

COMPLIMENTARY TO NEW PRESS

Publishers in This Part of Iowa Express Complimentary Words Regarding New Duplex Press

WORDS ARE MUCH APPRECIATED

Review Well Pleased With Investment and Recommends Press to Those Having Circulation of 3500.

Below we print a few of the many complimentary press notices regarding the installation of the Review's new Duplex printing press. The fraternity throughout this part of Iowa has taken occasion to say some very encouraging words about the Review and we think no more than right that our hundreds of readers be made acquainted as to the standing of this paper among the newspaper men of the state. We appreciate the many nice things said, and in the future will try and maintain the reputation already established.

The publishers are very much pleased with the investment and the new press is working in a very satisfactory manner. There has been some speculation as to whether an expenditure of so much money for this kind of a press was advisable. From the short experience we have had, we advise any publisher who enjoys a circulation of between 3500 and 4000 to make such investment. It has proved not only a time saver, but there is a great degree of satisfaction in being able to make up the entire paper on the day of publication and yet be able to mail the papers in time to catch all outgoing mails. The new press is all the manufacturers claim it to be, and again we say we are well pleased with the investment.

CARROLL HERALD
The Denison Review has installed a Duplex press and the paper is now printed from a roll, much the same as city papers. With a circulation of 3500 subscribers the Denison publisher states that more press facilities were a necessity. The press cost several thousand dollars and is of the most modern type. We feel like congratulating any country publisher who has business that justifies such a vast expenditure.

SAC SUN
The Denison Review was printed last week on a new Duplex Junior web perfecting newspaper press which will print and fold 5,000 copies of four, six or eight pages within an hour and has been installed by the Review Publishing Company at a cost of \$4,500. With its linotype machine and this really remarkable press the Review is probably the best equipped weekly newspaper in Iowa, from a mechanical standpoint. The Review is backed by ample means and its publishers have faith in its future—faith well grounded in view of its noteworthy history, it having served the people of that community for forty-nine years. The Sun wishes to congratulate the Review upon its new acquisition. It fully appreciates the handicap of printing a newspaper on the ordinary cylinder press when the limitations upon press work week after week exclude, in view of its noteworthy history, it having served the people of that community for forty-nine years. The Sun wishes to congratulate the Review upon its new acquisition. It fully appreciates the handicap of printing a newspaper on the ordinary cylinder press when the limitations upon press work week after week exclude, in view of its noteworthy history, it having served the people of that community for forty-nine years.

ROLIE ARROW
The Denison Review was published last week on a new Duplex press, capable of producing 5,000 impressions per hour. The Review is one of the substantial newspapers of the state. It is a constructive newspaper—not a hysterical ripper—and is showing a gradual growth, and we dare say, is winning confidence right about Judge Connor, formerly congressman from this district. It is mixed up in the ownership of the paper and takes his bumps good naturedly. Denison is a rattling good town and the Review keeps a little ahead of the growth of the city. With the equipment the Review now has, it will be enabled to lead the procession, and we know it has the ability and the desire to do so. The present equipment will afford an opportunity to expand as much as the community demands. Here's luck to the Review with its new outfit; may it prosper, as it deserves to.

LOGAN OBSERVER
The Denison Review is one of the few country newspapers that seem to be able to get all the equipment the publishers need or wish. That office has had a Mergenthaler machine for several years and this month installed a \$4500 press that will print 5,000 8-page papers an hour. This is rather more of a press than the average country office has use for, but we rather expect the Review was a daily paper in mind. Denison is a mighty good business town and there is never a week that the papers are not full of up to the minute advertising. Denison merchants have no "mail order" or "big city" problem to deal with on that account. Then, too, Crawford is a very rich county and the people there believe in upbuilding their own community rather than the other fellow's home.

ODEBOLT CHRONICLE
The Denison Review has just installed probably the finest newspaper press of which any county office in Iowa can boast. It is a Duplex Junior web perfecting press and has a capacity of 5000 an hour. It is not clear to us why the Review should need such a press, but it is their own business, and they have a right to own it if they want it. Pride in their institution is doubtless what prompted them to buy it. There is no disputing the fact that mechanically the Review is one of the handsomest papers in Iowa. If we are any judge it is publishing a paper far in advance of what the town of Denison would justify.

DECLAMATORY AT THE COLLEGE

Annual Declamatory Contest Wednesday Evening Fairly Well Attended; Much Appreciated

MUCH CREDIT FOR MISS HUGG

Myrtle Larson Wins First in Humorous Class, and Miss Myrtle Blair First in Dramatic Class.

The annual declamatory contest of the Denison Normal college was held on Wednesday evening, there being a number of contestants, as the program for the occasion will show. The judges for the occasion were Rev. J. C. Tourtelot, Dr. L. M. Coon and Miss Fannie Hayes. There was a fair sized audience, but nothing what it ought to have been for an entertainment of this kind. There were but few business men in the hall and just enough to suggest that Denison is not doing its full duty toward these entertainments. We can remember in the early history of the college that a large number of business men attended contests of this character, and it is to be regretted that the interest of the public in the college has subsided to the extent that less than half a dozen of the prominent men in town are willing to give time to encourage the young people in their work.

The prizes awarded were given to the following parties: Myrtle Larson first in the humorous class, her subject being "Who's Afraid;" John Riggleman, second place, his subject being "The Three Lovers." In the dramatic class Myrtle Blair was awarded first prize and Nellie Fleming second. The judges reported that they were quite unanimous in their markings and had no difficulty in arriving at a conclusion, and further complimented all of the speakers of the evening. The results should flatter Miss Martha Hugg, elocutionist, for she certainly is entitled to a considerable credit for her work in training the several performers. The musical program was a success. The songs rendered by Rachel Lally and Margaret Carey were very creditable. Miss Carey proved herself not only a good singer, but the self possession and ease with which she performed her part were most commendable.

The piano duet by Misses Hedstrom and Ransom was very much appreciated. Miss Lillian Raine is to be congratulated upon her successful work in training the singers, which she has under her charge. Miss Hortense Davis, of Dunlap, who has formerly sung here and whose name appeared upon the program for a vocal solo, was unable to be present, which was a disappointment to those who enjoy her singing. The following is the program of the evening: Piano Duet, Misses Hedstrom, Ransom Goodnight Papa..... Ethel Tidyman Theks, and Carolina Mason..... The College Oil Cans..... Lillian Osterlund Selected Vocal Solo..... Rachel Lally The Battle of the Strong..... Margaret Parker Little Murrie..... Miss Mulock Ette Chapman Baby's Offering..... Anna Burnham Myrtle Blair Vocal Solo..... Selected Margaret Carey How Jimmie Blackened the Baby..... Besse McClellan A Message for Jimmie, C. J. Denton Ethel Turin The Three Lovers..... John Riggleman Who's Afraid..... Marjorie Cook Myrtle Larson The Widow Doodles..... Nell Girard Vocal Solo..... Selected Hortense Davis Vocal Solo..... Selected Margaret Carey Decision of Judges.

MAPLETON PRESS
The Denison Review has just added a new Duplex Junior press to its equipment. This press will print 5000 papers per hour. The Review is one of the best county papers that comes to our table, and is deserving of its prosperity.

SCHALLER HERALD
The Denison Review has recently added a new Duplex Junior web perfecting newspaper press to its equipment. It has a capacity of 5,000 papers an hour, printing and folding either 4, 6 or 8 pages. The press weighs eleven tons and is driven by a 10 horse power electric motor. The Review stands among the foremost papers of the state and is a credit to its publishers, the city of Denison and Crawford county in general.

MOORHEAD TIMES
The Denison Review has installed a new Duplex Junior web perfecting newspaper press to take care of their increasing circulation. This makes the Review office one of the best equipped in western Iowa.

MORGAN LAND SELLS HIGH

J. H. Tamm Sells Old Home Place in Morgan Township to Louie Kuehl for \$200 Per Acre.

On last Friday J. H. Tamm closed a deal whereby he disposed of the old Tamm homestead in Morgan township, consisting of 240 acres, to Louie Kuehl. The price paid for this fine piece of land was \$200 per acre, or a total consideration of \$48,000. The Tamm farm is one of the well improved pieces of land in Morgan township and has been in the Tamm family for a number of years. For the past ten years or more it has been owned by Mr. J. H. Tamm, of this city. Mr. Tamm found that his connections with the Denison Automobile company did not afford sufficient time for the supervision of the farm. Some ten years ago Mr. Tamm came within fifty cents an acre of selling this valuable farm for \$100.00 an acre, and he is feeling much eased over having refused the offer for during the ten years the land has raised just ten dollars an acre for each year.

KIRON PEOPLE TO SWEDEN.
Mr. and Mrs. N. G. Nelson and Mr. and Mrs. L. P. Anderson leave Monday for Sweden. Mr. and Mrs. N. G. Nelson and four children and Mr. and Mrs. Lester P. Anderson, of Kiron, took the train here on Monday for New York City, and will sail on Saturday of this week for Sweden, where they will make an extended visit with friends and relatives. Mr. Nelson informs us that he and his family will visit his mother in Sweden, whom he has not seen for a number of years. It will be Mrs. Nelson's first visit to this far off country and they are anticipating a very pleasant voyage. The Anderson family will visit his father and mother and also Mrs. Anderson's mother. Both families expect to return to Kiron early in the fall.

IMPROVING CEMETERY.
Charter Oak Citizens Unite in Beautifying Home of Dead by the Planting of Trees, Etc.

Charter Oak, April 30—The work of improving the cemetery is being pushed along slowly, owing to an apparent lack of interest. Some grading and seeding have been done, and some of the private grounds have been improved. By an accident a short time ago, most of the division fences were burned, and now they are to be replaced with a fine woven wire fence around the grounds and drives on the division lines. This will work a decided improvement, but will cost some money. Those who have some public spirit and those who have friends in the cemetery will have to dig down into their pockets to help the fund along. The cemetery does not belong altogether to those whose children or brothers or fathers are resting there, but to the entire community, and a measure of pride should be shown by the community in making it presentable in appearance. Another good piece of work that is being done is the planting of trees. A double row of white birches have been set along the main drive in the public grounds and the fellows are out today after elms to plant all along the outside, along the road. This should have been done twenty years ago, when the plat was first laid out, but for some reason the place has been left almost as nature clothed it with nothing but prairie sod.—Times.

The Mexicans have overthrown and trampled on a statue of Washington, but so far our school boys have restrained themselves from spitting on President Diaz's picture in the historical books.

"Clean Up" Proclamation.
We are living in an age of the prevention of many diseases which have their inception in unsanitary and unwholesome conditions. It is a well known fact that tuberculosis is most prevalent in the overcrowded, unventilated, unsanitary, dark and damp houses and unclean places; that typhoid fever is the direct result of contaminated water and food; and that flies hatch in manure, ashes, garbage and any kind of decayed substances, and are well known to be the greatest germ carriers in this latitude. Within the past few years a public sanitary conscience has been developed. The people more and more understand that society must protect the individual against disease, vice and crime. In order to prevent the spread of disease it is absolutely necessary that all garbage, manure, waste or any kind of decaying substance be removed from lots, streets and alleys. Therefore, as mayor of Denison I do request and advise that this week and next be set aside and known as "Clean Up Weeks," and I do most earnestly request and advise that all garbage, manure, rubbish and waste of whatsoever kind shall be removed from lots, streets and alleys, and that through out the entire summer persistent and constant effort shall be made to keep the city clean, and that relentless war shall be waged against the house fly. Lots, streets and alleys not cleaned up within reasonable time will be taken care of by the proper officials, and the expense of cleaning will be charged to the abutting property owners. No stumps, offal, garbage, manure or any other refuse shall at any time be deposited in any of the streets and alleys, or upon any lot in the city, except it be deposited in a regulation garbage box fitted with an attached cover. The contents of all such boxes shall be removed at least twice a week. Furthermore, all garbage, waste, etc., shall not be dumped any place within the corporate limits of said city, but must be taken to city dump grounds and disposed of according to notice there. Done at my office this 4th day of May, 1914.

AROUND THE WORLD BY AIR CRAFT IN 1915
An around the world race by motor driven air-craft will start from the grounds of the Panama-Pacific International exposition at San Francisco in May, 1915. As already announced, prizes of \$300,000 have been assured for this series of events. A major prize of \$150,000 will be awarded for the complete circuit of the globe, with supplemental prizes to aviators first completing various sections of the course. It is expected that the aggregate of supplemental prizes will reach or exceed \$500,000. The Princeton undergraduates have given up the practice of "horsing" freshmen. Probably they have all they can do to haze the professors.

BABY PORK CONTEST TEST STARTED

Iowa Boys and Girls Given An Opportunity to Win Some Good Cash Prizes in This Contest.

OVER \$1,000 GIVEN IN PRIZES
Omaha Union Stock Yards Fund Is Used in Promoting An Acre Corn Growing Contest.

Ames, April 30—More than a thousand dollars in cash prizes is to be awarded to the Iowa boys and girls this year in pig growing and corn growing contests conducted by the agricultural extension department of Iowa State college. Senator Joe Allen of Pocahontas county is providing \$600 of the prize money and the Union Stock Yards company, of Omaha, \$400. The Senator Allen fund is to be used in promoting "Baby Pork Contests" and will be divided to give \$50 in prize money to each congressional district of the state. In each district there will be two contests as follows: Division I—Any Iowa youth over 16 and under 20 years of age Feb. 1, 1914, of either town or country, may enter this division contest by feeding and caring for ten pigs until Nov. 15, 1914, when a final report will be made. To each champion in each of the eleven congressional districts \$35.00 in cash will be awarded to be used in paying the expenses of a trip to Chicago and a week's visit and study of the International Live Stock show in December. Division II—Any Iowa youth over 16 and under 18 years of age Feb. 1, 1914, of either town or country, may enter this division contest by feeding and caring for two pigs until Nov. 1, 1914. To each champion in each congressional district \$25.00 in cash will be awarded to be used in paying the expenses of a week's attendance at the mid-winter short course at Iowa State college.

The Union Stock yards fund will be used in promoting an acre corn growing contest. This contest is open to any boy who was over 10 and under 19 years of age Feb. 1, 1914. To the state champion grower of an acre of corn \$100.00 will be awarded to pay the expense of a trip to Washington or to the Pacific coast. To each of ten county champions \$20.00 will be awarded to pay expenses of a week's attendance at the mid-winter short course at Iowa State college. To each of 10 county champions in the western half of the state \$10 will be awarded to pay the expense of a trip to the South Omaha stock yards and packing houses. Enrollment in any of these contests is free and may be made by sending name, age and address either to the local county superintendent of schools or directly to E. C. Bishop, state leader of club work, Agricultural Extension Department, Ames, Iowa.

JOHN JOHNSON FALLS DOWNSTAIRS.
Kiron, May 2—John Johnson, who left last week for Ricketts to take charge of the section at that place, had the misfortune to walk in his sleep and fall down stairs at the home of E. W. Jones and fracture one of the bones in his left arm and cut his head quite severely. A doctor from Charter Oak was summoned at once and the bone was soon set. It is remarkable that he escaped without breaking his neck, as he fell on his head and shoulders to the bottom of the stairs, a distance of about eight feet. Mrs. Johnson went over in an auto and brought him home. He is getting along nicely at this writing, but will be unable to do much work for about six weeks. Enterprising newspaper photographers are looking for nearest hill country home in which to get pictures of Mexican scenery.

MANILLA CLASS TO GIVE PLAY.

Seniors Are Busy Preparing for Final Effort of School Year—To Present "The Hoodoo."

Manilla, May 2—The members of the class of 1914 are busy working on their play, a three act farce, entitled "The Hoodoo," which they are expecting to present on Wednesday evening, May 27th. In a week they will finish their school duties and will devote all their time to the play. Miss Osia has supervision of the work. Following is the cast of characters: Brighton Early, about to be married..... Cyril Saunders Billy Jackson, the heart breaker..... John Johnson Professor Solomon Spiggot, an authority on Egypt..... Paul Stoker Hemachus Spiggott, his son..... Newton McCracken Mr. Malachi Meek, a lively old gent of 63..... Frank Baker Mr. Dun, the burglar..... Sidney Gummer Miss Amy Lee, about to be married..... Verna Emery Mrs. Perrington-Shine, her aunt..... Adah Van Slyke and Mrs. Meek's daughter..... Gwendolyn Perrington-Shine, who does as mamma says..... Lillian McDermott Dodo DeGratt, the dazzling dandy..... Ida Breckenridge Mrs. Irma Clinger, a fascinating young widow..... Geraldine Perion Angelina, her angel child, age 8..... Addie Sowles Miss Doris Ruffles, Amy's maid of honor..... Hazel Barrow Mrs. Semiramis Spiggott, mother of seven..... Faye Woodard Miss Longnecker, a public school teacher..... Helen Jackson Lulu, by name and nature..... Lydia Saunders Aunt Paradise, the colored cook lady..... Wallace Saunders Four Little Spiggotts.

IOWA STATE ENCAMPMENT.
Veterans of Civil War to be Entertained at Burlington in June.

The city of Burlington is putting forth unusual efforts and promises to make the Annual Encampment of the Iowa Department of the Grand Army of the Republic, set for June 16th, 17th, and 18th, the largest and most interesting and most enjoyable event of the kind ever arranged in the Hawkeye State. The state organizations of the Women's Relief Corps and the Ladies of the Grand Army will be in session in Burlington at the same time. The citizens have responded in a most liberal manner and are giving freely of their time and money, in order that the decorations and the general arrangements may be worthy of the occasion. A very large attendance of veterans is promised and the allied organizations expect many visitors in addition to the regular delegates. The program, which will be issued soon, will provide the usual camp fires, a grand parade, fine music, novel and beautiful decorations, free excursions on the river, etc. Burlington will give all visitors a hearty welcome and promises the best encampment in the history of the state organization. Prominent citizens are taking active interests and are doing hard work on committees and all are helping, in order that nothing may be overlooked or left undone that can contribute to the comfort and the pleasure of the Encampment visitors.

BOY PRISONER IN 10 INCH PIPE.
Willie Comer, of Cambridge, 6 Years Old, Has a Strange and Possible Fatality Accident.

Jefferson—Willie Comer, of Cambridge, who was reported lost last Monday evening was found Wednesday afternoon in an old abandoned ten inch piped well where he had been for almost 48 hours. Willie, who is only 6 years old, did not come Monday night, but his mother thought he was with friends, but when the little fellow did not show up Tuesday she told some of the neighbors that Willie must have run away from home, but it seems that the little fellow in playing around the back yard stepped into this well. When found he was in an upright position, with his arms extended above his head, and as this well is only ten inches in diameter, he was so firmly wedged in that it took thirty minutes to get him loose. He was conscious when found and the doctors are in hopes of saving his life.

CHARTER OAK BOY HONORED
Grover C. Jacobsen, of Charter Oak, Elected Captain of State University Basketball Team

Grover C. Jacobsen, of Charter Oak, was elected captain of the 1914-1915 basketball ball team of the State university last Wednesday. He has been a student at the State university for some time and has proven his ability as an athlete and the captaincy of the basketball quintette comes as a fitting recognition for his efforts along this line. He is an upright young man and a graduate of the Charter Oak schools, where he won many honors. We are more than pleased to see our Crawford county boys make good while away at college. In the general flurry over Mexico, President Wilson seems to be leaving Washington defenceless against Gen. Coxe's oncoming army of the Unemployed.

HEART FAILURE CAUSE OF DEATH

Frank Westland Is Found Dead in His Room at Marion Hotel on Last Saturday Morning.

OLD RESIDENT OF THE COUNTY
At One Time Engaged in the Shoe Business in West Side—Born in Sweden in Year 1844.

Frank Westland, an old time resident of Crawford county, was stricken with heart disease Saturday morning at an early hour while dressing in his room at the Marion hotel and died before assistance reached him. Mr. Westland, who was a retired merchant, had been making his home at the Marion hotel for the past six weeks and seemed to be in good health. Friday evening he remained about the hotel lobby until a late hour, watching card games and visiting with other lodgers and apparently was in the best of health. At 3 o'clock he arose and went downstairs for a drink and this was the last that was seen of him until he was found lying on the floor in his room, dead. Miss Margaret Brown, an employee of the Marion hotel, was making her usual morning rounds of the rooms and knowing that Mr. Westland generally arose early she stepped into the room to make the bed. Upon opening the door she states that she saw his coat on the bed and on entering the room found the body lying on the floor. She called for help and at once notified Mr. McCord and Mrs. Herman Minter, and a physician was called. It was the opinion of the physician that Westland died about 6 o'clock, as the body was cold when discovered at 8:15. The body was taken to the Salomon undertaking establishment.

The deceased was an old resident of the county and was employed as west side. He engaged in business with C. F. G. Keir at Manilla and while he did not take an active part in the business he spent a good deal of his time at that place. He was born in Sweden on the 16th day of October, 1844, and was almost 70 years of age at the time of his death. His father, John Westland, took many of his boys to Colorado and a sister living in Michigan, but outside of these there are no other known relatives. Since his residence in the county he has taken two trips to Sweden and for the past ten years has taken life easy, having accumulated enough of this world's goods to enable him to retire. Mr. Keir, of Manilla, took the body in charge and on Sunday it was taken to Manilla, where funeral services were held at the Presbyterian church and interment was made in the cemetery at that place.

ORGANIZE FIRE COMPANY
Fire Fighters at Charter Oak Organize and Present List of Members to the City Council

Charter Oak, April 30—The fellows met at the city hall last evening and organized a fire company subject to the acceptance of the council. For a long time there has been no fire company in Charter Oak, owing to a difference between the boys and the council, but this has been healed over now and all is quiet. The personnel of the new company as it will be laid before the council is as follows: J. F. Deur, chief; Mike Copps, foreman; B. H. Runge, secretary; Joe Cosgrove, treasurer; W. A. Christensen, John Miller, Glenn Harris, P. F. Boeck, R. Nash, J. C. Githens, O. E. Haakinson, Harry Lamp, Edson Glau, O. A. Collins and F. Thompson.—Times.

LINCOLN HIGHWAY NOTES.
A three story apartment house is about to be erected in Ashland, O., on the Lincoln highway and will be named, Lincoln Inn.

Governor George W. Clarke, of Iowa, presided over a big Lincoln highway meeting in Cedar Rapids last week. This rally was attended by many of the most prominent Cedar Rapids citizens. April 13th, A. R. Parlington addressed a gathering of representative citizens at Coatesville, Pa. They had been called together upon short notice by the mayor, W. F. W. Jones (Burgess), who is also chairman of the roads committee of the local automobile club. Parlington touched upon the necessity for quick action, if the present route is to be maintained, and that his words had the desired effect upon the assembled citizens of Coatesville, can be gathered from the fact that the marking of the present route will be started at once under the direction of the mayor and Auto club. Agitation is going on in York, Pa., for the erection of two memorial arches at the entrance of the Way into the city and the local highway company has agreed to illuminate both arches at night. Huerta says he is going to put 400,000 men in the field. If they are like the Cubans in 1938, they will all be asking if the field is comfortable and shady.
