Hollander, in Schleswig Sunday. The Misses Jessie Goodrich and Rachel DeWolf spent Sunday at Dow City visiting at the I. Howarth home. Mrs. E. W. Pierce left Monday for Fulton, Ill., where she was called on account of the illness of a sister-in-law, Mrs. Pierce's. Albert Lantz, Miss Martha Lantz, Mildred Mahler and Emma Saggau drove up to Schleswig Sunday for a short visit with friends. Miss Bernice Osborn returned Sunday evening from Des Moines, where she spent several days visiting with her father, Mr. John Osborn. Mr. and Mrs. August Wilkens and daughter, Miss Emma, motored to West Side Sunday, where they spent the day visiting friends and relatives. Mrs. John Muir and Mrs. Jane Partridge went over to Charter Oak Monday for a few days' visit with the former's daughter, Mrs. Roy Jones. Mr. and Mrs. James Mitchell autoed up to Odebolt Sunday for a visit with friends. They were caught in the storm at Kiron and remained there over night. Mrs. Adelbert Jones and children, of San Diego, Cal., are expected in Denison some time next week for a visit at the home of her sister, Mrs. M. E. Jones. Mr. and Mrs. John James left the fore part of the week for Charter Oak where they will make an extended visit at the home of their daughter, Mrs. Chas. Jones. Sears McHenry is expected home the last of the week from Bredenburg, Sask., Canada, where he has been for the past week looking after the McHenry land interests. Mr. and Mrs. Bert McElwain and daughter, Miss Pearl, who reside on a farm near Charter Oak, motored to Denison Sunday to spend the day with his parents, Mr. and Mrs. M. L. McElwain. Evelyn Aylesworth, daughter of Mrs. Florence Aylesworth, is quite seriously ill this week at the family residence. We understand that she is suffering with an acute case of Bright's disease. Mr. and Mrs. C. L. Voss and son, Loyal, and Mr. and Mrs. E. Gulick are planning on an extended trip through the west in the near future. They expect to leave Denison early in June and will first go to San Diego for a visit with the Shaws and McMahons, who reside there. Mr. and Mrs. T. F. McGrath were down from Schleswig Monday spending the day with friends in Denison. Tom is a candidate for the nomination for county sheriff on the democratic ticket and says that it keeps him pretty busy these days going around the county meeting the voters. Mr. Nick Schluter had the misfortune to injure his hand quite badly in a power saw while working on the residence of J. E. Lyon just east of the central school building last Friday. Mr. Schluter was using the saw to cut some plank and in some manner his hand came in contact with the saw, causing a nasty cut.

Otto Vosgerau has started the erection of a fine new bungalow on his lots in the Cassaday addition. The bungalow will have nine rooms and a bath, and will have all the modern conveniences. B. F. Jones, of Mansfield, O., is spending a few days in Denison this week visiting at the home of his sister, Mrs. D. A. Patterson. Jones has been on his way to the coast and took occasion to stop off in Denison for a few days. O. F. Tiedler, of Fairfield, Iowa, arrived in Denison Monday to take charge of the shoe department of the Boys' store. Mr. Tiedler is a practical salesman and understands the shoe business thoroughly, having had a number of years' experience in this particular line. Miss Agatha Brummer left Monday for Arion, Iowa, where she has accepted a position as bookkeeper and cashier in a large department store. Miss Brummer is an expert bookkeeper and for two years has kept books for the Doud Milling company in this city. Undoubtedly she will make good in her new position. The annual meeting of the Woman's Home Missionary society was held at Stenandosh last week and Wednesday Penney, Criswell and Moell, delegates from the local society, report the meeting to have been one of the best in its history. Mrs. O. M. Criswell was elected president of the state association for the coming year and Mrs. M. A. Penney was elected to the office of corresponding secretary. Mr. Dyson, a cousin of Mrs. John Mount, arrived in Denison last week for a few days' visit. Mr. Dyson is an Englishman and has been in this country for the past two years working for the General Electric company. He tells us that this large manufacturing concern is only employing half the number of men as usual and says that the slump in business is due to the democratic administration. The J. M. society met with Miss Marguerite Haugh on Saturday evening and enjoyed a delicious three course dinner, which was served by the committee at 6 o'clock. The guests were seated at small tables which were prettily decorated with violets and hand painted place cards showed each guest her seat. After supper the evening was spent in playing games and all present report the meeting a great success. Congressman Maurice Connelly, of Dubuque, candidate for United States senator from Iowa on the democratic ticket, will be in Denison Friday forenoon and a portion of the afternoon. He is scheduled to arrive here at 9:20 a. m. and to stay until 3:05 p. m. We imagine all the democratic office seekers and a number of the rank and file of the party will be on hand to give the congressman a hearty welcome. Hon. Leslie M. Shaw stopped off in Denison several days last week for a visit at the Gulick and Voss homes. Mr. Shaw has been spending the winter in New York City and was on his way to San Diego, Cal., to join his family. Mr. and Mrs. E. Gulick, Mr. and Mrs. C. L. Voss and Mr. Shaw motored down to Jefferson Saturday morning to spend the day with Mr. and Mrs. S. J. Meison. They returned home that evening and Mr. Shaw left for the west Sunday morning. Leslie Gulick is without a doubt making good with the Morris Packing company, of South Omaha, for whom he has been traveling for the past year. During the time he has been working for them he has had charge of the western Nebraska territory and his work there proved so satisfactory to the officials that he has been promoted to a territory in northern Iowa, which of course means a larger salary. Leslie will make his headquarters at Mason City and will call on the trade in towns in northern Iowa. The new Hubbell building just east of the court house, is now well under way and a full crew of workmen are engaged in getting the foundation in. Mr. L. Hubbell tells us that the building will be full two stories high and the ground floor will be fitted up for a model store room, while the upper floor will be devoted to offices. The owner has not as yet rented the building, but doubtless by the time it is completed he will have many applications for the location is one of the best in the city. Members of the Presbyterian church have arranged for a formal installation of their new pastor, Rev. John C. Tourtelot, which will take place at the church tomorrow evening at 8 o'clock. The meeting will be conducted by a committee from the Sioux City Presbytery and Dr. Hamilton, of the First church of Sioux City, will preach the sermon. Rev. McIntosh, of Manila, will give the charge to the people and Rev. J. James DePree will be present to give the charge to the pastor. Undoubtedly this will be a very interesting and profitable service and everyone is cordially invited to attend. Dr. J. C. Robinson is now located in his new offices in the opera house building, and is a question whether there is a dental office in the state better equipped or of more pleasing appearance. Dr. Robinson has fitted up two operating rooms and has installed new fixtures for these. Everything about his offices is sanitary and the beautiful solid oak cabinets for the instruments are the latest word in dental office sanitation. Here the instruments are kept free from dust and dirt and each instrument is sterilized before it is used on a patient. Beautiful rugs and curtains go to give the rooms a homelike appearance. Dr. Robinson is to be congratulated on his new quarters.

SOCIAL NOTES. The Coffee club was elegantly entertained by Mrs. W. T. Wright on Thursday. An unusually jolly afternoon was enjoyed, after which an elegant supper was served. The table was very inviting with its tasty decorations and the menu an excellent one. Mrs. Simpson entertained a dozen little boys and girls Saturday afternoon in honor of the birthdays of her daughter, Edna May, and son, Harry. Very elegant refreshments were served at prettily decorated tables and dainty May baskets filled with nuts and candies were used as favors. The A. B. C. will meet with Mr. and Mrs. Scriber Thursday evening. The Friday club will meet this week in the club room for an interesting program. The J. A. M.'s met Tuesday evening with Miss Vera Peole for a Kensington. A pleasant social time was enjoyed and light refreshments served. The P. E. O.'s will meet with Mrs. W. H. Laub on Friday evening at 7:30 sharp. The Friscilla club had a very enjoyable session with Mrs. Brodersen Tuesday. After the social session a delicious lunch was served by the hostesses at the H. H. club on Thursday evening at the club room. On Friday evening a return dance will be given by the young ladies who enjoyed the May fete. The Germania hall will be used and the affair promised to be a swell affair. Mrs. Silcott will furnish the supper and it is expected that over forty couples will be present. Mrs. J. C. Robinson royally entertained the Coterie club and a number of guests on Wednesday. Fancy work and visiting filled the afternoon hours after which elegant refreshments were served. The Penelope club and a number of special guests enjoyed the hospitality of Mrs. C. F. Kuehne Tuesday afternoon. After the usual session of visiting and fancy work very elaborate refreshments were served. Miss O'Connor, of Whitewater, Wis., a sister of Mrs. Scriber, was a pleasant guest whom all were pleased to meet. Miss Marguerite Haugh will spend the last of the week in Des Moines visiting with her doctor, Mrs. McAAnulty, who is attending Drake university. The May festival will be held at the university this week. C. M. Dybro, the cloak and suit man at the Boys' store, spent Sunday in Omaha visiting his family. Mr. Dybro tells us that he expects to move his family to Denison early next month as he has found a suitable house in the city. Formerly he was a salesman in one of the large stores in Omaha and has had vast experience in cloak and suit departments. It was a pleasure for the Review reporter to visit the new offices of Dr. J. J. Meehan in the opera house block and see the modern fixtures and appliances that the doctor has, which are generally found outside of large cities. Dr. Meehan occupies the three north-east rooms in the new building and has one fitted up for a reception room, another for a consultation room and the third is an up-to-date operating room. The rooms are commodious and the doctor will have ample room for his practice. Beautiful oak furniture has been installed and Dr. Meehan has spared no expense in purchasing the latest fixtures for his operating room. The annual firemen's ball was held at the Bruderschaft hall in north Denison Friday evening and was largely attended. Music for the occasion was furnished by the Iroquois orchestra and everyone enjoyed a royal good time. The ball was a success financially, netting the firemen something around \$200.00. This money will be used in sending the firemen's team to Manning on the third and fourth of July to compete in the races at the annual tournament. Those should be no reason why Denison could win a number of the events at the county tournament for we are told that the team has better prospects than ever before. The track for practice work on north Main St. was put in condition last week and everything is ready for active work as soon as the weather settles down. It will be necessary for the boys to turn out for practice work each evening if they expect to win the races, for the other towns who will be represented have already commenced practice. The business men have donated liberally to help defray the expenses for the team and it is now up to the boys to make good and show that they appreciate the support that has been given them by winning some of the events at Manning. FORTS IN IOWA. More than a dozen forts or military posts were established at various times in the Iowa country, according to an article by Mr. Jacob Van der Zee, which appears in the April number of "The Iowa Journal of History and Politics" published by the State Historical Society of Iowa. These forts were built partly to defend the frontier from possible attacks by hostile Indians, but more especially to protect the Indians themselves from unscrupulous white traders and settlers who attempted to encroach on Indian lands. First came Fort Madison, built in 1808 on the site of the present city by the same name. Twenty-six years later Fort Des Moines, No. 1, was established where Montrose in Lee County now stands. Fort Atkinson was erected in 1840 among the Winneshiek Indians in what is now Winneshiek county. In 1843 came the choice of the site of the present capital city as the spot for the location of Fort Des Moines. No. 2. Then in 1850 Fort Dodge was established. Other important military posts in the Iowa country were Camp Kearney and Fort Croghan, both on the site of the present city of Council Bluffs; Fort Sanford, about twenty miles west of Fairfield; and a chain of block-houses built in 1862 in north-western Iowa.

A METROPOLITAN CANDY KITCHEN. Denison Candy Kitchen Now Installed in New and Permanent Quarters in Opera House Block. KITCHEN WELL WORTH A VISIT. Handsome Iceless Fountain, Wall Mirrors, Modern Show Cases, Etc., All Make Great Showing. The Denison candy kitchen is now installed in its quarters in the new opera house building and to visit the new establishment one would think that they are in one of the up-to-date ice cream parlors in a metropolitan city. The proprietors of the concern have gone to considerable expense in fixing up their new rooms and have installed all the modern fixtures and conveniences at a cost of several thousand dollars. The new iceless soda fountain is much handsomer than is usually found in a city of the size of Denison, but in purchasing it the proprietors felt that nothing was too good for Denison. It is of beautiful marble, highly polished, with silver trimmings and the woodwork is of solid mahogany. The show cases are of the latest pattern, being floor cases made entirely of plate glass. Handsome plate glass mirrors form a panel around the entire room and give a neat appearance. Not being able to handle all the trade on the first floor, a neat ice cream parlor has been fitted up in the basement where the overday business will be handled. The room downstairs has been made into a vineyard with small booths latticed off and these decorated with pretty vines twining through the lattice work. Artificial palm trees help to carry out the idea of a garden scene and one easily imagines that he is visiting some tropical garden, eating out doors in the shade of the palms. Back of this room and under the sidewalk is the plant for manufacturing ice cream and ices, and here will be found the most modern machinery for conducting such a business. A ten gallon ice cream freezer driven by an electric motor is used to manufacture the cream. The freezer does not require ice for a machine for the freezing of brine which is piped to the big freezer. It is well worth a visit to the candy kitchen to inspect the neat arrangement of the place and the proprietors are to be congratulated upon their enterprise in making it one of the best places of its kind in this part of the country. Although Jack Johnson is coming back for his new trial, there has been no organized rivalry among American cities to secure the honor of his presence as a permanent resident. Notice to Redeem. State of Iowa, Crawford County, ss. To M. G. Wiggins: You are hereby notified that at a sale of lands and lots for taxes, on the 6th day of December, 1909, by the treasurer of Crawford county, Iowa, the following described, to-wit: Lot Eighteen (18), Block Nine (9) and Lots One (1) and Two (2), Block Ten (10) in the Incorporated Town of Dow City, were sold to W. A. McHenry for the taxes of 1908, and that the right of redemption will expire, and a deed for said lots will be made, unless redemption from such sale be made within ninety days from the date of this notice. Dated this 2d day of May, 1914. 18-3t W. A. McHENRY.

THE COURT HOUSE BEING BEAUTIFIED. Expert Landscape Gardener is Employed to Beautify Capital Grounds and Now at Work. DENISON SUBSCRIBES SUM OF \$500 County to Care for Grounds and to Keep Shrubbery and Trees in a Good Condition. The grounds around Crawford county's capital building are to be beautified. This will be welcome news to every resident of the county for ever since the building has been in use the grounds have been an eye sore to the city and have been the cause of much unfavorable comment on the part of visitors to Denison. Through the efforts of George Naeve and Julius Baile in the neighborhood of \$500.00 has been raised among the business men of Denison to be used in purchasing suitable trees, shrubs and plants with which to ornament the court house square. While the expense of beautifying the grounds should be born by the county, the citizens of Denison have felt all along that the matter should not be neglected and so it was decided to raise the necessary amount by popular subscription. There was hardly a business man in the town but what felt right in with the idea of the needed improvement and in every instance the committee received a liberal donation. Arrangements have been made with Holm and Olson, expert landscape gardeners of St. Paul, Minn., to do the work and this firm will send a competent man to Denison to superintend it. The firm of Holm and Olson are among the best landscape gardeners in the west and have had charge of the beautifying of the George Naeve and George McHenry residence properties in north Denison this spring. The firm has already made blue prints of the plan to be carried out in the beautifying of the square and according to their plan 900 trees, shrubs, plants, etc. will be set out which will be ample for all purposes. Messrs. Naeve and Baile met with the board of supervisors recently and made the necessary arrangements for the improvement. Members of the board expressed themselves as being heartily in favor of it and have agreed to take care of the grounds in the best possible manner after the trees and shrubs are set out. They have already appointed a committee consisting of the county auditor, Charles Barteher and George McHenry to look after the cultivation and care of the shrubs. The raising of \$500.00 for the beautifying of the court house grounds is only another example of the public spiritedness on the part of our citizens. William A. Brady says there are not too good press agents now. Probably his definition of a good press agent is one who can persuade the editors to insert advertising free of charge. President Huerta would probably kick the American diplomatic representatives around more frequently if it were not too much trouble to walk.
