#### Crawford County Girls Ready for the Contest.

The Review gives an opportunity to young ladies of this city and county to participate in their most liberal offer. The Review's Big Popular Voting Contest, which has been launched, is well worth the consideration of the young ladies.

The Review has conducted several contests, and in each instance has stood for a square deal and as fair to each and every contestant. In all previous contests the young ladies taking part have been satisfied at the close, knowing full well that each received the same impartial treatment. For this reason all of the many young ladies of Crawford county who enter our present contest may rest assured that all have an equal opportunity.

Since the first announcement of our big contest many nominations have been received. Everybody is now talking of the big contest and many inquiries have been received for more complete particulars. This, our present contest, bids fair to be the largest ever conducted in this section of the state. Why shouldn't it when you consider the magnificence of the prizes offered.

It will be an easy matter for the candidates to pile up big votes. No difficulty will be experienced in getting subscriptions. There are fifty reasons why the Review is the best paper in the county, any one of which carries enough weight to secure a subscription.

The time is now. The place is Denison and the Review is the medium whereby everyone can utilize excess energy in doing a good turn for some particular friend and, incidentally, bringing pleasure to others through placing the Review in their homes.

As stated before, every candidate has an equal showing. The Review contest is conducted absolutely on the square and is one that will appeal to all lovers of enterprise and progress.

The "early bird" doesn't always make the most noise, but it is apt to get in for the big prize. It is very evident from the interest already shown that our present contest is go-

ing to go with big enthusiasm and all who are contemplating entering the race, but have not done so yet, should send in nomination blank immediately, as yet the racers cannot be said to have left the starting line. The list of candidates appears in this issue and it behooves all interested persons to inaugurate their campaign for a successful contest at once.

The contest has now just started and now is the time for you or your favorite candidate to enter. Call or write the contest manager for any information desired and he will be glad to give you full particulars and the necessary material to start in the big race for the grand prizes.

Remember, any lady, married or single, of good moral standing, residing in the county, is eligible to enter this contest as a candidate.

Do not let the number of girls nominated discourage you. We don't expect over five per cent of the girls nominated will take up the work actively, and in next week's issue there will be but a small part of the present list. A girl usually hesitates a long time before she takes up a proposition like this and there is where she loses the best time. Why hesitate about trying in this contest? It doesn't cost a cent to try, so you can't possibly lose anything, and just think what you could gain. Why, just think! By devoting some of your time to collecting and soliciting subscriptions for the Review you could become the proud owner of a beautiful \$400.00 Piano. Look at the long list of valuable prizes. You can easily win one of these prizes if you will start now and do your best for the next seven weeks.

Over \$1000.00 worth of prizes are to be given away absolutely free to the workers in this contest. Can you find a better proposition anywhere? Of course, you can't win all the prizes, but you can win a \$400.00 Piano, and that would certainly recompense anyone for a few weeks' effort, that will prove to be a pleasant diversion. It costs nothing to try and so there is no possibility of a loss, with every chance to gain. Try a few

days and you will realize how easy it is to win one of our valuable prizes.

You have been presented with the opportunity of a lifetime. It's up to you to take advantage of it. Opportunity will knock at your door but once—here it is. Are you going to take advantage of it? To accomplish anything worth while in this life requires an effort. Are you willing to do your part?

We will make the first count of votes next Tuesday evening at 7:30 and publish it in next week's issue. Turn in all your collections before that time and do your very best to head the list in the first count of votes.

The girls among the candidates who do not intend to try, would confer a favor on the contest manager if they would let him know their intentions regarding the contest. In this way we will be able to get the list cut down to the actual workers.
