Floyd Lyman, of Superior, Neb., is in Denison this week visiting his brothers, Chet and A. E. Lyman.

Will Seemann and family and Rev. Joseph Stephen motored up from Dow City Sunday and attended the chautauqua.

On next Friday afternoon the city council will open bids on the new electric light plant and building, to be erected in Denison. The bids will be opened at 2 o'clock and it is expected a number of bidders will be present. It is to be regretted, however, that more time was not given in order that local contractors be permitted to bid intelligently. It is necessary that plans and specifications be forwarded to iron works, brick works and finishers, and the time being so short local bidders refused to bid. There has been some talk of extending the time for the benefit of local men, but what action will be taken remains to be seen. The specifications call for completion of the building by October 15th, but even then it is doubtful if the new plant can be installed before severe cold weather. Mr. Hill, of Iowa City, the engineer in charge, is expected in Denison today for a final conference with the council before the letting. Mr. Hill also has the engineering work for the Manilla plant, and bids will be opened at that place on the 23d.

Farm for Sale. I have for sale for a short time, one of the best bargains in western Iowa. It consists of 21.69 acres in Monona county, 2 1/2 miles from a good little town; has 160 acres now in crop and considerable more can be profitably farmed. Good set of improvements. Fine orchard, close to school, and in fact is an ideal farm and will make a good home. The owner of this needs some money, and has made a ridiculously low price on it in order to raise the money, and you need not think because of the price that it is poor land, for it is worth almost double what we ask, and I invite you to look it over and convince yourself. Price for a short time \$75 per acre, or \$18,000 will take it, subject to prior sale. Call me before coming. Frank Andrews, Moorhead, Iowa. 27-3t

Father Austin Fleming

Who Lectures at Chautauqua Tomorrow (Thursday) Afternoon on "Oil for Life's Machinery."

Father Fleming was born in Tasmania and grew up under the very shadow of the great prisons which England so long filled with men she had deported for political and religious reasons.

He comes of an illustrious Irish family. His grandfathers was a well known associate of Thomas Davis, the Irish poet and rebel. He was a victim of fierce strife and with many others was transported to Tasmania. Later his family followed, and the penal colony became their home.

Father Fleming saw the old atrocities. He relates tales of how government cut-throats shot of sharks to infest the coasts to act as guards against escape. He was schooled in pity and compassion throughout his youth and is qualified as few men are to talk feelingly of the need of brotherhood.

QUINTANO AND HIS BAND.

CHAUTAUQUA patrons have come to expect that the music for at least one day will be furnished by a great band, and Quintano is bringing his splendid organization to fill the bill. By leaps and bounds this young director has forged to the front. He has a wonderful band of full and varied instrumentation equipped to render in prime fashion the great band selections. Quintano is a genius of eccentric stage habits and full of musical enthusiasm.

This Great Musical Organization will be heard at Chautauqua Tomorrow (Thursday) afternoon and evening.
