GERMOZONE'S Big Value

is not so much in its great efficiency as a remedy for roup, canker, chicken pox and other diseases of poultry, but it is the greatest bowel regulator in the world for either poultry or stock (including pot stock), counteracting, especially, bowel troubles due to many spoiled or improper feeds. With man, fowls or animals, regular bowels means health. Constipated irregularly means sickness, difficult to cure if not fatal. Thousands give Germozone regularly twice a week to chickens, young and old, and the same time having it ever handy as a ready remedy for other diseases. Sold by dealers or postpaid. One size only, 50 cents. FOR SALE BY E. KNAUL
