DENISON, IOWA, WEDNESDAY, JUNE 14, 1916

No. 24

SHAW ATTENDS FLAG UNVEILING

Donor of Beautiful Electric Flag Will Attend Unveiling Ceremonies at Court House This Evening.

TELLS OF CHICAGO CONVENTION Says Hughes Will Poll Larger Vote Than Any Other Man in the United States.

Governor Leslie M. Shaw arrived in Denison Monday and will be in attendance at the exercises this evening of the unveiling of the electric flag which he presented to the city, and has been prevailed upon to deliver an address at the exercises. The many friends of the governor are delighted that he is in the city to take part in the exercises and doubtless there will be a large crowd in attendance to hear him speak. The exercises will be held at the south entrance of the court house at 8:30 o'clock. A fine program, consisting of music and speech making, has been arranged and at the close of the program the flag will be illuminated.

Governor Shaw arrived in Denison Monday and in stopping at the home of Mr. and Mrs. E. Gulick, where his wife has been visiting for the past two weeks. Last night he was in Manila and opened the republican campaign in Crawford county, delivering an address on preparedness before a big crowd. For the past two weeks he has been in Chicago in attendance at the republican national convention, and maintained headquarters at the Congress hotel. It will be of interest to his many friends in Crawford county to know that he took a prominent part in the convention and was called upon to confer with the national leaders of the party on numerous occasions. He is taking an active interest in the coming campaign and will deliver many speeches throughout the United States in the interests of Hughes and Fairbanks. Mr. Shaw is a firm believer in preparedness and is said to be the instigator of the preparedness propaganda which has been sweeping through the country.

Governor Shaw, when asked for a statement concerning the result of the Chicago convention, replied: "I am well pleased. Justice Hughes will poll a larger vote than any other man in the United States and he will make a most excellent president.

"Few people know Charles E. Hughes. He is a unique character. A position on the supreme bench is most dignified and must have been congenial to a man of his temperament, but Charles E. Hughes never says no to duty. He let it be known that he did not desire the nomination, but further than that he would not go. He would have responded to the call with equal promptness and perhaps with less tears had he known that it meant defeat or even assassination. This comes from his deep, abiding and unswerving christian character. He would go to the stake with equal promptness as to the presidential chair if duty as he understands it so demanded.

"The only criticism anyone has ever offered of Justice Hughes is of a political character. It is said that he is not sufficiently appreciative of the work of his friends. But he never asks favors nor grants them. Duty is the one pole star of his private and public life. Gen. Grant said of himself, 'I have never sought a position of honor or preferment, and have never declined one.' This is the highest standard of the American citizen and no man whom I have personally known so completely measures to that standard as does Charles E. Hughes.

"Vice President Fairbanks is equally well known. He is a man of unimpeachable character and a very lovable man.

"The campaign will be most interesting and I hope free from acrimony. For a number of years we have had personal politics as distinguished from party politics and abuse and misrepresentation have been freely indulged. This campaign bids fair to be free of these objectionable features."

A landscape gardener from Des Moines was in Denison the latter part of the week and planted the shrubbery and trees around the federal building according to the plans sent out by the United States government. It required three days to complete the work and it will not be long until the grounds will present as pleasing an appearance as the court house square, which was beautified by trees and shrubs two years ago.

HEART FAILURE CAUSES DEATH

News Received in Denison Saturday Evening of the Death of Michael Gaffey at Miami, Ariz.

Mr. and Mrs. Patrick Gaffey received a telegram Saturday evening advising of the death of their son, Michael Henry Gaffey, which occurred at Miami, Ariz., early that morning, the cause of his death being due to heart failure.

The deceased was about forty years of age and was born in Illinois and came to Denison with his parents, residing here until about twenty years of age. For the past few years he has been located at Miami, Ariz., where he was employed in the smelting works.

Besides his parents he leaves to mourn his death two sisters, Mrs. Geo. Rostorf, of North Bend, Neb., and Miss Kate Gaffey, of this city, and one brother, T. F. Gaffey, of Omaha.

The remains are being shipped to Denison and funeral services will be held at St. Rose of Lima church on Friday.

The Review joins with the many friends of the family in extending sympathy in this, their hour of sorrow.

Mr. Clayton Lane, of Indianapolis, is spending the week in Denison, a guest at the home of Mr. and Mrs. Hugo Gebert. Mr. Lane is a newspaper man and has been in the employ of the Register and Leader at Des Moines for the past few months. He is on his way to Helena, Mont., where he has accepted a position as editorial writer on a daily paper.

L. D. S. CONFERENCE HELD IN DENISON

Quarterly Conference of Gallands Grove District of Latter Day Saints Held Last Week.

21 COUNTIES ARE REPRESENTED Large Number in Attendance at Conference—Old Fashioned Dinner—Meetings All This Week

The quarterly conference of the Gallands Grove district of the Latter Day Saints church was held in Denison on Friday, Saturday and Sunday, and was largely attended, their being representatives present from twenty-one counties in the state.

Some important changes were made in the personnel of the conference officers, Bishop C. J. Hunt being released as president of the district and financial agent, in order that he might assume the more important duties as bishop of the Holden Stake, soon to be organized at Holden, Mo. During his service for the church as financial agent in this district he has collected upwards of sixty-five thousand dollars, which has been used by the church to ward the spreading of the gospel and assisting the needy. Bishop Hunt will be missed greatly throughout the entire district.

Elder Carl A. Anderson was selected to succeed Bishop Hunt as financial agent and Elder J. L. Butterworth was chosen to preside for the district. Elder Butterworth has appointed as his counselors Elder J. B. Barrett and Carl W. Winey.

At the Sunday morning service of the conference three young men were ordained to the office of elders of the Melchisedec priesthood. In the afternoon two were baptized, six were confirmed and two children were baptized. One of those old fashioned dinners was served in the tent at the rear of the church during the noon hour and was enjoyed by a large number of people.

Visiting members of the priesthood in attendance at the conference were J. M. Baker, R. L. Parker, Burton McKim, J. C. Crabb, D. R. Chambers, C. E. Harpe, C. J. Hunt, C. E. Butterworth and J. B. Barrett.

Meetings will continue at the chapel each evening this week, to which everyone is cordially invited.

TO PAVE FIFTEEN MORE BLOCKS

At a Meeting of the City Council on Tuesday Evening Decided to Pave Some More Blocks

TO PAVE TO THE I. C. DEPOT Remonstrance Petition Up Was Tabled—Paving Progressing Rapidly—Hard to Get Gravel and Sand

So well pleased are the residents of Denison with the new pavement that they have prevailed upon the city council to lay a number of additional blocks this summer. The city fathers held a meeting last evening, at which time it was decided to pave from the intersection of Tremont street down Court avenue to the Illinois Central tracks, also from the intersection of Church and Sweet street south to the Northwestern freight depot past the Carnegie library and the Presbyterian and Baptist churches. An additional two blocks will be ordered in from the intersection of Railroad avenue and Locust street past the Doud mill to the Northwestern tracks and on State street from Locust to Main street.

This additional pavement will go through the regular legal process and notices will be published in the local papers next week for the same. The council took the matter up with Mr. M. L. Pinn, of Sioux City, yesterday and asked if he would do the additional paving at the same price which he contracted for before. Mr. Flynn stated that inasmuch as it would be necessary to receive bids on this additional work, he would not care to make known what his bid would be, but we understand that the price will be as low or lower than the paving which is now under way.

There has been considerable complaint over the fact that the pavement only went to one depot and the council felt that it might be well to have the streets paved to both depots this year rather than to put it off until another year. City engineers will be over the court house on down past the I. C. freight depot up to their tracks. This will make a fine stretch of pavement and one that will be used as much as any of the other streets originally ordered in.

We are told that there is a movement on foot to pave east Broadway from the J. P. Jones corner to the P. W. Hartung corner. Property owners in this block have petitioned the council for this improvement and it is to be disposed of at a meeting to be held next Tuesday evening.

A remonstrance petition dealing with the grade at the J. P. Jones corner was brought before the council last evening, but no action was taken. There has been considerable trouble over the grade at the intersection of Locust and Broadway in front of the Jones residence and after thoroughly canvassing the matter the council decided to raise the grade a few inches. Property owners residing east of this corner petitioned the council to leave the grade as it was in the first place, but there is little likelihood that they will be able to prevail upon the city funds to do so.

Paving is progressing rapidly, most of the work in North Denison now being completed. The contractors are having considerable difficulty in securing sand and gravel and this is delaying the work to some extent. Mr. Pinn is purchasing this material at Lake View and has made several trips up there to see if shipments could not be made more regularly. It seems that the concern selling the gravel and sand is so rushed that they are unable to supply the demand, notwithstanding the fact that they have only recently installed additional equipment to handle the work. There is no better material available in the state for concrete work than at Lake View and they are supplying sand and gravel for most of the paving contractors in western Iowa.

The Ward & Weighton company, who have the contract for laying the new water main from the deep well to the standpipe and also for the construction of the concrete reservoir near the power plant, have their men on the ground and work will be started at once.

The board of supervisors met Tuesday as a board of canvassers to canvass the returns of the primaries held last week. Already a few mistakes have been found, but it is not expected that the results will differ much from the vote as printed in the last issue of the Review.

DELOIT BALL TEAM DEFEATED.

Stars and Stripes of Omaha Won Sunday Game at Deloit by Score of 3 to 1—Good Fast Game.

Deloit, June 12—(Special to the Review)—The Stars and Stripes of Omaha defeated the Deloit ball team at Deloit Sunday afternoon in one of the fastest games of ball ever witnessed in this section, the score being 3 to 1. The game was featured by good fielding by both clubs. Clyde Goss who was playing center field for Deloit handled several difficult chances without a bobble, and Winey also featured with a shoe string catch in the seventh inning.

The Stars and Stripes are a good clean bunch of ball players and proved to be a good attraction. Patrick and Preibis did the battery work for Deloit.

Next Sunday the Deloit club will play Denison's fast team at the ball park at Denison. Many people from here are planning on attending the game.

CARROLL UMPIRE BEATS DENISON

Denison Baseball Team Defeated at Carroll Last Sunday by a Score of 4 to 3.

POTTASH AND WAHL BATTERY Fast Game of Ball and Locals Showed Improvement—Team Work—Play Deloit Here Sunday.

The Denison ball team was defeated by Carroll at that place Sunday afternoon by a score of 4 to 3, but from all reports the game was handled to Carroll by the umpire. The Denison boys did not play up to their usual standard to say in regard to the treatment they received at Carroll. The score would have been tied, so we are told, had it not been for the fact that the umpire called a Carroll man safe at the home plate when in fact he was twenty feet from the platter when Denison's catcher had the ball.

Pottash and Wahl, of Omaha, made up the battery for Denison at this game, and it was most effective from beginning to end. Pottash struck out six men. Bitterberg and Kliek were the battery for Carroll and they struck out five of Denison's players. Carroll scored the first run in the first inning and followed up with a score in the fifth, sixth and seventh innings. Denison did not tally until the sixth inning, when they chalked up two runs and managed to get away with another in the ninth.

It was a fast game and Denison fans say that the local team showed better team work than in any previous game. Sunday the local team will play the Deloit club at the ball park in West Denison.

The Boys are using a full page space in this issue of the Review to announce a big shoe sale, which will be held on Thursday, Friday and Saturday of this week. All of the windows in the Boys' store are filled with innumerable bargains in shoes which are attracting considerable attention. Don't fail to read the advertisement on page four of the first section which enumerates only a few of the many bargains which they have to offer.

The members of the Philathea class of the Methodist Sunday school presented a novel program at the church on last evening, fourteen young ladies taking part in the entertainment. The performers took their places upon the platform and were in turn presented by the president of the class, Miss Erma Beutel. Each responded to the name of a singer, pianist or reader of fame and a clever and most enjoyable program followed. It is a remarkable fact that so much of high grade talent is to be found in one class of young ladies and the various numbers were heartily applauded.

SUDDEN DEATH OF YOUNG MAN

Death of Albert B. Langenbuch Occurred on Sunday Morning at Home on East Chestnut.

CAME HERE FROM ENGLAND Only Been in Denison a Short Time But Leaves Many Friends to Grieve Over His Death.

The unexpected death of Albert B. Langenbuch, which occurred last Sunday morning at 10 o'clock at the family home on East Chestnut street caused profound sorrow to the many friends of the family in this city. For several months the young man had been in poor health and the fact that he brooded over business matters is believed to have undermined his health and brought on his untimely death.

Mrs. Langenbuch, together with her son, Albert, and daughter, Augusta, were residents of Manchester, England, where the son was engaged in business. Since the death of the father, some four years ago, Albert had been conducting the business which his father built up, which was a bureau of translation, where all kinds of legal and business papers were written in foreign languages were translated.

When the war broke out between Germany and England conditions became unbearable for the family in England on account of their German nationality. The fact that their neighbors and closest friends ignored them and that the business was dwindling to nothing forced them to leave for America. They arrived in this country last June and came directly to Denison to visit at the home of their cousin, Mr. A. C. Balle. For a time they visited with Mrs. Langenbuch's brothers, Messrs. Carl and William Lorenzen, at West Point, Neb., but returned to Denison recently to make their home, having rented the residence of Mrs. Augusta Hamley on East Chestnut street. Last December Albert secured a position with the Marshall Field company in Chicago, but returned to Denison about ten days ago to accept a position as clerk in the Ballo-Broders store, where his sister, Augusta, was working. Not being familiar with the customs in this country it worried him considerably not to be able to secure employment such as he was used to in his native country. During his short residence in Denison he made many friends and everyone with whom he came in contact enjoyed hearing him tell of the conditions in England since the war started. He had an exceptional education, being able to converse in five languages and had a working knowledge of two additional tongues. When he left Manchester he placed his business in the hands of competent employees who were conducting it during his absence.

The deceased was an only son and was born at Manchester, England, on the 2d day of September, 1894. He leaves to mourn his death his mother and one sister.

Private funeral was held Monday afternoon at 4 o'clock at the German Methodist church. Rev. E. Witter officiating, after which interment was made in Oakland cemetery. Those in attendance at the funeral from a distance were Mr. and Mrs. Carl Lorenzen and Mr. and Mrs. William Lorenzen, of West Point, Neb.

The special committee appointed by the Commercial club to mark the Spirit Lake air line from Denison to Odebolt, has commenced work and within a few days the route will be nicely marked from Denison to Spirit Lake. The Commercial club at Spencer will mark the route from Odebolt to the lake. In addition to the air line the committee is co-operating with the Charter Oak Commercial club and will mark the Sioux City road from this place to the Oak.

Mr. U. G. Johnson, who resides at Redfield, S. D., was renominated at the primaries held last week for state representative by the largest majority ever received by a candidate in the district in which he resides. Mr. Johnson has made a great record in the South Dakota house of representatives and the fine vote tendered him at the primaries last week is a fitting recognition of his services. Several of the daily papers in the state are mentioning Mr. Johnson's name for speaker of the house next winter. The many friends of Mr. Johnson here in Denison will be glad to learn of his success.

ARRESTED FOR SELLING BOOZE

Buck Grove Man Up Before Justice Rollins Charged with Bootlegging—Turned Loose.

A Mr. Leffler was arrested at Buck Grove on Monday morning, charged with disposing of intoxicating liquors. An information was filed before Justice W. C. Rollins, of this place, asking that the party be bound over to the grand jury for the action of that body. An investigation failed to disclose facts sufficient to hold the party and he was discharged, after the hearing by the court.

It seems that a young man by the name of Hulsebus was found gloriously intoxicated on Sunday and he charged the responsibility up to a Mr. Leffler, but the evidence failed to sustain the charge and hence the action of the court acquitting him. Mr. Leffler is in the employ of William Lott, a farmer near Buck Grove, and was shown to be a young man of good character.

The Denison local news page has been transferred to page seven this week in order to accommodate the double page advertisements of the Geo. Menagh company, which occupies pages four and five. This popular store is advertising a big June Clean Sweep sale and is using this large space to make known the many wonderful bargains which it has to offer. James Menagh, who manages the store writes all of the advertisements and thoroughly believes in newspaper advertising. We urge Review readers to read the announcement over carefully.

DEMONSTRATION A BIG SUCCESS

Demonstration Held at City Hall by Municipal Light Company Proves to be a Big Success.

A NUMBER OF STOVES SOLD Large Number of Interested Citizens Attend and Take Interest in Affairs—Lunch by Mrs. Silleto

The demonstration of electric stoves and various kinds of electrical devices held at the city hall by the municipal light company last Wednesday afternoon and Friday afternoons proved to be a great success, hundreds of people being in attendance.

Electric stoves of the latest pattern proved to be the main attraction at the demonstration and the fact that exports from the concerns manufacturing the stoves were present to explain them in every detail made it all the more interesting. Seven different models of the Hughes electric stoves were on display, ranging in price from \$95 to \$10. One of the large models with four burners and an oven was in operation during the demonstration and Mrs. John Silleto presided over this. Delicious baking powder biscuits and rolls were baked in the oven and guests were served with hot coffee and meat. On Wednesday and Thursday roast beef donated by the Economy meat market was served, and Friday afternoon steak donated by the Denison meat market was broiled in the oven and served to guests.

On Wednesday afternoon W. P. Hoyer and W. D. Loney demonstrated the stoves to scores of ladies. On Thursday Mr. H. H. Jones, of the Hughes company, was present and explained the stoves to all interested parties, while Friday afternoon Mr. Latta of the Western Electric company, distributors of the stoves in this territory, was present. The electric stove is practically a new thing and was only introduced in Denison last fall. The fact that several stoves have been in operation in Denison for the past few months and have proven to be successful attracted many people to the demonstration who were anxious to have them explained.

The demonstration was very successful and the light department reports the sale of four stoves, they being to O. A. Patterson, D. E. Voss, Geo. Sprecher and Jacob Sims. With the present low rate made by the city council for current for heating purposes it is expected that many stoves will be installed in Denison this summer. The stove is absolutely safe and has none of the bad features of the gasoline or kerosene stoves which sooner or later cause considerable trouble. They are said to be as economical to operate as a kitchen range without all of the smoke and ashes and they eliminate the danger of fire.

Miss Harriet Gebert returned last Wednesday from Indianapolis, where she has been attending Simpson college.

Miss Luella Cole, who has been teaching in the public schools at Des Moines, returned the first of the week and will spend the summer here with her parents, Mr. and Mrs. J. H. Cole. Miss Bertha Logsdon, of Ames, accompanied her to Denison for a visit.

A number of the younger set are enjoying an outing at Lake View this week, the guests of Mrs. M. E. Jones at her cottage. The party consists of Misses Eunice and Dorothy Jones, Bertha Leifeldt, Alys Swanson, Mabel Pett, Dorothy Tucker and Hubert Van Ness, Carl Krauth and Jesse Riggelman.

MUSIC RECITAL FEATURE OF WEEK

Entertainment on Wednesday Evening at College Chapel Proves One of Best Ever Given.

MISS RAINE WINS LAURELS Value of Work is Seen in the Number of Young People Who Have Gone Out and Made Good.

The music recital at the college chapel on Wednesday night of last week was one of the features of commencement week. In fact, it was a very important feature. Miss Lillie Raine, the head of the music department of the college, has reason to be proud of her work in her department. Since she has been connected with the institution it has been her pleasure to see graduated from the institution under her direction a number of young people who have made good.

The entertainment on Wednesday night was up to the standard if not one of the best entertainments of its kind given by the college for a long time. Each one of the graduates rendered his part in an exceedingly creditable manner and such as to elicit the praise of the audience. It would perhaps be impossible to give attention to the individual performances of the several students who took part in the entertainment, but it is said the entertainment as a whole was one of the best that has been given for many years at the college.

The value of the work of the institution is seen in the number of young people who have received their training at the college and have gone out into their various fields of work well equipped for life's duties. When we reflect that every year a number of young men and young women in this locality are graduated from this institution who perhaps might not have availed themselves of an education had they been compelled to have gone to other schools away from home, it becomes a matter of great delight to the patriotic citizens of Denison who were responsible for the institution and who have for so many years endeavored to insure its success. We do not believe that our citizens fully appreciate the importance of the work of the college and the influence it has exercised and is exercising, not only here, but elsewhere and wherever the graduates of this institution may find their homes after graduating.

TRAIN AND AUTOMOBILE COLLIDE

Car Driven by George Glass Badly Wrecked on C. & N. W. Crossing at Sand Pit Last Evening.

An automobile driven by Mr. Geo. Glass was badly wrecked last evening about 8 o'clock at the Chicago & Northwestern railroad crossing near the sand pit south of town, when it was struck by a freight train which was backing up.

Mr. Glass only recently purchased the machine from Pautsch Brothers' garage and was not thoroughly familiar with the handling of it. He, together with Moritz Jurgensen, started across the crossing near the sand pit just as a freight train started backing up. Mr. Glass, it is said, lost control of the machine and realizing that he would be unable to avoid the train, jumped from the machine, as did his companion, and fortunately neither of them was injured. The machine was badly wrecked, however, having the hood and radiator smashed in.

Miss Harriet Gebert returned last Wednesday from Indianapolis, where she has been attending Simpson college.

A number of the younger set are enjoying an outing at Lake View this week, the guests of Mrs. M. E. Jones at her cottage. The party consists of Misses Eunice and Dorothy Jones, Bertha Leifeldt, Alys Swanson, Mabel Pett, Dorothy Tucker and Hubert Van Ness, Carl Krauth and Jesse Riggelman.

Menagh's Clean Sweep Sale advertisement will be found elsewhere in this issue. Begins June 15th and ends June 24th.

BE SURE AND ATTEND MENAGH'S STORE
