

The Fact Remains

No amount of misrepresentation by the peddlers of alum baking powders, no juggling with chemicals, or pretended analysis, or cooked-up certificates, or falsehoods of any kind, can change the fact that

Royal Baking Powder has been found by the official examinations to be of the highest leavening efficiency, free from alum, and of absolute purity and wholesomeness.

Royal Baking Powder is indispensable for making finest and most economical food.

JEFFERSON IS FULLY CONVINCED

Denison High School Convinces Jefferson As to Football With a Score of 21 to 7.

GAME TO BE REMEMBERED

Best Exhibition of Football Ever Witnessed on the Home Grounds—Large Crowd There.

The Denison football team thoroughly convinced the Jefferson squad that Denison has a far superior team on Thanksgiving day when they won the game by a score of 21 to 7. Our boys put up a much better game of football and were much faster than the visiting team smashing through their line for good gains seemingly at will and time after time working the forward pass to good advantage.

The game was played on the college gridiron and before one of the largest crowds that had ever congregated there to witness a football game. Denison was determined to win this game from the Jefferson team as it was generally believed that the home team had not been given a fair shake at Jefferson the Saturday previous and every one was anxious to be present and see Jefferson go down in defeat.

Promptly at three thirty the game was called and Jefferson won the toss choosing the north goal which put Denison to a disadvantage for the first quarter. Jefferson kicked off, Collins receiving the ball and made a nice gain. Our boys managed to get to Jefferson's thirty yard line by line

smashes and end runs before they were held for downs and compelled to punt. The visitors were unable to make many gains and soon realized that they were outclassed and that their only possible hope was to hold Denison down as much as possible. The first quarter ended without either side making a score.

The visitors were soon compelled to punt the ball which fell in the hands of Hugo Saggau who was taking the place of Jack O'Connor at quarter, O'Connor having been injured in Saturdays game at Jefferson. Saggau tore down the field and was able to make a nice gain before he was downed. Collins, Weberg and Wescott were pressed into service and marched down the field for good gains each time. When seven yards from Jefferson's goal Wescott with a line smash carried the ball over for the first touchdown and Collins made a successful goal kick. Denison kicked off to Jefferson and the first half ended without further scoring.

In the last half Jefferson came back determined to win in spite of Denison's lead and by line smashing and by a series of line smashes and end runs marched steadily up the field. Our boys seemed to be unable to stop the onward push and before they knew it Jefferson had crossed their goal line and by a goal kick had tied the score.

Our boys gingered up at this stage of the game and fought their opponents to a standstill for the remainder of the quarter.

The last quarter was Denison's and the boys showed the visiting team how a good game of foot ball should be played. Not once did they allow Jefferson in their territory and by means of a fake forward pass landed the ball on Jefferson's twenty yard line. This was one of the best plays during the

game and was loudly cheered by those present. The back field by means of a series of line smashes pushed the ball to Jefferson's goal line. Collins kicked a most difficult goal and the score stood 14 to 7 in Denison's favor. Denison kicked to Jefferson but the visiting team were held for downs. As soon as Denison got the ball they started down the field again and Jefferson was unable to check the onward rush. In this quarter Jack O'Connor made a nice pass to Kuehne who rushed down the field for another big gain and Denison scored again on line smashes, Collins kicking goal and the game ended with Denison victorious with a score of 21 to 7.

Everyone thought it was one of the best exhibitions of foot ball that has been played on the local gridiron and certainly Denison can be proud of their 1913 foot ball team. The boys have been playing good consistent ball all season and have not lost a single contest. They have won over Logan, Carroll, Lake City, Correctionville, Boone, Audubon and Jefferson and battled to a scoreless tie with the Odebolt team. Surely the Denison boys can claim the championship for western Iowa.

Hunt's Duroc Sale.

B. W. Hunt held his sale of thoroughbred Duroc Jersey boars and sows at the Laub livery barn in Denison last Saturday afternoon as was advertised and there was a large crowd of buyers on hand to bid on this fine offering. Tupper and Griffen, of Logan, auctioned off the offering and the bidding was brisk throughout the entire sale.

Nineteen head of fine bred boars and sows were sold and the average price per head was \$26.20. Mr. Hunt's herd boar, Grand Chief, was not sold and a number of other offerings were not included. Those in attendance at the sale were all well pleased with Mr. Hunt's offering and the rate at which they were sold showed that his stock was in demand. We understand that Mr. Hunt will hold another sale some time after January first.

Below we print the names of those who purchased hogs at the sale Saturday and also the selling price:

Christmas Candies

A YOUNG woman of many resources and fair culinary skill found herself facing the problem of Christmas gift giving with a very depleted pocketbook. She finally came to the conclusion that unless she gave each of her friends a box of the simple candies she knew how to make it would be impossible for her to remember them. She made some pretty boxes, covering them with water color or crepe paper and decorating them appropriately. Then she gathered her supplies together and got ready for work. She put off the making of the candy as long as she could in order that her sweetmeats might be absolutely fresh when presented. She had her nuts shelled and blanched ready for use and her simple coloring matters bought ready for use in advance.

When she began making her candies she had a clear fire in the kitchen range, enameled saucepans, a smooth lipped saucepan, shallow tins in which to pour such candies as caramels, taffy, butterscotch, etc.; large flat stoneware platters, clean smooth wooden spoons, etc.

BONBON BOX.

A wire candy dipper, one or two palette knives, a strong pair of shears, a small flat paint brush, a little olive oil and a good thermometer. If you wish to know just what she made and how she made it note the following recipes taken from her notebook:

Nut Candy.—Two cupfuls sugar, one-half cupful water. Boil until thick. Flavor to taste, stir in one cup hickory nut meats and pour into a large flat dish. When nearly cold cut in squares.

Lemon Candy.—Two cupfuls granulated sugar, one cupful boiling water, three tablespoonfuls vinegar, butter size of a walnut. Let boil until it hardens immediately when dropped in cold water. Pull until white. Pour the lemon essence on while boiling.

Chocolate Caramels.—Half a pound of chocolate, half a cupful of milk, two cupfuls of light brown sugar, one cupful of molasses and a piece of butter as big as a small apple. Cook for twenty minutes, stirring constantly. Pour into a pan and cut into squares.

Caramel Taffy.—Two teaspoonfuls of white sugar, two tablespoonfuls of sirup, three ounces of butter, one can of condensed milk, essence of vanilla. Put butter, sugar and sirup into a pan.

MAKING CANDY.

stirring occasionally till melted. Then pour in milk and vanilla and boil for twenty minutes, stirring all the time.

Mints.—Place in a saucepan two cupfuls of granulated sugar, one-half cupful of water, one-fourth teaspoonful of cream of tartar and one-half teaspoonful of glycerin. Boil to a soft ball stage, then remove from the fire and flavor with peppermint. Pour out on a platter and stir with a spoon until it begins to stiffen, then take up into the hands and knead until soft and creamy. Mold into balls and roll in powdered sugar. Place on oiled paper to cool. Wintergreen mints are made by adding a few drops of the oil of wintergreen instead of the peppermint and a little red fruit coloring. These mints can be dipped into melted chocolate if liked.

Fabric Bags Still In Fashionable Favor

The bag seen in the cut is of heavy tan colored linen in a soft weave. It is a capacious affair, being nearly half a yard long. The bowknot design is

worked in heavy outline stitch filled in with French knots. Pink silk cord run through celluloid rings draws up this pretty bag, which is lined inside with pink china silk.

Playthings For the Baby Always Acceptable

If there is a baby in the house to be provided with a Christmas gift its mother will appreciate a pretty creeping blanket like the one pictured. It is of gray cotton flannel, interlined with sheet wadding and another

Fetching Boudoir Cap For the Pretty Girl

Boudoir caps instead of declining in popularity are on the top wave of fashion this year. The fetching little
