ALLIES ARE IN CONTACT WITH FOES

MEET ALONG LINES

FRENCH OFFICIAL STATEMENT SAYS FORWARD MOVEMENT CONTINUES.

WAR SUMMARY.

The French official statement says the allied armies are in close touch with the Germans north of the river Aisne and in the neighborhood of Rheims.

In this territory General von Kluck's army is apparently making ready for a stand while the other German armies under Von Buelow, Von Hausen, the crown prince and the duke of Wurtemberg are falling back, and in so doing are endeavoring to maintain an undivided front.

President Poincare and Emperor Nicholas of Russia have exchanged telegrams of felicitations on the victories credited to French and Russian armies.

Russian official reports announce that no fighting has occurred in the last twenty-four hours in east Prussia and that the Russian troops, having extricated themselves from a difficult position, are awaiting further movements.

From Berlin comes the announcement that the Austrian troops have repulsed the Serbians all along the line of the river Save.

The Japanese troops who are marching against the German protectorate of Kiauchau in China, have captured the town of Chimo, a short distance outside of the Kiauchau zone. The first encounter between the German and Japanese land forces continued at this point. Reports from Washington describe

government officials and diplomatic representatives as showing expectancy that the Kerman emperor would make early answer to the informal peace inquiry made by the United States.

Paris, Sept. 16.—The official communication issued by the French government says that the allied armies are in close contact with the Germans everywhere, and that the forward movement continues between the Meuse and Argonne.

The text of the communication is as follows:
"On our left wing our armies are in close contact with the enemy on the whole front from the heights north of the river Aisne west and south of Rheims.

"On the center our forward movement between the Argonne district and the Meuse continues.

"It is absolutely untrue, as has been published time and again by the official Wolff agency, that the army of the crown prince is hesitating and bombarding Verdun. This city has never been attacked. Only the fort of Troyon, which is not a part of the defenses of Verdun, but protects the heights of the Meuse, has been bombarded on several occasions.

"It is known that the violent attacks of which it has been the object have not succeeded and that it has been relieved.

"There is nothing to report concerning the right wing."

Prepare to Make Stand.

London, Sept. 16.—The battle of the Marne has about come to an end and although the allied armies are keeping in touch with the retreating Germans. It is evident the latter are taking up positions to stay the northward advance of the British and French.

General von Kluck with his army has made a stand north of the river Aisne on a line marked by the forest of L'Aigle and Craonne, while the armies of Generals von Buelow and von Hausen, the duke of Wurtemberg and the crown prince are falling back to straighten out the front on which the next big battle is likely to be fought.

Accused of Immoral Acts.

Des Moines, Sept. 16.—Harry C. Reedy, Milwaukee fireman, was arrested at Peery by a deputy United States marshal, charged as a white slayer in having transported Mary A. Prescott, now his wife, from Omaha to Denver, for immoral purposes. He pleaded not guilty before Commissioner Fitzsimmons and later was released on his own recognizance.

DISTRICT COURT HAS BUSY WEEK

August Ingwersen vs Carr & Brannon Case Taken Considerable Time, Occupying Most of Week.

16 APPLICATIONS FOR PAPERS

Last Week Taken Up With Naturalization Work, Defaults and With Trials to the Court.

The district court is grinding away on the second week of the term with Judge Powers presiding. The jury came on Monday afternoon and within a few moments after court convened a jury was being impaneled to try the case of August Ingwersen vs Drs. Carr & Brannon. It took the afternoon to select a jury and it was not until Tuesday morning that the opening statements were made by counsel in the case. Mr. Ingwersen offered practically all his testimony during Tuesday and this forenoon. The evidence on the part of the plaintiff tends to show that on July 15, 1912, while Mr. Ingwersen was plowing corn with a walking tongueless cultivator his team, which was somewhat fractious, became frightened on account of the wind disturbing a field of small grain adjoining the corn field and one of the horses sprang in such a manner as to cause the other horse to fall upon the ground and to throw upon him a portion of the cultivator. Mr. Ingwersen, himself, was thrown to the ground and either came in contact with some object that caused a fracture of the humerus of the left arm or the fracture was caused by pressure of some kind. The collision that threw him down caused him to become unconscious for the time being, and he is not able to give a very rational account of just how the accident happened. When he recovered consciousness he discovered that his left arm was broken and that he was helpless to move it about. He found his way to his home, perhaps a quarter of a mile away, and sent for a doctor who responded within an hour, or a little later, after the injury. The case has been under treatment since the date of the injury. Drs. Carr & Brannon, of Denison, having been originally employed, and later a doctor in Sioux City. It is for the court and jury to determine whether there is any liability on the part of anybody for the condition in which the plaintiff finds himself.

This case will probably occupy the greater portion of this week, after which the contest over the will of Frieda Dobals will be tried. This is another case which will occupy several days of the court's time and, in all probability, these two civil cases will consume most of the court's time during the remainder of the term. There are some criminal matters that will demand the court's attention to the exclusion of civil business.

Last week was taken up with defaults, trials to the court and naturalization work. The case of Marks vs Marks, which had been tried and a divorce granted years ago, was up for modification of the decree. The plaintiff to whom the divorce was granted, desired to remove with the children out of the state. The court denied this relief, but made some more explicit order in relation to the amount to be paid by the father for the benefit of the children.

The case of Lamp vs Lamp was another divorce case tried, the husband bringing the action. The wife applied, filed a cross petition and asked separate maintenance from the husband. The plaintiff evidently failed to impress the court with his cause of action and his petition was dismissed. On the cross petition of the defendant a great deal of evidence was introduced, some of which was of a sensational character and presented the husband in such a light that the court taxed the husband up with a substantial amount for maintenance of his wife, which he has to pay in monthly installments. The only satisfaction, if any, which he gets out of the case, is to know that he has a lawsuit, even though it cost him something to have it.

In the case of Mrs. Belle Sprecher vs Giddings, for quieting title, a decree was rendered against the defendant. In the case of George Naevie vs Walter Henning, an order of the court was made authorizing Mr. Naevie, as guardian of the defendant, to join with the brothers and sisters of the defendant in conveying certain property to their mother upon the payment of the value of the land.

In the case of Johanna Hartwig et al vs Margarita Theodor et al, which was an action of partition, the court ordered the sale of some property in Denison, inasmuch as it appeared it was of such a character that partition could not be made advantageously. The property will be sold and the proceeds divided among the heirs, there being a very large number of them.

The application of W. A. Stueck, a druggist of Deloit, for a permit to sell intoxicating liquors, was granted.

The grand jury concluded its work on Thursday afternoon and went home for the term after having found several indictments. Why Blair was indicted for forgery, in presenting a check at the Bank of Arion purporting to have been drawn by the Manning Produce company, John Bolton and W. J. Jones were indicted for break-

RAINY WEATHER, POOR CROWDS

Arion Fair Greatly Handicapped by Weather Man Who Showed No Pity for Management.

FINE DISPLAYS AND EXHIBITS

Program of Races Was Carried Out on Friday and Saturday—List of the Winners.

Arion, Sept. 15.—(Special to the Review)—The extremely disagreeable weather of the past week was a hard blow to the annual fair of the Crawford County Agricultural society and the attendance was the poorest in the history of the fair.

Tuesday was the day of entering, and while a drizzling rain set in early in the morning, there was a continual stream of people bringing entries to the fair grounds. Never before had there been as many entries as this year and every department had an exceptionally large display. Floral hall presented a most interesting aspect before the close of the day for here was found the best produce of the farm from all sections of the county. There were many fine specimens of small grain, fruits, garden truck and entries in cooking and needle work by the women folks. The school display was particularly interesting and County Supt. F. N. Ory was more than pleased with the showing made by the students of the rural schools.

The fair was officially opened on Wednesday, but the day was so miserable that no attempt was made to carry out the fine program that had been arranged. Thursday was a repeater and more rain fell from the heavens, which dampened the ardor of even the most sanguine and the program was again given up. Thursday was to have been republican day at the county fair, but as the weather was so bad this was given up and the speaker was notified not to come.

Friday was democratic day and fortunately the storm cleared up and allowed people to attend the festivities. Congressman Maurice Connolly was present and delivered the speech of the day before the fair sized crowd. It was an able address and all enjoyed the fine speech that was delivered.

The Displays.—Floral hall was most interesting. Beautiful fancy work took up two walls and the culinary department was crowded with a tempting display of pies, cakes, cookies and bread of different kinds. The school display in this building certainly showed great credit to the school children of Crawford county. There were beautiful

maps, nicely made aprons, pillow cases, handkerchiefs, etc., and some very fine corn which was grown by the school children from seed corn furnished them by the county superintendent. The department of education attracted many visitors and all were pleased with the showing.

There was a fine display of farm machinery and stock of all kinds. The shelves of jelly, pickles and canned fruit were well filled and the display was greatly admired. The ladies had a fine new building in which to display their entries and the credit for this is due to Mrs. Nichols, who loaned the money to the Aid society to erect it. The society cleared \$60 and wish to thank all who helped them.

The Program of Races.—The program of racing was carried out on Friday afternoon and again on Saturday and the races furnished many thrills for those in attendance. Below we print the list of races for the two days, with the names of the winners and their owners.

Friday, September 11th.
Special Trot or Pace: Biscuit, owned by Bob Taylor, 1st; Banner Pete, owned by A. C. Gray, 2d; Dix Special, owned by Glascock, 3rd.
One-half Mile Dash: Lizzie B., 1st; Tom Collins, 2d; Chas. McNabb, 3d. Baleshed, Ethel Berry and Gold Dollar also ran. Time: 51 1/2.
One-half Mile Dash: Lizzie B., 1st; Little F., 2d; Miss Hasberg, 3d. Frank James, Brown and Riley also ran. Time: 51 2/5.

Saturday, September 12th.
First Race: Trot for Unmarked Horses: Easy Win, owned by J. Mayer, 1st; Belinda, owned by G. W. Wiggins, 2d; LeMar, owned by J. Mayer, 3d. Best time 2:40.
Special Trot or Pace: Albert E., owned by Pete Eggers, 1st; Dex Special, owned by Glascock, 2d. Best time 2:22.
Three-quarter Mile Novelty: Tom Collins won the quarter and half; Lizzie B. the three-quarters; Little Ethel, Chas. McNabb, Frank James and Geo. Cullivan also ran. Time 1:20.
Relay Race: Cleveland team won. One-half Mile Dash: Geo. Cullivan, 1st; Maggie B., 2d; Ethel Berry, 3d; Riley, 4th. Time: 52.

Among the Exhibitors.—Everyone of course was interested in the live stock exhibits and while the entries were not as numerous as in previous years, it was the opinion of all that they were better than heretofore.

There were numerous entries of cattle, among whom we mention Mott McHenry, Swiss cattle; Ira Chase & Sons, of Buck Grove, Polled Durhams; Mr. Argotsinger, Herefords, and the O'Shea Brothers, Polled Durhams.

The pure bred hog exhibits were

A PLAY GROUND FOR CHILDREN

Denison Citizen Donates \$500.00 for Playground Paraphernalia to be Placed on School Grounds.

THE CHILDREN SOUND PRAISE

First of the Material Has Already Arrived and Will Be Installed at West Brick School.

Several hundred school children in Denison are sounding the praises of some public spirited citizen whose name they do not know, for his donation of \$500.00 for playground paraphernalia, which is to be installed on the school grounds at the west brick and central school grounds. This man approached the members of the school board several weeks ago and told them that he wished to give to the boys and girls of Denison a first class playground and that he would be glad to give \$500.00 for the purchase of the necessary material such as is found on playgrounds in cities. The school board only too gladly accepted his offer and set about to purchase the material.

The first of the material arrived this week and is now being installed at the west brick school. There is a giant stride, which is something on the order of a merry-go-round, consisting of a high steel pole from which is suspended a number of ropes, allowing the children to run and swing around the pole. Then there is to be a slide; something on the order of a toboggan slide with a wide trough starting several feet above the ground and sloping gradually to the ground.

Supt. C. E. Humphrey tells us that some of the material will be located at the central building and he hopes to be able to purchase additional material so that the north brick students may enjoy the use of a real playground such as is found in cities.

Case Which Was Set for Yesterday Postponed on Account of the Illness of Judge McPherson.

Word was received in Denison yesterday from Council Bluffs that the trial of Andy Bowling, which was to have taken place yesterday in the federal court, has been postponed on account of the illness of the federal judge, Smith McPherson.

It is not likely that Bowling will be tried at this term of the federal court and doubtless the case will be continued until the spring session.
