While in Denison he called at the Review office and asked to have his local ad which was published in the past two issues of the Review discontinued. Mr. Robinson is a firm believer in Review advertising and stated that the three line local was the means of his disposing of several high-grade bulls. Mr. Robinson said: "It seems to me that more of the farmers should use these local ads to dispose of their surplus stock. For 15 cents I can tell more people through your paper about what I have to sell than I could see personally in several weeks. It is the only way for the farmer to dispose of stock quickly and then the cost is so trivial. The little ad in your paper sold several bulls for me."
