Make Shabby Surfaces Like New

Step outside and look at your home from your neighbor's viewpoint. How many articles does your neighbor see that are marred, scratched or shabby? How many floors are rough and porous and hard to keep clean? Which room could be brightened up and made more cozy?

All these can be made like new and at trifling cost by using a few small cans of Lincoln Paints or Varnishes. Our "Home Painting Jobs" booklet tells you how you can do it yourself. Ask for it--it's free.

We have a Lincoln Paint, Varnish, Stain, Enamel or Finish for every surface, new or old, indoors or outdoors.

Already we hear considerable talk about Schleswig having a Harvest festival this fall. It is none too early to talk about the event, and keep talking about it till it is actually pulled off. Last year Schleswig did herself proud in entertaining the people for two days, and this year we should make it three.
