

The council Monday evening sent out a "clean up" call. Are you it?

THE DENISON REVIEW

Each property owner should show interest in our city—Cut the weeds.

VOLUME 48

DENISON, IOWA, WEDNESDAY, JUNE 4, 1913.

No. 23

AUTOMOBILE TURNS TURTLE

Car With Mrs. F. P. Nixon and Daughter, Driven by F. A. Auld, Overtakes on Boyer Bridge.

OCCUPANTS ARE BADLY BRUISED

Car Was a Ford, and Driver Claims to Have Been Running About Forty Miles An Hour.

Three passengers in a Ford automobile, traveling at the rate of forty miles an hour, met with an accident on the big iron bridge over the Boyer river just west of the Illinois Central station on Sunday afternoon, and barely escaped being pitched into the stream, twenty feet below, when the car turned turtle. Only the heavy side rails of the bridge saved the machine from plunging into the river. One member of the party was pinned under the machine when it overturned but fortunately all escaped with but slight bruises.

The party that met with this accident was composed of F. A. Auld, Mrs. F. P. Nixon and Miss Bertha Nixon. Mr. Auld only recently purchased the auto and Sunday called at the Nixon home near Washington park and invited Mrs. Nixon and her daughter, Miss Bertha, to accompany him on a drive. They drove out on the road west of town and it was on their return trip about 2 o'clock when they met with the accident. One of the front tires of the machine was in poor condition and Mr. Auld, who was driving the car, thought best to speed up on the fine road just this side of the Lehfelt farm and come to town for a new tire. This is an excellent strip of road and when the machine got to the bridge Mr. Auld said they were traveling at the rate of forty miles an hour. The car struck the bump on the approach to the bridge and it is supposed that the driver lost control of the machine. The auto swerved to the left and struck the railing, breaking one of the heavy planks and at the same time the right front tire broke, which undoubtedly caused the machine to turn turtle. The driver was thrown from his seat to a distance of about fifteen feet, but escaped injury. Mrs. Nixon was thrown a few feet, while her daughter was pinned beneath the machine. Mr. Auld, with the help of Mrs. Nixon, extricated Miss Bertha from under the machine and a rig which was passing took the party to their home. A physician was called to administer medical aid. Miss Bertha sustained a badly bruised arm and limb and her mother was badly bruised about the chest and shoulders.

The occupants of the machine are to be congratulated on their lucky escape, for had it not been for the heavy side rails of the bridge the party would undoubtedly have plunged into the river and may not have escaped with their lives.

Motorists should be cautious of this bridge on account of the poor condition of the approaches, then, too, the traffic over this road is heavy and drivers should travel at a reasonable rate of speed in order that such accidents may be avoided.

Sunday seemed to be a "Jonah day" for motorists in this locality in the way of accidents.

Mr. F. H. Bolten, who was driving his car with members of his family, met with an accident on the corner of Main street and Railroad avenue that caused considerable damage to his car.

Mr. Bolten was returning from Arion and when turning the corner of the streets mentioned the steering gear of the auto went out of commission. The car fortunately was not traveling at a high rate of speed, but on account of the break in the steering gear the car followed in an irregular path around the corner and when the alley in that block had been reached it made its way to a dray wagon that had been left standing in the street. Mr. Bolten had put on the brakes, but the machine did not stop until it had smashed into the wagon. The radiator and head lights were smashed to smithereens, but the occupants escaped without injury.

Mr. Chris Groth was operated on at a hospital in Omaha last Friday. The operation was a minor one and from all reports the patient is getting along nicely.

WILL REOPEN SATURDAY.

Germania Opera House Again Ready for Occupancy—Picture Show Saturday Night, June 7th.

The Germania opera house will again be opened to the public on Saturday evening. The Improvement company has made some extensive improvements to the building and it is in much better condition than before it was removed to its present location. A new stage of ample size to accommodate public speakers and entertainers has been built, new floors laid, and where the plastering was bad new plaster has been put on. The entire west roof has been resingled and new steps to the entrance built. The cement foundation is very substantial, and when the floor to the basement is completed a very suitable place for stock shows and the like will have been provided. Even after the opera house is completed the Improvement company will have many opportunities of renting the Germania. Manager Krauth has an announcement in this issue, which will be found on page 5.

S. U. I. COMMENCEMENT.

Three Hundred Sixty-Four Young Men and Young Women to Receive Their Diplomas.

Iowa City, June 4—(Special to the Review)—Equipped with a college education, three hundred and sixty-four young men and young women will be graduated from the State university June 11th. Judge John Campbell, of Denver, Colo., a graduate of 1877, will deliver the commencement address and John G. Bowman, president of the university, will deliver the baccalaureate sermon.

Iowa naturally leads by a wide margin all other states in the number of graduates. There are, however, seniors from the states of Maine and Washington, also from India. The class is divided among the different colleges as follows: Liberal arts, 161; dentistry, 32; medicine, 16; engineering, 31; pharmacy, 17; law, 46; homeopathic medicine, 5; fine arts, 2; nurses, 5; homeopathic nurses, 3; graduate and other colleges, 46.

Those graduating from Crawford county are: Hoyt Cooper, liberal arts, Manilla; Forrest C. Reed, liberal arts, Manilla; James D. Sims, liberal arts, Denison; Mariana Sims, liberal arts, Denison; Morris H. Wilkinson, liberal arts, Denison; Earl A. Hoffman, law, Denison.

DEATH OF MRS. GEO. BECK

Aged German Lady, Resident of This County Since 1883, Succumbs to Illness at Her Home Here

Mrs. Caroline Margaret Henrietta Beck, wife of Mr. George Beck, Sr., passed away at her home in this city on last Wednesday, May 28th, at 1:30 p. m., after a lingering illness of several months' duration. Mrs. Beck had been suffering for some time with a malignant growth and although under medical treatment very little could be done to benefit her.

The deceased was born at Petersdorf, Holstein, Germany, Feb. 2, 1844, being at the time of her death 69 years, 3 months and 26 days of age. She was united in marriage to Mr. Henry Marwey, who died shortly after the marriage. In 1871 she was united in marriage to Mr. Geo. Beck at Geneseo, Ill., and to this union six children were born, all of whom survive.

In 1883 Mr. and Mrs. Beck came to Crawford county and located on a farm in Hanover township, here they remained until a few years ago, when they moved to this city, where they have since resided.

Beside her beloved husband she leaves to mourn her death her children, namely: Mrs. John Rohr, of Rock Island, Ill.; Mrs. John Marolf, of Denison; Mr. Detrick Beck, of Minnesota; Mrs. Henry Duncan, of Paradise township; George Beck, Jr., of Hanover township, and Mrs. Louie J. Koch, of DeSoto, Iowa.

Funeral services were held at the German Lutheran church last Friday afternoon at 2 o'clock, the Rev. Wm. Frese officiating, after which interment was made in the Lutheran cemetery.

The Review joins with a host of friends in extending their heartfelt sympathy to the bereaved family.

J. W. Miller, Jr. visited his parents in Manning recently.

STATE COMMISSION FOR KIRON ROAD

Board Decides to Leave Matter of Choosing Road to Kiron With State Road Commission.

HEARD PETITIONS YESTERDAY

Many Citizens From Kiron and Stockholm Township Appear Before Board on Road Matter.

The board of supervisors put in a very busy afternoon on Tuesday, when the matter of listening to petitions for changes in the "official county roads" came up. The road leading from Deloit to Kiron was discussed the greater part of the afternoon. Early in the morning citizens from Kiron and immediate vicinity arrived in Denison. Later in the day some sixteen or eighteen more came down in autos and presented the section line road proposition to the board.

Those interested in the Newcom hill road, to the number of thirty, also appeared before the supervisors and presented their claims. Speeches were made for the section line road by Messrs. E. P. Sievers, Will Linberg and Ben Beaman, while for the Newcom road Messrs. S. N. Sandstrom and John Riggelman appeared.

The Kiron contingent claim the section line road from Kiron to Denison is four miles shorter than the Newcom hill road and the other side of the controversy say the Newcom hill road can be made and maintained at considerable less expense.

The board of supervisors decided to call in the state commission and expert engineer and place the matter in their hands. The commission will be asked to visit the roads at the earliest possible moment, as both highways are in need of repairs.

Miss Jessie Luney and Miss Eunice Meyers will graduate from the kindergarten department of Drake University next Wednesday. Mrs. Jas. Armstrong is planning on going to Des Moines next week and attending the commencement exercises.

MEMORIAL DAY DULY OBSERVED

Program As Previously Published Carried Out in Detail—Nothing to Mar the Occasion.

J. B. WEAVER DELIVERS SPEECH

Afternoon Exercises Held in Presbyterian Church and Were Largely Attended by Our Citizens.

Memorial day was fittingly observed in Denison last Friday, both at Oakland cemetery in the forenoon and at the Presbyterian church in the afternoon.

The procession was formed on West Broadway at 9:30 under the supervision of J. B. McClellan, who acted as marshal. The parade was an orthodox memorial day parade and was made up of the Sons of Veterans, Women's Relief Corps, civic societies and best of all, the veterans of the grand army, who rode in autos. The early morning shower put the roads in such poor condition that many who had planned to be present at the cemetery were unable to do so. On the arrival of the procession at Oakland cemetery the program as planned was carried out. The quartet sang a beautiful selection as the first number on the program. John L. Richardson, post adjutant, read Lincoln's Gettysburg address, after which the Woman's Relief Corps paid homage to the unknown dead in a very fitting manner. After this the Sons of Veterans fired the usual salute. After the decoration of individual graves of deceased comrades the procession made its way back to the city.

The afternoon exercises were held in the First Presbyterian church and were called to order by W. A. McHenry, Past. Dep. Com. G. A. R. After the invocation the quartet rendered a beautiful selection and John L. Richardson, post adjutant, read the roll of honor. Hon. J. B. Weaver, Jr., of Des Moines, was the speaker of the day, and his address was one of the strongest pleas for patriotism that could be made. The large audience that had congregated listened

with rapt attention to his masterly address. The afternoon program closed with music by the quartet and the benediction.

Each year when the roll call is had a fewer number of the old soldiers are here to answer; each year a fewer number march to the cemetery to take part in the exercises of the forenoon, and it will not be many years when there will be no old soldiers to answer the roll call. It must not be imagined that because they are not here their lives and services are not of vital influence in sustaining the government and its institutions. Although they will pass from sight they will still live in memory and their lives will be an inspiration to oncoming generations and a guarantee that the work which they so nobly begun will be perpetuated.

HERBERT FULLER MARRIED.

Popular Grocery Clerk at Balle-Brodersen Co. Store Marries Miss Minnie Hofert.

Herbert Fuller, the accommodating clerk in the grocery department of the Balle-Brodersen store, and Miss Minnie Hofert surprised their friends by being quietly married at Dow City last Sunday morning. While it was generally known that the wedding was to take place in the near future, not one of their friends were aware that it was to happen so soon, so well did the young people keep their secret.

The happy young couple left Denison on an early train Sunday morning and went to Dow City, where they were married by Rev. Joseph Stephen, pastor of the Methodist church at that place, at 8 o'clock. It was not long before the news leaked out and friends in Denison were told of the marriage.

Mr. and Mrs. Fuller returned to Denison last evening and for the present will make their home at E. O. Theim's until they are able to find a place to rent.

L. C. Craven, of Onawa, motored to Denison Tuesday for a visit with his many Denison friends. Mr. Craven was a former resident here, but is now engaged in the real estate business in Onawa.

CLASS PRESENTED WITH DIPLOMAS

President Seerley, of Iowa State Teachers' College, Delivers a Splendid Address to Class.

PRES. HELSLEY GIVES DIPLOMAS

Misses Albert and Giss Received Teachers' Certificates in Normal Course Department

On last Wednesday evening, the members of the class of 1913, of the Denison High School, together with relatives and friends gathered at the Methodist church to hear President Seerley, of the Iowa State Teachers College, in his masterly address to the class.

The church was well filled with an attentive audience, all of whom were greatly impressed with the speaker of the evening. The address was fine. President Seerley in speaking to the members of the class urged all who could possibly do so to further their education by attending some college or university. He was of the opinion that every young man and woman should follow a course of study and be efficient in any line which they intend to follow. He told of the benefits that are derived from a college education, and before he finished his address, we doubt whether a single member of the class were not willing to make the effort to attend some college or university.

At the close of President Seerley's address, Superintendent E. W. Fellows made a few very appropriate remarks, and did not fail to mention the Misses Albert and Giss, who received teacher's certificates in the normal course. This is a new department in the high school and these young ladies are the first to receive certificates.

On behalf of the school board, Mr. Albert Helsley, President of the Board presented the diplomas to the members of the class.

During the evening the high school chorus rendered several beautiful selections.

(Continued on Page Six.)

ANNOUNCEMENT

Lines from the J. L. Kesner Co. stock of New York City, bought by our David Menagh, will be placed on sale next week. Watch our advertisements for particulars. Every person interested in the buying of merchandise should be prepared to take advantage of the bargains that we will offer at this time. Goods will be offered at prices that have never been heard of in this territory.

Special values are being offered this week in departments that will mean a big saving to you on every purchase.

Warm Weather Refrigerators

This week we place on sale three different distinct lines of refrigerators, divided into three lots.

Lot No. 1 is a small but very serviceable box, has 40 pound ice capacity, ice chamber is fed from the top, two shelves at the bottom and the box has a complete circulation. Specially priced this week at

\$6.98

Lot No. 2. Our No. 100 refrigerator has 60 pound ice capacity, very large and roomy, double circulating, extra well made and is a great value, specially priced at

\$11.98

Lot No. 3 is a regular \$25.00 box, white enamel lined, ice chamber is at the side and fed from the front. This double circulating box specially priced this week at

\$21.95

Warm Weather Hammocks at a Great Saving of Money

We place on sale 15 Hammocks made up in the very best colors in three different distinct lots.

Lot No. 1, a \$3 hammock at

\$1.98

Lot No. 2, a \$4 hammock at

\$2.98

Lot No. 3, a \$5 hammock at

\$3.98

Grocery and Meat Specials

Fancy Apricots, No. 3 cans, regular 20c cans, 2 cans for

Corn Flakes, per package

Laundry Starch, regular 8c per package, 2 packages for

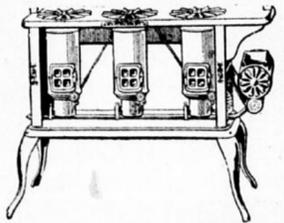

Tomatoes, solid pack No. 3 cans, regular 15c seller, 2 cans for

Standard Corn, regular 10c goods, 4 cans for 21c Per dozen cans

Home rendered Lard, in lots of 10 pounds or more, per pound

Perfection Oil Stoves Specially Priced This Week

We offer for sale 15 Perfection Oil Stoves in the two, three and 4 hole burners.

The three hole we are specially pricing at

\$8.35
