Why some women leave home!

- Because it isn't a HOME.
- Because—well, because it isn't like those modern, attractive, artistic, convenient, moderate priced HOMES shown in our magnificent \$15,000 Plan Book.
- They're all house—no waste space—one-half the steps saved in housework—the kind of a home you want your friends to visit—inspired by people who wanted to enjoy their homes.
- Over a hundred of the most beautiful designs of the year. You should see them, even if you are not going to build now—just to know how little it costs to build the Ideal Home.
- Full information is yours on request, without obligation—we are glad to show and explain these beautiful designs—we're proud of them.
- If you can't come, tell us, we'll take them to you at your convenience.

PURCHASES NEW HOME

E. C. Chamberlin Buys Residence of Mrs. L. A. Sewell on South Locust Street in This City.

A deal was consummated last week whereby Mr. E. C. Chamberlin becomes the owner of the residence property of Mrs. L. A. Sewell located on South Locust street. The deal was made through the J. W. Miller agency, the consideration being \$3,500, and Mrs. Sewell takes in trade the lot on East Broadway, which was recently purchased by Mr. Chamberlin.

The property will be occupied by the Chamberlins about September first, and we understand that they will make a number of improvements on it. It is a splendid location for the Chamberlin family.

The modern June bride prepares for new duties by having gowns fitted at the dressmaker's, rather than by taking a course of cooking with Mother in the kitchen.

Even in its lowest forms, human life is sacred, which is probably the reason why some people object when a lot of Mexican generals are lined up against the wall and shot.

After their gowns are ready, the graduates will begin to give some attention to writing their commencement essays.

YOUNG CHICKS

die of bowel trouble more than any other cause. It is estimated that of every 1000 chicks hatched each year less than 400 reach marketable size. Geromone cures rick, usually, 90% of chicks hatched. Geromone keeps the bowels regular. It prevents diarrhoea from overdrinking of water; from eating messy or spoiled food, etc. It should be given in drinking water twice a week from the day they are hatched. It stops the loss. Every chick that dies can be saved from the profit from the rest. Every chick saved will pay the cost of a bottle of Geromone.

One size only, 50 cents, at dealer's or postpaid.
