Coming To Denison

United Doctors Specialists

WILL BE AT THE Hotel Denison Friday, April 5th, 1912

ONE DAY ONLY

THE REMARKABLE SUCCESS

of These Talented Physicians in the Treatment of Chronic Diseases

Offer Their Services Free of Charge.

The United Doctors, licensed by the state of Iowa for the treatment of deformities and all nervous and chronic diseases of men, women and children, offer to all who call on this trip, consultation, examination, advice free, making no charge whatever, except the actual cost of medicine. All that is asked in return for these valuable services is that every person treated will state the result obtained to their friends and thus prove to the sick and afflicted in every city and locality, that at last treatments have been discovered that are reasonably sure and certain in their effect.

The doctors are considered by many former patients among America's leading stomach and nerve specialists and are experts in the treatment of chronic diseases. So great and wonderful have been their results that in many cases it is hard indeed to find the dividing line between skill and miracle.

Diseases of the stomach, intestines, liver, blood, skin, nerves, heart, spleen, kidneys, diabetes, bed wetting, leg ulcers, weak lungs and those affected with long-standing, deep-seated, chronic diseases, that have baffled the skill of the family physician should not fail to call.

According to their system no more operations for appendicitis, gall stones, tumors, goiter or certain forms of cancer. They are among the first in America to earn the name of the "Bloodless Surgeons," by doing away with knife, with blood and with all pain in the successful treatment of these dangerous diseases.

If you have kidney or bladder troubles bring a two-ounce bottle of your urine for chemical analysis.

Deafness often has been cured in sixty days.

No matter what your ailment may be, no matter what others may have told you, no matter what experience you may have had with other physicians, it will be to your advantage to see them at once. Have it forever settled in your mind, if your case is incurable they will give you such advice as may relieve and stay the disease. Do not put off this duty you owe yourself or friends or relatives who are suffering because of your sickness, as a visit at this time may help you.

Remember, this free offer is for this day only.

Married ladies must come with their husbands and minors with their parents.
