Could Not Smell nor Hear.

Mrs. A. L. Wetzel, 1023 Ohio St., Terre Haute, Ind., writes:

"When I began to take your medicine I could not smell, nor hear a church bell ring. Now I can both smell and hear.

"When I began your treatment my head was terrible. I had buzzing and chirping noises in my head.

"I followed your advice faithfully and took Peruna as you told me. Now I might say I am well.

"I want to go and visit my mother and see the doctor who said I was not long for this world. I will tell him it was Peruna that cured me."

People who object to liquid medicines can now secure Peruna tablets.

Teaching the Teacher.

A village parish clerk who employed a grammarian to teach his daughter heard him with much surprise define the use of the articles "a," "an" and "the."

"You cannot place 'a,' the singular article, before plural nouns. No one can say, 'A houses, a horses, a'—"

"Hold there!" said the parish clerk. "I must contradict you in that. Don't I at church every Sunday say 'Amen?'"—London Mail.
