is rumored that these swindlers are offering to locate soldiers' claims for \$25 each."—Wallaces' Farmer.

### One Side Enough.

Senator William Alden Smith tells of an Irish justice of the peace out in Michigan. In a trial the evidence was all in and the plaintiff's attorney had made a long and very eloquent argument, when the lawyer acting for the defense arose.

"What are you doing?" asked the justice, as the lawyer began.

"Going to present our side of the case."

"I don't want to hear both sides argued. It has tendency to confuse the court."—Washingtonian.

### Before and After.

The Adorer—It's wonderful, old man what love will enable a fellow to see in a girl that he never saw before. The Onlooker—No doubt, but it's equally wonderful what it won't let him see that he'll see later.

### Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous lining. We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh. Send for circular free.
