Death claimed another victim last Thursday when Detlef Brotherson, living north of this city, one of our pioneer farmers, succumbed to kidney trouble. Funeral services were held at the German Lutheran church Saturday afternoon. Rev. Karl Fauth conducting the services. Mr. Brotherson had been ailing considerably lately and had given up farming this spring and had just had a new residence built for himself and wife in this city. The residence was just completed last week and they intended moving in the day his death occurred. We extend our sincere sympathy to the bereaved relatives in their great loss. The storm here Friday evening did considerable damage, lightning killing quite a little livestock belonging to farmers near this city. The heavy wind also damaged a number of build-

ings. The following are the names of those suffering the most damage: John Jensen, William Goetsch and Harm Kruse.

The following is the obituary of Mr. Geo. Neumann, Sr., which we were unable to get in time for last week's issue. Mr. Neumann had been ailing quite a bit of late and died a week ago Friday while being taken to Omaha to consult a specialist. George Neumann was born in Germany Dec. 13, 1853, and died May 29, 1914, being 56 years, 6 months and 25 days of age. In 1871 he came to America, settling at Chicago, Ill., where he was united in marriage to Miss Anna Thies. Eleven children, seven girls and four boys, were born to this union: Mrs. Lena Kasperson, Mrs. Mary Georgitis, Mrs. Amanda Grochobock, Mrs. Anna Segebarth, Mrs. Emma Brockman, Miss Wilhelmina, Miss Alma John, William, George and Edward. Mrs. Neumann preceded her husband to the great beyond in 1901, leaving him with a large family to care for. Although not a strictly religious man, Mr. Neumann was always honest and never would try to injure or hurt the feelings of his friends. The funeral services were held at Arcadia last Monday forenoon. Rev. Engert conducting the services. Interment was made in the Arcadia cemetery. We join the many friends in extending our sincere sympathy to the children and relatives of the deceased.

The West Side boys were again victorious in the baseball game with Arcadia Sunday, coming out on the long end of a 5 to 3 score. Good for our boys, keep pegging away at it. West Side may yet be able to boast of a baseball team.

They Don't Change

Once a Hupmobile, always a Hupmobile. 70% of Hupmobile sales are repeat sales, or—they result from owners' recommendations.

Thousands of people who do not own Hups shift from car to car. Dealers—everywhere—will tell you that Hupmobile owners "stay put." Stop and think a moment—consult your personal experience.

Hup Owners "Repeat" Year After Year

Isn't it a fact that your next-door neighbor has had two or three or four Hups? If they change at all—and scores of them drive the same Hup year after year—isn't it a fact that they simply change to another Hup? If this is a fact—and you can satisfy yourself it is—isn't it a mighty important fact? Why are so many owners of other cars merely negative in their loyalty to these cars—while Hupmobile owners are uniformly enthusiastic? Why does the Hupmobile owner go out of his way to expatiate about the joys of his ownership? Why does he take it upon himself to urge others to buy the Hupmobile? You must know why it is, without being told. It can't be anything else but supreme satisfaction and continuous service at a lesser cost. If you think we are overly-enthusiastic—put it to the test. Go to your Hupmobile dealer and ask him to give you facts and figures!
