Regarding Sunnyside Coal

The following is an extract from a letter received from the Sunnyside Coal Company.

CHICAGO, ILLS., 7-28-1911.

STEWART LUMBER CO.,

Denison, Iowa.

GENTLEMEN:--

We received to-day an order from one of your competitors to ship a car of washed egg to them at Denison. We replied as follows: "We cannot accept your order as we have an exclusive selling arrangement with the Stewart Lumber Co. at Denison."

Signed

SUNNYSIDE COAL CO.

This letter shows the light in which our competitors view this excellent Coal.

If you have never tried it, it will pay you to do so. It is made in two sizes—Egg size for the furnace and large heating stoves, and Nut size for the range and small heaters. Looks like hard coal. We are also taking orders now for

Wonderland, West Virginia Splint, Hocking, Illinois Lump, and Boone, Hard Coal and Coke, and will make low prices for August and September deliveries. Get our prices.

MILLION DOLLAR STOCK PARADE.

Iowa people who have never witnessed the great stock parade which is always held on the last day of the State Fair have missed the sight of a lifetime. It is worth more to go than to catch a glimpse of a coronation parade or an inaugural display. The horses and cattle that have won the ribbons are brought out and marched before the amphitheater, each animal with his evidences of prize winning, each one groomed perfectly, and all carefully handled. The visitor gets a chance to compare herds and breeds as well as individual animals. Only the best of the animals are shown. Their value may easily reach a million dollars; for the Iowa State Fair attracts the very best herds in the world and a larger number of prize winning horses and cattle than ever come together at any other place.

Races at Iowa Fair.

The races at the Iowa State Fair commence Saturday, August 26th, and there will be six days of racing with the finest field of horses ever seen in the state. The purses aggregate about \$15,000, which calls for the speediest animals that are on the circuits. The program is complete in every detail and in addition to the races there will be splendid concerts and choicest vaudeville entertainments before the amphitheater. It is the race event of the year in Iowa.

Wrights Return To Iowa.

The Wright brothers, inventors of the aeroplane, will come back to Iowa this year and show Iowa people what success has been attained in the perfection of the devices for flying. The Wrights have worked hard and faithfully to make their machines the most perfect in the world. They were the pioneers and have the satisfaction of knowing that every other machine that makes any pretense of flying is patterned after theirs. They will be at the State Fair a whole week and will send their best birdmen up every day.
