## Dow City News

A pretty wedding was solemnized at the home of Mr. and Mrs. E. L. Thomas last Wednesday, July 9th, when their daughter, Grace Clara, became the bride of Earl Chase, of Buck Grove. At the appointed hour the bride and groom took their places and Rev. J. Jas. DeFree, of the Presbyterian church of Denison, spoke the words that united the hearts and hands of these two young people for life. The immediate family of the bride, together with Miss Lucy Miles, of Dunlap, were the only ones present to witness the ceremony. The bride was attired in a simple gown of cream voile trimmed with shadow lace and carried roses. The groom wore the conventional black. The house had been prettily decorated for the occasion, yellow daisies, roses and carnations being used. After the ceremony was concluded a bountiful wedding supper was served. Miss Thomas is the eldest daughter of Mr. and Mrs. E. L. Thomas. She has grown up in our midst and is accounted one of our finest young ladies. Her life may well be likened to the clean, spotless pages of a new book, and she is of such a sweet temperament that she endears herself to everyone she comes in contact with. Mr. Chase has certainly secured a jewel. She is a graduate of our high school and has taught a number of terms of school here and at Bancroft in the city schools. Mr. Chase comes from Buck Grove and we are not personally acquainted with him, but we hear him spoken of as a model young man and one who is worthy the bride he has won. They begin married life under most favorable conditions. They will make their home on the Chase farm south of Buck Grove, where they will be at home to their friends after September 1st. ## Dr. Stockdale's Letter to the Public

On Thursday, July 24th, I will be in my office at the Hotel Denison, from 9 A. M. to 6 P. M.

I will be prepared to examine, free of charge, and give treatment to those who are suffering from chronic diseases.

This is the day of specialties. No one man is able to know of all the intricacies of the ailments that the flesh of man is heir to. For more than twenty years I have been devoting all of my time and energy to the study of chronic diseases. I have learned many things about them and how to successfully combat them, that are not generally known and taught in medical schools.

It would not be possible for me to spend all of my time in any one locality because of the enormous demands upon me. There are sufferers in every part of the state who have called upon me, and for this reason I can only devote a part of my time to each of the various sections of the state where I am most needed.

For twenty years I have devoted my life to the treatment of stomach troubles, liver diseases, rheumatism, bladder trouble, diseases of the kidneys, chronic catarrh in all its forms, heart and nerve troubles, and similar chronic diseases, and I bring to you a knowledge of these ailments that enables me to successfully treat and cure the cases that I undertake.

With my treatment I am able to cure many cases that have resisted other treatments for years, and which physicians generally might consider incurable. I will not promise a cure nor undertake a case unless I believe that I will be successful, and I will tell you candidly after I have made the examination just what you may expect. I have a special treatment for general weaknesses of men that can be explained in person.

It will cost you nothing to get my opinion and advice. My charges for treatment are nominal. If for any reason you cannot call at the hotel, write to my office in Des Moines for an examination blank.

Sincerely,

### Dr. B. A. Stockdale.

Dr. Stockdale may be seen at his Des Moines office in the Utica Building on Mondays and Saturdays.
