COMMERCIAL CLUB HOLDS MEETING

Regular Meeting on Friday Evening Well Attended and Considerable Business Transacted

PARKING AUTOS IS DISCUSSED

Club Will Sell Present Sprinkler and Donate Proceeds to City to be Applied on New Flusher

There was a good attendance at the regular monthly business session of the commercial club, held last Friday evening, and many important matters were brought to the attention of the club. It is pleasing to note the interest that our business men are taking in the club and with co-operation much good will be derived.

Treasurer J. T. Haugh made a report showing that the club now has on hand in the treasury \$464.52.

Three new members were voted into the club Friday evening, they being Geo. Powell, S. Jobe and Roy Gebert.

It was moved by C. F. Kuehnle and seconded by H. Mann that the names of R. E. Mote and J. T. Carey be added to the bank committee, making that committee number five. This motion was carried.

Mr. C. F. Kuehnle made a motion that the band committee have full power regarding the finances of the band, and that they be given power to purchase any instruments and equipment that they deemed necessary. The motion was seconded by Mr. N. L. Hunt and carried unanimously.

The club ratified and approved the contract of Robert Gibler, the new band master, and instructed the secretary of the club to issue a warrant each month for his salary. The salary of Mr. Gibler has been raised among the business men of Denison who have donated liberally toward supporting the new band. The band boys are practicing two evenings each week and it is said that by spring Denison will have a band that will make the other towns sit up and take notice. We are indeed fortunate in having a leader such as Mr. Gibler. Mr. Gibler, the band director, was voted an honorary member of the club with all privileges.

The postponement of the old settlers' picnic was brought up for discussion and it was decided to hold the picnic on September 14th. The program as advertised will be carried out with some additions. It was decided that the balance of \$8.50 left over after the license and water rent for the circus had been paid be turned over to the old settlers' fund.

The club tendered a vote of thanks to its secretary, R. E. Mote, for the interest he took in securing Ringling Bros. circus. It was entirely through the efforts of Mr. Mote that the circus was brought to Denison.

TWO BURGLARIES LAST WEEK

Homes of T. J. Garrison and E. Gulick Broken Into, but Burglars Fail to Secure but Little.

PREPARE FOR FOOTBALL

Professor Lynch and Assistant Halsey Getting Football Squad in Readiness for Fall Games.

The local police are to be congratulated upon the manner in which they handled the circus crowd last Wednesday and upon the few arrests that were made. Only two arrests were made, they being for drunkenness. Pickpockets and purse snatchers, who generally follow circuses, did not make their appearance in Denison, at least no one reported occurrences of this nature to the officers.

Burglars, however, were in evidence and the home of T. J. Garrison on East Broadway was entered while the family was watching the circus parade down town. Mr. Garrison and family left the house about 10 o'clock and when they returned an hour later found that the house had been ransacked from basement to garret and a handsome gold watch belonging to Miss Lillian Garrison had been stolen.

The thieves made entrance to the home through the kitchen door, using a "jimmy" to force the door open. Every drawer in the house was ransacked and those found locked were pried open, marring the furniture considerably. Fortunately Mrs. Garrison's jewels were in a safety deposit box at the Crawford County State bank or they would have been stolen, as the jewel box in which she keeps them in the house was broken open.

At the E. Gulick residence a robber was caught in the act of breaking in by Dr. R. P. Plimpton and frightened away. Dr. Plimpton was in his barn just across the alley from the Gulick residence when he heard the sound of breaking glass. He looked over at the Gulick residence and saw a man on the back porch who had just broken the glass in the back door. He called to the man who made a hasty exit, running down the street to the railroad yards.

Professor Lynch of the high school faculty, who has charge of the athletics, is in high spirits over the prospects of a winning football team this year, and tells us that the D. H. S. will give a good account of itself this fall on the gridiron. He has just returned from Lake View, where he has had six high school boys in training for some time, getting them in shape for the team.

Thirty-four men will try out for the team this fall and Professor Lynch says that not a single one of them can feel sure of a place on the team at this time. The aggregation is fast and most of the men are of good weight, insuring Denison a fast team and still strong on defensive work.

The schedule as arranged so far is the strongest that Denison has ever had. The team will play at Carroll, Missouri Valley, Coon Rapids and Logan and the games to be played on the local gridiron will be Ida Grove, Storm Lake and Council Bluffs.

Denison has never beaten Council Bluffs and this year they are bent on bringing down that proud and haughty aggregation to defeat. The boys expect to give a good account of themselves in the game with Ida Grove, who have the reputation of having one of the fastest teams in the state.

Professor Lynch will be assisted by Charles Halsey in coaching the Denison team and they expect to start working out the men the last of this week.

Funeral of Mr. SCRIVER. Remains Brought to Denison Thursday and Laid to Rest on Friday Afternoon at 2:30 O'clock.

CITY PURCHASES STREET FLUSHER

Council Buys An Air Compressor and Machine Will Be Delivered in About Three Weeks.

WARD & WEIGHTON GET SEWER

Three Bidders on Storm Sewer, Contract Let to Ward & Weighton Company of Sioux City.

The city fathers held a meeting at the city hall last evening and contracted with an Omaha concern for the purchase of a flushing machine for cleaning the new pavement. The machine purchased is styled the Economy air pressure flusher and is manufactured in Omaha. The machine purchased cost the city \$650 and is of the most improved type. It is the same make of machine that is used at Harlan, Council Bluffs, Omaha and Lincoln and does the work better than any other machine on the market. Part of the cost of the new machine will be borne by the Commercial club, who will turn over the proceeds of the sale of the old sprinkler.

The contract for the storm sewer to be installed on lower Main street was let to the Ward & Weighton company, of Sioux City, their bid of \$2,410.00 being the lowest. Two other concerns, Katz Construction company, of Omaha, and C. H. Wilson, of Red Oak, entered bids. The Ward & Weighton company were the successful bidders for the laying of the new water main up Washington avenue and their work for the city has been so satisfactory that the council felt they were making no mistake in giving them the contract for the new storm sewer.

The council ordered Mayor Laab to see that the rings placed in the sidewalk in front of the Boys' store for hitching teams be removed. Several business houses placed rings in the sidewalk after the hitching posts were removed and later complied with the order of the mayor to remove them. Hitching posts are being provided on the side streets so that teams will be accommodated without hitching them on the main business streets.

Word reached Denison the first of the week that Mr. Carl Turner and Miss Nell Wyrick were married at the home of the bride at Traer last week. Both of these young people are well known in Denison and the announcement of their marriage will come as a surprise to their many friends. Mr. Turner is court reporter for Judge Hutchison and has been coming to Denison for a number of years. Miss Wyrick spent several seasons in Denison as trimmer in the millinery department of the Balle-Brodersen store.

Mr. A. D. Wilson stopped off in Denison over Sunday for a visit with his daughter, Miss Pearl, on his way home from Des Moines, where he had been in attendance at the state fair. Mr. Wilson for several years has had charge of the disinfecting of the livestock pens at the fair grounds.

CHOLERA INFANTUM CAUSE

August Henry Rosburg, Infant Son of Dr. and Mrs. A. H. Rosburg, Dies Sunday Morning.

The death of the infant son of Dr. and Mrs. A. H. Rosburg, which occurred at the Denison hospital at an early hour Sunday morning, caused profound sorrow in the community. The little fellow was taken ill just a week ago with cholera infantum and at first it was believed that he would pull through the ordeal, but on last Wednesday his condition became more serious and a child specialist from Omaha was summoned to administer to him. The ravages of the disease proved too much for the little body and he gradually grew weaker until he was called to the great beyond at 1 o'clock Sunday morning.

August Henry Rosburg was born July 28, 1915, at Denison. He was a robust baby and never had a sick day until this illness. Mrs. Rosburg and the baby spent the summer with her parents at San Diego, Calif., and it is believed the change in climate brought on the sickness.

Funeral services were held Sunday afternoon at 1:30 o'clock from the home, Rev. Williams, pastor of the Episcopal church officiating. Interment was made in Oakland cemetery.

Dr. and Mrs. Rosburg have the sympathy of the entire community in their bereavement.

Mrs. R. A. Romans and daughters, Alice, Gertrude and Beth, arrived in Denison last week for a visit with her sister, Mrs. Frank Woolston. Mrs. Romans has sold her home in Aberdeen and will reside with her daughters in Boston. She departed Monday for Cedar Rapids for a few days' visit with her daughter, Mrs. Chas. Aurcher.

Miss Pearl M. Craft, of Chicago, arrived in Denison Sunday to assume her position as trimmer in the millinery establishment of Mrs. Huldah M. Hall. Miss Craft has worked for Mrs. Hall for several seasons and has made many friends in Denison, who are glad that she is located here for another season.

VISIT HEAD OF MISSISSIPPI

Denison Tourists Enjoy Splendid Auto Trip to Aberdeen, S. D., and Up into Minnesota.

MEET FRIENDS AT ABERDEEN

A. C. Balle, J. E. Balle, Hugo Gebert, Bennie and Hans Brodersen and R. P. Conner Make up Party

Messrs. J. E. Balle, Hugo Gebert, R. P. Conner and Bennie and Hans Brodersen returned Sunday evening from a ten days' motor trip through South Dakota and Minnesota. Mr. A. C. Balle made the trip with the party but remained at Aberdeen for a month's visit at the home of his daughter, Mrs. Geo. Fletcher. The party left Denison two weeks ago this afternoon and stopped the first night at Spirit Lake and after an early start Thursday morning reached Montevideo, Minn., for the night. Friday morning the journey was continued west over the Yellowstone trail, but a hard rain made the roads in such condition that it was out of the question to make fast time. When thirty miles east of Aberdeen the car was stalled in a mud hole for three hours and the party pulled into Aberdeen at 6 o'clock Saturday morning covered with gumbo, but in good spirits. Saturday afternoon Mrs. Geo. Fletcher entertained the travelers at dinner, Messrs. John, Robert and Warren Romans being invited also. John Romans is making good at Aberdeen, being engaged in the real estate business and has an abstract business in connection. He owns the only spring near Aberdeen and supplies everyone with drinking water. Robert owns a garage there and has a nice business. Warren owns and operates a cleaning and drying business. Sunday afternoon, after having dinner at the home of Mr. and Mrs. Geo. Fletcher, the party continued their journey to Pine Cone Camp, Minn., where three days were spent in fishing for pike, pickerel and muskellunge. The muskies were not biting, however, and none of these game fish were landed. Mr. Gebert and Mr. A. C. Balle proved to be the best fishermen in the party, while Julius Balle held the record for not catching a single fish. After three days of fishing the journey was continued and a visit was made to Lake Itasca, the headwaters of the Mississippi. From there the party started on the homeward trip reaching Denison Sunday evening at 8 o'clock after a trip of 265 miles that day. It was a most enjoyable trip and everyone returned with a coat of tan which made them resemble Indians.

WARD & WEIGHTON GET SEWER

Three Bidders on Storm Sewer, Contract Let to Ward & Weighton Company of Sioux City.

The city fathers held a meeting at the city hall last evening and contracted with an Omaha concern for the purchase of a flushing machine for cleaning the new pavement. The machine purchased is styled the Economy air pressure flusher and is manufactured in Omaha. The machine purchased cost the city \$650 and is of the most improved type. Menagh's Special Showing of Fall Suits

An Early Fall Fashion Event of Interest to Every Woman--And Especially to You if You are Going to Purchase a New Fall Suit

IN this week's special display there are dressy suits for church, for street wear, or for afternoon calls. There are also jaunty belted models for school and general wear. The superiority of tailoring in these new suits cannot be too strongly emphasized. It's the quality of Menagh's garments that keeps them so good looking longer than the ordinary garments made in the ordinary way.

One Special Lot of Women's High Grade Suits

this showing that would retail as high as \$35.00. We would advise early selections before the lines are broken. Grouped together in one big special lot for this week at **\$25.00**

OTHER SUITS AT \$29.50, \$35.00 AND UP TO \$50.

Featuring the very newest ideas in suit making. The materials are broadcloths, wool velours, gabardines, serges and poplins. There are garments in **\$25.00**

Dressy Blouses One lot of 35 blouses, made up in Georgette Crepe in flesh and white. All sizes. These blouses **\$4.65** were made to retail at \$6.00. Specially priced for this week at.....

65 New Fall Skirts HAVE JUST ARRIVED ON OUR FLOOR. They are shown **\$5.90 to \$8.50** in plaids and novelty materials. Priced at.....

An Exclusive Showing of Ladies' Millinery

Thirty-seven high grade hats. These hats arrived on our floor Saturday of last week. Not a hat in this lot would sell at wholesale regularly for less than \$7.00 to \$10. This lot was a special purchase made by our buyer while in the East last week and was bought from one of the best millinery houses in the United States. These hats were patterns from which cheaper hats were copied. The materials are hatter's plush and silk velvets. The entire showing **\$7.50** is priced for this sale at.....

An Offering of Women's, Children's and Men's Sweaters for This Week

This is one of the largest purchases of sweaters ever shown by us and arrived on our floor Friday of last week. The entire lot is being placed on sale this week at prices even below wholesale.

Children's School Sweaters priced at 69c to \$1.50.
Women's Sweaters priced at 89c to \$2.50.
Men's Sweaters priced at 50c to \$4.95.

There is not a sweater in this lot that is not marked at a saving of from \$1.00 to \$2.00 on each purchase in the men's and women's sweaters, and from 25c to 75c on all misses' and children's sweaters. Lay in your winter supply while the stock is complete.
