LABOR WORRIES WARRING NATIONS.

Photos by American Press Association. The vast coal strike in Wales with which England had to contend and the threatened strike in the big Krupp works at Essen, Germany, have been the topic of much discussion recently. The photos show a gun room in the Krupp works and Welsh miners.

LIFE WAS A TRAGEDY, SAID IOWA WOMAN

Mrs. William Litzberg, of Montezuma, Iowa, suffered from stomach troubles for a long period. She grew weak as a result of the failure of her digestive processes. She was always tired.

Then came Mayr's Wonderful Remedy and showed her the way back to health again. The first bottle, the very first dose, put Mrs. Litzberg on her feet. She wrote:

"I have taken four bottles of your Wonderful Remedy. I can't be thankful enough for it. I must say that it is the best medicine that I ever tried. I was so weak that I did not think life was worth living—had no appetite—everything I ate worked against me, but now I can eat anything at all that looks good. I feel so strong—have been able to do a good day's work

ever since I took the first bottle."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

The hot weather has plainly been getting on Secretary Redfield's nerves and, when criticised for the manner in which he is conducting the "investigation" of the Eastland disaster, he burst into what the despatches describe as a "heated speech."

We can easily believe the story. It is typical of the department chiefs in this administration. Any one of them thinks life was worth living—had no appetite—everything I ate worked against me, but now I can eat anything at all that looks good. I feel so strong—have been able to do a good day's work

The First of the New Fall Hats. Will be presented tomorrow for your inspection and--we hope--your approval! It required both effort and experience to gather this assortment of Fall millinery. We carefully excluded fashions that were at all doubtful and purchased only the styles that are of assured correctness. It is our pride that this display is authoritative! Here are the medium and large hats in sailor effects; they are rivalled in beauty only by the oblong turbans and tricorns. The styles are simple, and this simplicity is accentuated by the meagreness of trimmings. The new hats are exceedingly smart and becoming—even more so than in previous seasons. A notable feature of this display is the uniformly fair prices that prevail. The Baller-Brodersen Co. Crawford County's Greatest Store Denison, Iowa
