Do You Use Parowax

It saves hours of time and work.

It is pure, tasteless, harmless.

In Canning Time

Melted Parowax seals fruit jars, catsup bottles, jelly or preserve glasses absolutely air-tight, so that the contents keep fresh and delicious for a long time.

Every Week in the Laundry

About one-quarter of a cake of Parowax is shaved into the boiler of soiled clothes—it gently loosens the dirt from the fabrics, and no hard rubbing is necessary. White clothes come out snowy white—no yellow tinge when Parowax is used in the washing. Fine table linens and lacy waists come from the tub looking like new.

Make sure you have some ready for wash-day.

For sale everywhere by all reputable dealers.

Write for free book of Mrs. Rorer's recipes on "Canning and Preserving."
