## The Boys' Store

### ANNUAL MEETING NICHOLSON CO.

All Old Officers of Nicholson Produce Company Re-Elected at a Meeting Held Monday.

#### LARGER BUSINESS THAN EVER

Company Turns Over Ice Business to Mr. Ed Baum, Who Will Retail Ice to the Trade.

The annual meeting of the officers and directors of the Nicholson Produce company was held Monday evening at the company's office and much important business was transacted. The old officers and directors were re-elected without exception they being: E. Gulick, President; Amos Roush, Vice President; Alfred Wright, Secretary; B. Y. Nicholson, Treasurer and General manager. The directors are: E. Gulick, Carl F. Kuehnle, C. L. Voss, B. Y. Nicholson and Amos Roush. It was very gratifying to the officers to find that the Produce company is enjoying a much larger business than they did a year ago, each month showing a steady increase over the preceding month. The company is in a flourishing condition and it was decided at the Monday evening meeting to branch out and carry on the business on a much larger scale. It has been decided to secure an expert ice cream maker and considerable effort will be put forth to greatly enlarge this branch of the plant. The plant has all the modern machinery necessary for manufacturing high grade ice cream, sherbets and ices, but heretofore no special effort has been made to place their products upon the market, due perhaps to the fact that they were short of help. Situated as they are, there should be no reason why the plant could not furnish ice cream to towns along the Northwestern line at prices that would compete with the manufacturers in the larger cities. The ice cream department is run in connection with the butter making department which insures them a nice fresh supply of cream at all times.

Arrangements were made at this meeting to turn over the local ice business to Ed Baum for the coming season. The plant will manufacture the ice and sell it to Mr. Baum who will retail it to the trade. Mr. Baum expects to put on two ice wagons and give the residents of Denison first class service. The Nicholson plant has considerable of a reputation for its manufactured ice and supplies many of the nearby towns. The water used in making the ice is obtained from a very deep well and before freezing is thoroughly filtered, insuring its purity. At present the plant is manufacturing ice both day and night and doubtless they will be unable to supply the demand when the season is fully upon them. The officers have decided to engage

### IMPROVEMENT CO. HOLDS MEETING

Appoints Committee to Check Books of Secretary and Treasurer and Make Report During May

#### WELL PLEASSED WITH DOINGS

Efforts for Hospital, Hotel and General Improvement of the City Prove Not in Vain.

The trustees of the Denison Improvement company held a meeting on Saturday night and disposed of a number of matters in connection with the affairs of the company. One thing that was decided was that when the new opera house is completed the old opera house will be turned over to the school authorities at an annual rental for the purpose of being used as a gymnasium. This will be welcome news to the students of the public schools, for whose benefit the building is rented. A committee, composed of members of the Denison Improvement company, has been selected to check up the books of the secretary and treasurer of the company and a comprehensive statement and full report will be made to the stockholders at the annual meeting to be held in May.

The Denison Improvement company is in good financial condition and members are more than pleased with the showing that they have made. The Denison hospital, which belongs to them, is prospering under the new management, and from all indications the present year will be the best in the history of the hospital. The Marion hotel property, which has been rented by the Improvement company to Mrs. Minter, is enjoying a good patronage and the company feels that they have secured a competent landlady for this hostelry.

The Improvement company has made a great record and it has been through their efforts that many of the big improvements of the past six or seven years have been made. We trust that the organization will continue and that many more improvements will be made by them.

Arrangements are being made for a meeting with the state officials representing the pure food law, to be held at the Commercial club rooms on Thursday evening, March 26th, at 8 o'clock. Messrs. C. O. Frazer and J. W. Milnes will be present and deliver lectures. It is desired that the grocers, butchers, bakers and coal men of the city be present, as well as all others who are interested in pure foods. The officials will instruct the dealers as to the rules of the pure food regulations and the meeting will be an interesting one. Everybody turn out.

Mr. and Mrs. T. J. Kelly, of Des Moines, arrived in Denison the fore part of the week for a visit at the Alfred Wright home.

### DEATH RELIEVES MUCH SUFFERING

Mrs. August Marwede Departs Life at German Lutheran Hospital in Sioux City Monday.

#### HAD SUFFERED VERY MUCH

Deceased Leaves Husband, Two Children, Aged Mother, Five Brothers and One Sister

It is with profound sorrow that the Review records the death of Mrs. August Marwede, which occurred on Monday, March 16th, at the Lutheran hospital in Sioux City, where she had been taken for treatment. The deceased had been ill for more than a year and had been operated upon last May at the local hospital. For a time her condition was much improved, but in September she became worse and was taken to the Lutheran hospital at Sioux City and was given a month's treatment with much success, and after returning home she was able to attend her household duties and visit among her neighbors and friends of whom she had many. During the early winter however, disease again demonstrated itself and about five weeks ago Mrs. Marwede was again taken to Sioux City for treatment, and as a final resort an operation was performed, from which she did not rally. The devoted husband did everything in his power toward the care and aid of his loving wife; experienced nurses and the best of medical services were secured, but to no avail.

Augusta E. Marwede was the daughter of Mrs. Charlotte Heide, of Denison, and was born Jan. 14, 1882, in the province of Schleswig-Holstein, Germany. At the age of one year she came with her parents to America, the family first settling in Illinois, then coming to Denison. July 12, 1908, the deceased was united in marriage to Mr. August Marwede at Grand Mound, Iowa, and the happy young couple took a wedding trip to Germany, where they visited the groom's relatives. Returning to Denison, they took up their residence on West Chestnut street, where they have since resided and where two children were born to the union, namely: Henry, five years of age, and Walter, one year of age.

During the long and severe illness of Mrs. Marwede she not only had the undivided attention of her husband, but her aged mother, Mrs. Heide, was a continuous companion administering to the wants of her daughter at all times, and the death is a great shock to the mother and grandmother, who was charged by the dying mother to care for her children yet a few years. During deceased's residence in Denison she became known quite generally and her pleasing and courteous disposition won her friends wherever she visited. This is particularly true as to her German friends who were loyal until the last and who deeply sym-

thize with the widowed husband and the motherless children.

Besides the husband, aged mother and two children there is left to mourn her death, five brothers, namely: Detlef and Louie, of Denison; John, Edward and Rudolph, of Montana, and one sister, Mrs. Chris Denker, of Denison.

Funeral services will be held at the German Lutheran church tomorrow afternoon at 3 o'clock and will no doubt be largely attended. The Review extends sympathy to the saddened relatives.

#### Death of L. H. Duncan

Lewis Henry Duncan, the youngest son of Mr. and Mrs. Henry Duncan, of Paradise township, passed away at the family home on Saturday, March 14th, as the result of pneumonia. The little fellow was taken ill only a few days prior to his death and from the very first it was known that his case was a most serious one and that it would be a hard matter to check the dreaded disease. A trained nurse was secured to care for him and the best physicians were called to administer medical aid. The death of Lewis Duncan is particularly sad inasmuch as his older brother passed to the great beyond only fourteen months ago and left the family broken hearted.

The deceased was born July 29, 1912, being at the time of his death 1 year, 7 months and 15 days of age. Besides his loving parents he leaves to mourn his death two sisters, Helen Marie and Hattie Amanda, and one brother, Bernard.

Funeral services were held Monday afternoon at 2:30 o'clock at the German Lutheran church, Rev. William Freese officiating, after which the body was laid to rest in Oakland cemetery. The Review joins with a host of friends in extending sympathy to the bereaved family.

#### CHILD FALLS FROM WINDOW

Nineteen Months Old Daughter of Mr. and Mrs. Lenzon Moeller, Narrowly Escapes Death.

Word has been received by Mr. and Mrs. C. W. Merrill of what might have been a serious accident to their nineteen months old granddaughter, the child of Mr. and Mrs. Lenzon Moeller.

She with her parents are stopping at the Blaine Hotel at Chadron, Neb., rooming on the second floor. While playing near a window she in some way pushed out a screen and fell to the cement pavement below. While the child is much prostrated from the effects of the fall, the attending physician has as yet been unable to discover that she has sustained any serious either external or internal injuries. Her escape from death is considered little short of miraculously by all who witnessed it.

E. T. Malone was over from Charter Oak Monday calling on Denison friends. Mr. Malone left that evening for Massilon, O., where he will attend a reunion of the students of his class in the college there.

### MISS KUEHNLE LOSES CLOTHING

Fire Destroys Buildings at Wellesley College Monday Night, and Many Students Have Narrow Escape.

#### SCHOOL CLOSED UNTIL APRIL 7th

Review Receives the News From Special Press Representative at Meredith, N. H., Yesterday

The Review received a telegram yesterday afternoon from its press representative at Meredith, N. H., stating that College Hall, one of the college buildings at Wellesley, Mass., was totally destroyed by fire on Monday night. Miss Lydia Belle Kuehnle, daughter of Mr. and Mrs. Carl F. Kuehnle, who is attending Wellesley college, was rooming in this dormitory and practically all of her clothing was consumed. In the neighborhood of 350 students, including members of the faculty and servants, fled from the building when the fire was discovered by one of the senior students. The fire is supposed to have originated from spontaneous combustion and it was only a few hours until the beautiful five story building was totally consumed.

Miss Kuehnle telegraphed her parents early yesterday morning to the effect that she had escaped from the burning building in safety, although all of her wearing apparel and other effects were destroyed. The fire was discovered late at night and assumed such proportions before discovered that it was impossible for the students to carry out their possessions. Miss Kuehnle had contemplated spending the Easter vacation at Bermuda, but in all probability will return to Denison in order to have her wardrobe replenished, as she is a member of the senior class and will graduate from the college next June.

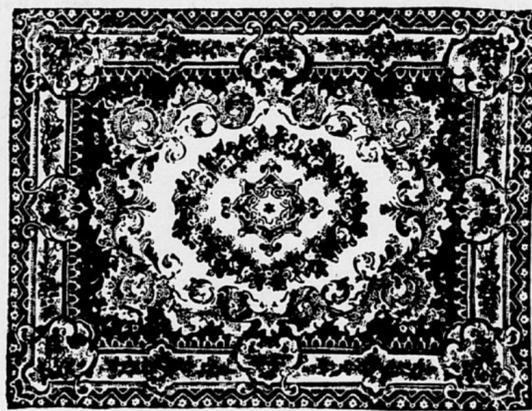

The board of supervisors are in session this afternoon for the purpose of letting the contracts for the erection of eighteen bridges. In all there are twelve contractors who submitted bids, but at the time of going to press none of the contracts had been let. From present indications Ellsworth McNeal will receive several of the bridge contracts as his bid is considerably lower than the others. He bid on eighteen of the jobs, the price being \$9,106.00.

Mrs. Wm. Dettelsen underwent a serious operation at the hospital at Ida Grove yesterday for tumors. Mr. Dettelsen returned last evening from Ida Grove and tells us that while the operation was successful, Mrs. Dettelsen is in a precarious condition. He will return to Ida Grove this evening to be at the bedside of his wife.

Miss Florence Baker left Sunday for Greenfield, Iowa.

# MENAGH'S March House Cleaning Sale
