SHERIFF ROCK VISITS DENISON

Harrison County Sheriff in Possession of Property Stolen From F. F. Ranniger Some Time Since

ARRESTS ONE CHARLES BROWN

Prisoner Attempts to Ship Suit Case From Missouri Valley to Des Moines and is Apprehended.

Sheriff Rock of Harrison County visited Denison on Tuesday and while here stated that he has in his possession some of the goods that were stolen from the F. F. Ranniger home just east of Denison in the college addition on Monday, July 12th. Mr. Rock arrested Charles Brown, a well known character in Denison some weeks ago for robbing a store in Harrison county and captured the young man with the goods on him so he states. After lodging him in the Harrison county and captured the young another prisoner with whom Brown confided, that the day prior to his arrest he had expressed a suit case to Des Moines with some goods which he had stolen.

The sheriff made a flying trip to Missouri Valley and managed to get the suit case before it was shipped out. Upon going through it he happened to find a calling card hidden in the bottom under a newspaper which gave the name of Mrs. F. F. Ranniger, Denison, Iowa. Mr. Rock came to Denison today to get a description of the property that was stolen from the Ranniger home and informed the Review that it tallies exactly with the things he has in his possession at Logan.

It will be remembered that Mr. H. M. Clark, who was working for Mr. Ranniger, sustained the heaviest loss as \$200.00 in money, two suits of clothing and a fine gold watch together with an insurance policy and some gold medals he had received while serving in the First Illinois regiment. The clothing was found in the suit case, together with one of the gold medals and Mr. Rock believes that he will have no difficulty in tracing the other stolen goods.

The Ranniger home was broken into while the family were in Denison attending church, a screen door being forced open and the thief ransacking every room in the house. The previous night the local freight depot was broken into and several boxes of merchandise were opened but the loss was not ascertained.

Whether or not Chas. Brown is connected with the robberies here in Denison is not known but it seems peculiar that he should have known of this suit case and told his fellow prisoner that he had shipped it to Des Moines. He will not be prosecuted for these offenses, however, as he is to answer a more serious charge in Harrison county.

TERRY RESIGNS POSITION.

Gives Up Place With Crawford County Telephone Company to Manager Kelly Shoe Store.

W. E. Terry has tendered his resignation to the Crawford County Telephone company, to take effect the 15th of this month, and will take up the management of the Kelly shoe store in this city. Mr. T. J. Kelly, of Des Moines, was in Denison last week and made Mr. Terry such a flattering proposition that he decided to make the change. Mr. Ralph Norris, the former owner of the store, will resign from the business, and we are told that he has accepted a position as traveling salesman for the wholesale shoe company which is headed by Mr. T. J. Kelly.

Mr. Terry will make an able manager for the store and with his previous experience in the mercantile business should find no difficulty in handling the proposition. For the past year he has been in charge of the business office of the telephone company, where he has handled all matters to the satisfaction of both the officials and patrons of the company. He is a conservative business man and with his wide acquaintanceship over the county should be able to increase the business of the shoe store considerably. Mr. Kelly could not have made a better selection than Mr. Terry for manager of his local store.

Manager Trager as yet has not filled the vacancy caused by the resignation of Mr. Terry. He will retain Miss Mildred Terry in the office in charge of the book work and will devote considerable of his time to the business affairs until some other arrangement is made.

Edward Krohnke, of Schleswig, and Miss Amanda Henkel, of Berne, were married this morning at 8 o'clock at the German Lutheran parsonage in Denison, Rev. Wm. Frese officiating. George Hollman, of Schleswig, and Miss Mary Henkel, sister of the bride, were the attendants.

Candidate for state senator, Hon. James Dewell, of Missouri Valley, accompanied by Mr. George Kellogg, was a Denison visitor Tuesday. While in Denison Mr. Dewell met a number of our people, who were pleased with Mr. Dewell's personality. The campaign is young as yet, and Mr. Dewell's visit at this time was not in the nature of a campaign, but rather a visit for the renewal of old acquaintances.

Tuberculosis, Preventable and Curable

Des Moines, Aug. 12.—(Special)—Evidence is constantly accumulating that the great state campaign against tuberculosis is bearing a rich harvest. The people of Iowa in adopting open air methods of living and especially sleeping, have done more to decrease the incidence of tuberculosis than at first may appear. Rest in the open air has come to be regarded as essential to health. To sleep in open porches or in open bedrooms is deemed now a necessity, winter as well as summer.

To keep the resistance of the body at its normal power is now known to be the best method of prevention not only of tuberculosis, but other diseases as well. Thousands of our people are now living open air lives and enjoying freedom from coughs, colds and respiratory difficulties which formerly bothered them and made life miserable.

Then, too, the great tuberculosis education has sent hundreds to the state sanatorium, where they have received most splendid training in the treatment of their disease. Oakdale has demonstrated two facts: One, that tuberculosis is a curable disease in its earlier stages, and two, that persons recovering must earn the cure. The many co-operating influences now at work give sure promise of the ultimate control of tuberculosis in Iowa. Let the pace not slacken even in the heated period of the summer months.

PRICES OF FOOD IN U. S. BOOSTED

Continue to Rise All Over Central Western States.

Chicago, Aug. 12.—War prices for food continue to spread over the entire central west.

Four proposed congressional inquiries to determine why prices should go up in the face of the record-breaking harvest and the cutting off of the European markets failed to check the advance.

One of the causes given for the advance was that the farmers and stock raisers are holding their products in the hope that the demand from Europe, if it can be filled, will send prices to a new high level.

"Prices are going up no faster than the cost of raw material," said F. E. White, a director of Armour & Co.

"All classes of meat are advancing in price; this is only natural because we are now called upon to live on our own supply of cattle and hogs, and at the same time Europe wants to buy from us, being unable as yet to import from South America and Australia.

Tinned and barreled meats, principally pork, are especially adaptable to army use. Firms manufacturing these commodities are not giving quotations on them, stocks in this country are too limited.

GOODRICH TWP. RESIDENT DEAD

Dietrich Vannier, Respected and Prosperous German, Suddenly Stricken on Monday Morning.

BRIGHT'S DISEASE THE CAUSE

Funeral Services Held This Morning From the Lutheran Church, Rev. Wm. Frese Officiating.

Dietrich Vannier, a highly respected farmer of Goodrich township, passed away at his home on Monday, August 19, the cause of his death being due to Bright's disease. Mr. Vannier had been suffering with the disease for some time and all efforts to check it were of no avail and death came as a relief after many days of suffering.

The deceased was born April 7, 1849 in Hanover, Germany and was at the time of his death, 65 years, 4 months and three days old. He received his education in Germany, living there with his parents until he was thirty years of age. On the first day of June, 1878, he was united in marriage to Miss Louise Balsek, who still survives him. A year after their marriage, they came to America, settling in Crawford county where they have since resided. Two children were born to this union, namely Mrs. Sophia Linde, who resides near Vail and Dietrich Vannier, who resides at the home place in Goodrich township.

Mr. Vannier will be greatly missed not only by his immediate family but by a host of friends in this county. He was an upright industrious man and won the respect and esteem of all with whom he came in contact.

The funeral services were held this morning from the home in Goodrich township and the remains were brought to Denison where services were held at the German Lutheran church, Rev. Wm. Frese officiating, at 1 o'clock, after which the body was laid to rest in the Lutheran cemetery. The pall bearers were Detlef Heide, Louis Heide, Ernst Voss, Herman Bur-

SYLVAN LAKE IS ONE OF GRANDEUR

Mr. and Mrs. George Naeve Return Home After Four Weeks Spent at Beautiful Lake.

ALSO VISIT CITY OF DEADWOOD

At Leeds Mr. Naeve Visited Famous Homestead Mine and Says They Produce 4800 Tons Daily

Mr. and Mrs. George Naeve returned Friday morning from a four weeks' vacation trip, which they spent visiting at points in South Dakota. They were accompanied by their daughter, Miss Chas. Tabor, who stopped off at Deadwood, Neb., on the way home to visit Miss Pearl Wilson.

Three weeks of the time was spent at Sylvan Lake, a beautiful body of water 6,200 feet above the sea level. Mr. Naeve says that Sylvan lake is an ideal place to spend a vacation and that it is conceded to be a marvel of grandeur and beauty, surrounded by granite granite walls in novel shapes, and many beautiful drives, giving magnificent views of deep canyons, mountains and valleys, and the forests of tall pine and spruce trees. They enjoyed their three weeks' sojourn at this beautiful spot immensely.

From Sylvan Lake they went to Deadwood, where they had the pleasure of meeting a number of friends of Mrs. Chas. Tabor. While at Deadwood they took several side trips and visited the Spenrith canyon, Hot Springs and Leeds. Mr. Naeve was greatly impressed with Leeds and says that it is one of the greatest mining towns of the west. The Homestead mines at this place are producing 4,800 tons of gold ore each day and there is enough more ore blocked out to keep the mines in operation for 100 years at least.

Twenty years ago Mr. Naeve visited Hot Springs and he was more than surprised at the improvements that have been made during that time. While there he visited the government sanitarium for old soldiers, which was erected at a cost of \$7,000,000.
