THE DENISON REVIEW

Weather Forecast—More snow within 24 hours. Falling temperature to follow.

VOLUME 48

DENISON, IOWA, WEDNESDAY, MARCH 26, 1913.

No. 13

Crawford County is Storm Swept All Sections of County Visited by Severe Wind Storm on Easter Evening.

One of the most terrific storms in the history of Crawford county occurred Sunday evening about 6 o'clock, when the wind blowing a fierce gale took on an aspect of a first-class tornado, which seemed to follow a path through Washington, Nishnabotny and Hayes townships, blowing down buildings before it and causing damages that will run up into the thousands of dollars. At the time of going to press authentic reports from the afflicted district are meager and the exact extent of the storm is unknown.

Easter day came to a close disastrously for scores of Crawford county farmers residing in the southern part of the county. About 6 o'clock the skies became overcast with dark and threatening clouds, which in the course of a few minutes assumed a very ashen color and indicated a storm of no mean proportions. The wind blew a fierce gale and houses wrecked with the wind and many who were provided with storm caves took refuge in them.

The dull roar of the wind could be distinctly heard, but seemingly passed high over head at this place and for that reason very little destruction was caused in Denison or its immediate vicinity. A deluge of rain fell later in the evening as the storm abated.

Possibly on account of the reports of the terrific destruction in other sections of the county friends who lived at a distance telegraphed here for information regarding the storm in this locality. Mr. Hugo Gebert received a message Tuesday afternoon from Fred Soehl, who lives at Guthrie, Okla., asking him as to the safety of his parents, Mr. and Mrs. Peter Soehl.

Mr. Sears McHenry received a message from Mrs. Carrie Wygant

Pollard from Boston asking how her friends in Denison had weathered the storm.

However, no great damage was done in the city of Denison outside of one or two outbuildings being toppled over.

Up to the time of going to press we have received the following news from afflicted districts:

Buck Grove.
From our correspondent at Buck Grove we have received news that Mr. Thomas Noonan, who lives on a farm in Washington township, sustained considerable loss and he, together with his wife and daughter, were injured, but none of them seriously. His farm buildings were almost completely demolished. The walls of the kitchen were blown down, the roof over the rest of the house twisted off and the building turned around on its foundation. There were eleven people in the house at the time and fortunately only three received injuries and they have been taken to the neighbors where they are being cared for. Mr. Noonan's barn, together with all other outbuildings with the exception of one double corn crib, were completely carried away and one horse killed. The barns and outbuildings of neighbors were destroyed.

Southwest of the Noonan farm, where Mr. Stinn lives, all the outbuildings were destroyed, but the house escaped damage.
On the O'Leary place, occupied by Mr. Swartz, all outbuildings are gone.
Dan Lehan, who had just completed building a new cattle shed, lost the entire building, which is strewn for miles around.
George Harner had the end of his barn blown away and a major part

of his machinery destroyed and the porch of his house was wrecked.

Gus Arnold, who lives southeast of Buck Grove, lost two barns and some stock.

Herman Steinkuehler, south of Buck Grove, had a barn destroyed and some stock killed, but at the time of going to press we have not been able to learn the exact amount of damage done.

Between Buck Grove and Manilla the storm was severe and a great deal of damage was done. Trainmen on the Milwaukee report considerable damage along the right of way and it is a common sight to see straw and hay stacks perched in trees and whole orchards on the wrong side of the track.

Manilla.
From our correspondent at Manilla we find that it is almost impossible to learn the details of the damage done by the storm on account of the telephone wires being down and details are scarce. Residents of Manilla have made trips to sections visited by the awful storm and report as follows:
The Wm. McCracken farm sustained great damage. The roof and side of the big double corn crib was torn off. The roof was torn from the barn and all outbuildings damaged.
Wm. Goddard farm—roofs torn off barn and all outbuildings.
Winey farm—all outbuildings on the place were completely demolished.
Flint farm—new barn recently erected was completely turned around and the shingles stripped from the roof.
John McLaren farm—roof torn off house, but no outbuildings destroyed.
Thos. Hickey farm—buildings were a total wreck; two barns, hog sheds, double corn crib, machine shed and chicken house smashed to kindling wood. Mr. Hickey lost 9 head of cattle, 12 hogs and all his chickens; 26 windows were blown out of the house and an enclosed porch badly damaged. The three large barns on the Homer

MISS CHAMBERLIN AGAIN HONORED

Wins First Place at Seventh Annual Contest, Held at Spencer Friday, March 21st.

NOW FOR THE STATE CONTEST

Miss Chamberlin Receives Congratulations of Many Denison Friends, Who Wish Her Success.

The Denison high school again won honors when its contestant, Miss Ethel Chamberlin, won first place in the humorous class at the Seventh Annual Declamatory Contest of the Northwest Iowa Declamatory association, which was held at Spencer on Friday evening, March 21st.

The winning of first place in the humorous class at Spencer Friday evening entitles Miss Chamberlin to entry in the state declamatory contest, which is to be held at Malvern on Friday evening, April 11th, to which place she will go and represent the Denison high school and possibly will bring back the medal for the champion declaimer of the state.

There were four contestants in the humorous class at the contest on Friday evening, all of whom were the best declaimers of the high schools of the district and had spent days in careful training to win laurels for their schools, but none of them, according to the decision of the judges, equalled Miss Chamberlin, who gave her selection, "A Woman's Bright Invention," with which she had won first place in the two preceding contests. The selection is especially adapted to Miss Chamberlin and gives her wide range to bring out her excellent ability.

In the oratorical class Mr. Edwin Bjornstad, of Spencer, was awarded first place by the judges and Mr. Fred Dubbert, of Logan was given second place. Mr. Arthur Payne, of West Side, contested in the oratorical class at Lake City, winning second place, but owing to the fact that Lawrence Drain, who represented the Missouri Valley high school, was out of the

jurisdiction of the district, first place was given to Mr. Payne.

First place in the dramatic class was awarded to Miss Grace S. Richmond, second place going to Alice Boyd, of Glidden.

Miss Chamberlin is to be congratulated on her success in gaining a place in the state contest, and those who are most familiar with her delivery inform us that her chances are exceedingly good for winning a place in the coming contest. She will receive considerable training before the final contest takes place under the direction of Miss Martha Hugg, who has so ably coached her. Miss Chamberlin's many Denison friends are highly elated over her success and are all hoping and in fact believing that she will return from Malvern with still greater honors. We understand that a number of her schoolmates and teachers will accompany her to Malvern and endeavor to cheer her to victory.

Mr. and Mrs. Jas. McKim have returned from their winter's sojourn in California, having spent a most enjoyable winter. They visited for some time in Whittier at the home of Mr. and Mrs. Pete Christiansen. Mr. Christiansen has a ranch of twenty acres four miles from Whittier, and has just completed a new set of buildings, and while there Mr. McKim assisted in laying out the walks and arranging the landscape. There are five acres of bearing English walnuts as well as a number of orange and lemon trees on the ranch, and Mr. Christiansen is much pleased with his new investment. Mr. McKim reports a great deal of damage done to the fruit of California by the severe freeze in January, and says the ground is laden with oranges and lemons that have dropped from the trees. He and Mrs. McKim attended the Iowa picnic and met many of the former Crawford county people and all had a most enjoyable visit. Mr. and Mrs. McKim arrived home in time to celebrate their thirty-fifth wedding anniversary, which was done at Deloit last week, when a number of their friends assisted in the celebration.

C. C. Kemming was a business visitor in Omaha Tuesday.

TEACHERS HOLD BIG MEETING

Over One Hundred in Attendance at Saturday's Meeting, Notwithstanding Bad Roads.

MRS. MITCHELL GIVES A TALK

Other Papers by County Teachers Prove Interesting and Instructive—Sessions at High School

In the neighborhood of one hundred and fifty teachers of the Crawford county schools were in attendance at the teachers' meeting, which was held at the high school building in this city last Saturday and from all reports it was one of the most successful meetings ever held in the county. No doubt the attendance would have been much larger had it not been for the poor condition of the roads which made it almost impossible for some teachers to attend.

The program as carried out was both educational and interesting and had been prepared with the needs of all teachers in mind and rural teachers as well as grade teachers found much benefit from the numerous lectures which were delivered, and no doubt were greatly benefited by attending the meeting.

The day's program opened with round table sessions, but all of them adjourned to meet with the rural teachers' section which was under the leadership of Mrs. Hattie Moore-Mitchell of the Drake university faculty. This was not Mrs. Mitchell's first visit to Denison as a lecturer and teachers were sufficiently familiar with her work to be anxious to attend her lectures which proved as beneficial as heretofore. At this session Mrs. Stanley Brown discussed "Agriculture in the Rural Schools," and told how effectively she was carrying out this work in her school. Most of the scholars in her school have tested the seed corn and oats for their fathers' spring planting and have learned how to do this while attending school.

Hand Tailored Men's Suits

It is the desire of every man in buying a new suit to get one that fits well, and will hold its shape. Whether or not you want one of the most extreme styles, the fit and quality are absolutely essential. We want you to come in and look at our line of men's suits. Notice the materials that we are using, feel how softly tailored the collars and fronts of our coats are. You will find all the difference in the world between our garments and ordinary ones. The accompanying illustration shows one of the new English garments. This suit is cut to close fitting lines. The coat is shaped so as to bring out the natural curves of the body. The trousers are cut very close. The vest is six button, and fits up well on the chest. This model can be had in suits ranging from \$18.00 to \$25.00. Other suits are priced at

\$8.00 \$12.85 \$16.50

Men's Spring Shoes

We are showing this week some of the very late styles in English low shoes for men. These shoes come in gun metal and Russia calf. To appreciate the good fitting qualities and styles that are made up in these shoes, you must come in and try them on. Priced at \$3.50, \$4.00 and \$5.00. Other shoes priced at \$1.98 and \$2.98.

MEN'S \$3 SPRING HATS ONLY \$1.98

We offer this week 300 high grade hats in stiff and soft felts. These hats come in all of the newest shapes and highest grade felts. Every one is absolutely guaranteed. \$3.00 values only \$1.98. \$2.00 values only \$1.39. \$1.50 values only 98c. \$1.00 values only 69c.

New line of Spring Neckties just opened. Regular 50c values, specially priced at **29c**

Special Sale Silks and Wash Goods

We are offering for Friday, Saturday and Monday some of the greatest values in silks and wash goods that have ever been shown in Denison. Compare these prices.

- One lot of Cheney Bros. guaranteed spot proof foulard only 89c per yd.
- One lot of fancy silks, values up to \$1.00, only 59c per yd.
- One big lot of foulards that usually sell up to 90c, 24 in. wide, only 59c and 49c per yd.
- Silk finish poplins only 21c per yd.
- One big lot of fancy white wash goods, special values at 24c, 19c, 15c and 9c.
- 2,000 yds. of regular 12 1/2c dress gingham, only 7 3/4c per yd.

Fine quality gingham, a countless number of beautiful patterns specially priced at 9 1/2c per yd. 45 in. flouncing embroidered voile, regular \$1.00 value, only 59c per yd. We are offering some very special values in laces this week, that you should not overlook. High grade torchon lace, one of the most popular this season, values up to 10c, only 4 1/2c per yd. Imported val lace, special values at 1 7/8c, 3 1/2c and 4 3/4c per yd. Our prices on lace orders will save you nearly one-half. We offer this week 1,000 yds. of pure silk ribbons, width about 4 in. This ribbon always retails for about 15c per yd. Specially priced this week at only 7 3/4c per yd.

R. & G. Rustless Corsets

There is nothing that goes to prove the superiority of a garment more than to know the class of people who are wearing it. One of the essential reasons a corset is worn is that it will give the figure lines that the latest fashions dictate. Now a corset that will do this and still be perfectly comfortable to wear, there is no question about it appealing to the better dressed lady. Some of the most noted actresses on the American stage will wear nothing but the R. & G. Rustless Corsets. We will furnish their names on request. We have corsets to fit your figure.

Prices \$1.00, \$1.50, \$2.00 and \$3.00.

Spring Millinery

Very specially priced this week. We offer this week one hundred beautifully trimmed hats in the most fashionable styles for spring and summer wear. One big lot, regular \$7.00 values only \$4.48. One lot regular \$6.00 values only **\$3.48**
