N. Lee were down from Arion Thursday evening attending the play, "Dora Thorne." Claude Wiley, whose illness from inflammatory rheumatism was reported last week, continues about the same, no material change having been noticed, and the lad continues to suffer greatly. Many friends sincerely hope for a speedy change for the better. Mrs. Tom Swatman and daughter, Mrs. Woodford Jobe, were up from Dunlap Saturday visiting friends and relatives. C. H. Mrs. James Pearsall, Jr. was called to Mitchell, S. D., Friday on account of the serious illness of her sister, who is in a hospital there. Earl Ettleman was up from Dunlap Saturday shaking hands with old friends. On account of the special evangelistic meetings announced to begin at the Baptist church November 30th, under the leadership of Rev. J. A. Pettit, of Des Moines, it has been decided not to hold the bazaar, which was planned for December 6th. It is to be regretted that the dates should conflict and thanks are extended to those who offered their assistance. Mr. and Mrs. W. N. McBride were down from Denison Sunday and visited with their children who live here. Lloyd Crandall, the son of Mr. and Mrs. Zack Crandall, who live north of town, had one of the bones in his forearm broken at the wrist about two weeks ago and although the arm continued very lame from day to day it was not discovered until last Thursday that the arm was broken. On Friday he accompanied his mother to Woodbine, where a physician used an X ray and found that the ends of the bone were knitting perfectly. He put the arm in a cast and it seems to be

doing nicely. It was feared that the ends of the bones might not be joining straight and that the arm might have to be rebroken and set straight. The accident occurred when he fell under the wheel of his wagon while trying to keep his team from running away. Mr. John Reed was up from Dunlap Sunday visiting at the S. E. Baber home. He expects to leave soon for his home at Merriman, Neb. Born to Mr. and Mrs. John Nolan, a fine boy, November 18th. Word has been received here of the marriage of Mrs. Gertie Switzer-Carstens to a Mr. Smith at Pomona, Calif. Mrs. Smith has many friends here who will extend congratulations. A number of our citizens were in Denison Monday and Tuesday as witnesses in the damage suit of Sam Tripp against the Crawford County Telephone company, wherein Mr. Tripp claims \$5,000 for injuries received when he was dragged off a load of baled hay by a low hanging telephone wire near Mrs. S. E. Baber's residence last March. Mr. Tripp has been compelled to use crutches ever since the accident and claims permanent disability. Several others have nearly been caught as he was and it certainly is time that the condition is remedied. Mrs. Jim O'Meara was down from Denison Monday visiting the O'Meara families at this place. Mrs. Chris Vollerson has returned from Mineola, where she had been assisting in the care of a sick sister-in-law. The latter was taken to a hospital recently and Mrs. Vollerson brought two small children home with her to care for them until the mother gets strong. Rony Ettleman came up from Dunlap Sunday to visit his children, who reside here. The L. D. S. Aid society are planning on giving a supper at the church on the evening of December 13th. Miss Frieda Bartel was a Sabbath day visitor in Denison with her parents. Elder Chas. Hunt, of Independence, Mo., was in town the first of the week. Virgil Butterworth was down from his work at Denison Sunday and later went to Woodbine to visit a friend. E. C. Miller, of Muscotah, Kans., was here last week buying corn for shipment to Kansas. Bryan Brothers, Emil Flodine and several others sold their corn to him and are loading it now for shipment. The condition of Mrs. John Williamson, who has been so very ill from blood poisoning, remains practically unchanged. Everything is being done for her comfort and care that can be done, but it will take considerable time, at best, for her to make much headway toward recovery. Many friends trust she may pull through in safety. Mrs. Mary McMahon was down from Denison Saturday visiting her sister, Mrs. C. J. O'Meara. Mrs. R. A. Talcott was down from Arion last Wednesday calling on friends. Mrs. Sarah Wilson, of Moorhead, Mr. and Mrs. Perry Mann and their daughter visited Sunday at the Alfred Jackson home. Mrs. Wilson is a sister of Mr. Jackson and the two had not met for about fifteen years. It need hardly be said that the meeting was a joyous one. Mr. and Mrs. Raymond Butterworth visited Sunday at the Fred Jackson home in Shelby county. They report little Izetta Jackson as being much improved in health; also Mr. Jackson's hand that was so badly injured several weeks ago as healing nicely, but not well enough as yet to be of much use to him. Dean Talcott, of Arion, was a business visitor here Monday. Attorney P. W. Harding, of Denison, was in town Saturday looking after details in the Tripp damage suit. William Keech and family have come from Fremont, Neb., and located on one of the Howorth farms where they will work for the Howorth Brothers. Fred Wibilshouser and son were Denison visitors one day last week. Word has been received here of the death of Mrs. Mike Roy a former resident here, at the Old People's home at Lamoni, where she has been cared for for a number of years. She had been blind for several years before she was taken to the home and while there her life has been as comfortable and happy as possible. The condition of Uncle Edmund Howorth is considerably improved, and Miss Petty, the nurse, returned on Monday to Omaha. All are rejoicing at the prospect of seeing this venerable old gentleman recover his accustomed health. The Friday club were delightfully entertained at a 1 o'clock dinner at the home of Mrs. P. J. Hallowell last Friday. Over twenty ladies were present to enjoy the hospitality of the hostess. The sunshine of the day was surely reflected in the rooms, such a bright, joyous occasion it proved to be. The hostess served a sumptuous two course dinner. It is always a pleasure to be entertained at this home, and this was no exception to the rule. Mr. and Mrs. Willard Jackson, of Dunlap, were Sunday visitors in town with relatives. A traveling troupe came into town last week and put on the play "Dora Thorne," Thursday night and "Lena Rivers" Friday night, each dramatized from the book of the same name. The cast was made up of six characters and they put on a good play, considering the small stage room we have here. One grand thing about it was that not a smutty word or joke was heard. The management here is to be congratulated on the nice clean shows they secured. Let us see more of them during the coming season. Deputy Sheriff Jim O'Meara was in

town last Saturday serving subpoenas for a court case. A family gathering took place last Sunday at the Thomas Munsey home in honor of Mr. and Mrs. Percy Brown, who left the following day for Welcome, Minn., to make their home. A bounteous dinner had been prepared with a huge fat coon as the piece de resistance. To say all enjoyed the feast is putting it mildly, and a most delightful day was spent together. Mr. and Mrs. John Kepford, of Buck Grove, and Mrs. and Mrs. Ben Wingrove and children, of Dunlap, were out of town guests. Mrs. George Keairnes invited a dozen or so young folks to her home on Sunday for a surprise on her son, John, in honor of his twenty-first birthday. The surprise was most complete, the entire company having assembled before John was aware of their coming. Mrs. Keairnes, assisted by Mrs. Sarah Reynolds and Miss Edith Keairnes, of Dunlap, served a sumptuous four course dinner. Social chat and music pleasantly filled in the afternoon, after which supper was served. The young folks gave their friend a present, a set of cuff links and scarf pin, as a token of their regard, Bryce Binnal making the presentation. Mr. Keairnes responded in a few well chosen words, thanking them for the testimony of their friendship. It is a day that will long be remembered by those attending. Roy Field went to Woodbine Saturday, where he will work for a time. The Standard Bearers will meet next Friday evening at the home of Miss Janet Rae. After the study of the lesson a ten cent lunch will be served. Frank Bates was in Omaha Saturday patronizing the big stores there. The Rebekahs had degree work last Wednesday evening. After the session was over lunch was served. This lodge is one of the most progressive in the town. Word came Monday from Wessington Springs, S. D., of the death of Mrs. Monkman lived in this vicinity for years and was well known. Many friends of the family regret to learn of her demise. J. A. Scott was in Council Bluffs Tuesday on a business mission. When Mrs. R. G. Luke went to Denison one day last week she was so unfortunate as to lose her gold watch in the train. She notified the agent at Denison soon after leaving the train and he telegraphed to the conductor, who found the watch and returned it to the owner in the afternoon. Mrs. Luke is rejoicing over the recovery of her timepiece. Foster and Dean Hain and Lute Peterson, all of Buck Grove, spent Sunday at the Brian Iseminger home. Uncle Dan Howorth has been staying here with his brother, Edmund, during the latter's illness.

Two more families are under quarantine on account of smallpox breaking out in the homes, those of Tom Ahart and George Igou, two persons having the disease in each home. This makes seven persons with the disease. As soon as the disease was diagnosed quarantines were established and it is thought that there will be no further spread of it. The victims are not very ill, some of them being able to be out, yet the quarantine will be maintained for probably thirty or forty days as a precautionary measure. The school in this district, which re-opened last week, has been closed. We are very glad indeed that the trouble is no worse than it is and that the patients are getting along so well. On Sunday, November 30th, Rev. Joseph Stephen, pastor of the M. E. church of Dow City, will preach from the following topics: Morning at 11:45 "What is Saving Faith?" Evening at 7:30 "Pilate's Inscription, or Is the Nature of Our Character Indicated by Our Writing?" Keep in mind the fact that Evangelist Smith, a successful evangelist, and his singer will be at the Methodist church on Sunday, December 28th. The style makers now decree long skirts. By wise forthought the dress makers have fixed existing garments so that they can't be lengthened. In England the militants are throwing hammers at the judges, which is considered a pleasant and healthful little exercise before the real work of the day begins. the Clayton Romans home this week. Miss Mamie Carroll, of Glen Ellen, is visiting in Charter Oak this week. PRESIDENT'S MESSAGE TO BE FINISHED TUESDAY Will Be Delivered Soon After the Convening of Congress--Trust Legislation to Be Urged. Washington, D. C. Nov. 24.—President Wilson's annual message which he will read to congress will be finished tomorrow, but just when it will be delivered will depend on the houses in arranging a joint session. Hitherto the president's message has been read the day after the convening of congress. It is expected the president will dwell on the need for early action on the currency bill and that he will develop in a general way the attitude towards trust legislation, leaving to the congressional committee the task of writing specific remedies. He also will refer to the Mexican situation. LATER CORN IS THE BETTER Late Rains have benefitted the Last Crop Which Was Planted. Manilla, Iowa, November 24.—Nearly all of the farmers with the exception of one or two here and there have finished cribbing their corn. The yield of the corn crop here was far beyond the expectation of all the farmers. The late corn is yielding much better than the earlier corn for the reason that the first rain after the drouth came too late to be of much benefit to the early corn. The corn runs all the way from twenty-five to sixty-five and seventy bushels to the acre. Will E. Bliven had thirty-five acres that averaged over sixty-five bushels to the acre while other farmers report yields much the same. The quality of the corn is excellent and all farmers say the corn is the driest this year that it has ever been at this time of the season. Banquet the Winners. Manilla, Nov. 22.—The Philathean society have been having a calling contest and it terminated with a banquet given Thursday afternoon to the winning side by the losers at the home of Mrs. Edward Theobald. Various games furnished the amusement for the afternoon and Mrs. Mary Whitte won first honors and Mrs. Agnes Dyson booby prize. A three course luncheon was served. First course, chewing gum, all day sucker and a toothpick; second course, mashed potatoe, gravy, fried chicken, pickle, sandwich and coffee; third course, ice cream and light and dark cake.

BE CONSISTENT WOULD you keep a clerk in your employ who worked only in the mornings and sat around the store during the afternoons? No, of course you wouldn't. You would "fire" him at the first lapse from duty. Why? Because you would lose trade every day that you kept such a clerk in your store. You wouldn't expect to get as good results from such a clerk as you would from the one who was ever hustling and working all day long to sell goods, would you? No, certainly not. How then, in the name of common sense, can you expect to get the best results if you advertise only occasionally? Keep an advertisement working for you every week. Don't exaggerate when you are describing your wares. Give the buying public weekly news from your store. Keep in intimate touch with the people all the time. Start now and keep it up. You can talk to nearly every body in Crawford and adjoining counties through the columns of this paper. THE DENISON REVIEW
