

FAIR PROVES SUCCESSFUL

Attendance Not Quite Up to Last Year Owing to the Poor Condition of the Roads.

CANDIDATES DRAW GOOD CROWDS
Floral Hall Attractive and Well Patronized—Racing Lacked Interest—Association Makes Money

ARJON, Sept. 12—(SPECIAL TO THE REVIEW)—The annual Crawford County Fair held at the fair grounds here on Tuesday, Wednesday, Thursday, and Friday of last week was most successful and the management of the Fair Association is to be congratulated upon the excellent entertainment given. The attendance was hardly up to that of a year ago, due to the fact that the roads were muddy the last two days, which kept many from a distance from driving in their cars to attend. The fact that W. L. Harding, republican candidate for governor and E. T. Meredith, the democratic candidate both visited the fair attracted a goodly number of people, who were anxious to hear these men speak. Harding created a most favorable impression upon the county fair crowd and everyone seemed to like the big, whole hearted man.

Tuesday, the entry day at the fair was a busy day. Live stock barns, and stalls were filled with fine horses and cattle, both beef and dairy breeds, sheep and swine. One pen of hogs had a row of premium ribbons along the top taken at different places.

Floral hall was more attractive than with sheaves of grain, and bunting by ever. It was artistically decorated Mrs. Emil Schwartz and Ernest Ludwig. Mrs. Schwarz has raised so many flowers which are displayed every year and helped so much that recognition will be given her. One cornstalk, 14 feet high, stood by the west door. The shelves of fruit were well filled with plates of handsome apples, plums, pears, and grapes of many different kinds. Wheat, oats, barley and corn made a fine display. The shelves and cases reserved for the culinary department were crowded. Our exhibitor showed 50 kinds of canned fruit. Jellies, jams, pickles and catsup were as excellent as can be made, while the judges had a difficult task in judging the bread, pies, cakes, rolls, and doughnuts, which were an exhibition of delicious cooking. This has not been a very good year for gardens but some fine vegetables were shown. From Denison, the Boy's store showed a very attractive exhibit of fall styles and the Denison college, which is doing

ing much for the young people of the county, gave an interesting exhibit. The judges took one half day to look over the exhibit of school work. It is gratifying indeed to the people of Crawford county to see the improvement in these exhibits from year to year and to know that our county compares very favorably with any other in the state under the very favorable supervision of superintendent O'Byrne. The training of the children in useful work showed its good results in the wood work, and corn raised by the boys and the needlework of the girls. The books and maps shown are a credit to the schools. The department of needlework was crowded all the time with people looking at the exquisite work shown.

The racing was not up to expectation, owing to the number of fair days held the same week, making it hard to get the horses here. Wednesday was a pleasant day and a very large number was in attendance. Mr. Harding spoke in the afternoon upon the subject of roads from the stand point of the farmer, who knows the value of roads better than anyone else, but who knows that the best way of getting them, and their paying for them is a problem to be considered seriously.

An afternoon of band music, acrobats, trained dogs, and races followed. Mr. Gaines' Peter Boy took 1st in the free-for-all pace or trot; Dex, 2nd.

Thursday, Mr. Meredith spoke in the afternoon. He pleaded the temperance people by his outspoken statements. While plainly in favor of good roads, he advised cutting down the hills and putting in permanent bridges, and left the surfacing of the roads about where Mr. Harding leaves prohibition to the will of the people. The day was cloudy, which prevented many from coming, and the track heavy from the rain, but the free attractions gave a good program.

Friday was an ideal day and the pretty fair ground had a good crowd. All enjoyed the afternoon's program of sports and racing. Peter Boy took first money in the pace.
Friday,
Charles McEbad took 1st money; Almer A, 2nd; Cully, 3rd.

An interesting relay race was won by Charles McEbad, who made up a long gap.
The motorcycle race was won by Clarence Chamberlain.
Lloyd Shegman, 17 year old boy residing at Yetter, was brought to Denison this morning on the early train on the Illinois Central and taken to the Denison hospital for treatment. The young man was shot while riding a watermelon patch near the town of Yetter, it is said. Word from the hospital this afternoon is to the effect that the bullet has been probed and that the patient is getting along as well as can be expected. The bullet was fired from a revolver.

SECOND WEEK OF DISTRICT COURT

Last Week Devoted to Trial of One Case, That Being the Case of Meyer vs Meyer.

COURT TERM IS TOO SHORT
Large Amount of Business Will of Necessity Have to be Carried Over Until the Next Term.

District court is in session this week and engaged in the trial of the jury work. Last week was devoted to equity business and most of the time was given to the trial of one case, that of Meyer vs Meyer, a case in probate. The chief question at issue was whether in the railroad wreck that occurred at Gothenberg, Nebr., three or four years ago, in which Mr. and Mrs. August Meyer were both killed, the wife survived the husband. It is an interesting question, and we do not know what the evidence disclosed.

The case of Baientine vs Kremin, an action in which a guardian was sought for the plaintiff's mother, was tried to a jury and a verdict returned under order of the court for the defendant. This case has been before the court for a long time and evidence was taken during the summer months but no decision was rendered until the verdict of the jury on yesterday. The case of the First National Bank of Marshalltown, Iowa, vs Herman Grill was on trial Tuesday before a jury. This was a case in which the bank at Marshalltown brings suit against Herman Grill for a claim which arose some time ago, growing out of the purchase of material from some wholesale house who assigned its claim to the bank at Marshalltown. After the defendant knew of the assignment he made a payment of \$200 or more to the wholesale house. The court ruled that he could not claim the credit as against the bank.

There are a large number of jury cases on the calendar that will probably not be reached at this term. The case of Hennings vs Erne will be tried next week. It is a case which probably will require several days to try. On the criminal docket indictments were returned against Ward, Jochims and some other defendants in jail. The case of the State of Iowa vs Jochims will probably be tried at this time, but an application for continuance will be filed in the case against Ward as the defendant is not ready for trial at this time.

Necessarily a large amount of civil business will be carried over until next term. The terms of court in Crawford county are entirely too short to dispose of the business that accumulates here, but there does not seem to be

any chance for relief in view of the fact that other counties have business requiring the attention of the court. For the short time that court is in session if some way could be adopted to induce attorneys to try cases to the court the probabilities are that not so much time would be consumed. Under our system of jurisprudence practically all of the business is tried to a jury unless by agreement the jury is waived. Five residents of Crawford county were admitted to citizenship during the present term of court, they being John Henry Bock, West Side; Otto Einar Aranson, Vail; Gunner Carlson Arion; Albert Laubscher, Denison, and Elford Meyer, Dow City. Seven took the examination, but two applications to citizenship two were from Switzerland, two from Sweden and one from Germany.

ANOTHER CARNIVAL

Ed A. Evans Shows, Under Auspices of Denison Firemen, During the Week of September 25th.

Denison is to have another carnival commencing Monday, September 25th and continuing until Saturday evening September 30th. The Ed A. Evans Carnival company has been secured by the consolidated fire department to come to Denison for the purpose of raising funds with which to purchase a fire truck. The firemen already have considerable money in the treasury and hope to increase this materially with the carnival, when they propose to go before the city council with a proposition to purchase an up to date fire truck.

The Evans Carnival company need no introduction to the people of Denison as they showed here last year under the auspices of the fire department. Mr. H. A. Biedy, advance man was in the city yesterday and informed the Review that the carnival this year is bigger and better than ever before. The carnival travels with a special train of sixteen cars and nothing but good clean moral shows are permitted. A new attraction this year is the silo drome, which is causing a sensation in every city where the company shows. It is similar to the motorcycle, only the sides are perpendicular, making it more perilous for the motorcycle riders.

The attractions this year will be on the main streets in the business section of the city, the firemen having visited the business houses and secured their consent to have the tents pitched on the main streets. One of the features of the show is a sixteen piece brass band, which will give concerts each afternoon and evening during the week. The band is said to be one of the best traveling on the road this season.

STYLE SHOW AT OPERA HOUSE

Geo. Menagh Co. to Stage Another Style Show at Germania, Surpassing Previous Attempts

DATE, FRIDAY, SEPTEMBER 23D
Ladies of Crawford Will Be Given Opportunity to See Latest Styles and Hear Descriptions.

A real treat is in store for the women of Denison. The Geo. Menagh company are announcing in this issue of the Review a big style show which they will conduct at the Germania theater on Friday evening, September 23d. This will be welcome news to the hundreds of women who were privileged to attend the style show given last spring, and which was the topic of conversation for weeks afterward. The Geo. Menagh company will endeavor to tell the ladies of Denison and surrounding territory how to be stylish without being extravagant and how to dress well without being extreme. The style show which will be given here September 23d will be similar to the one given last spring, on a real treat to the ladies of Denison and surrounding territory how to be stylish without being extravagant and how to dress well without being extreme. professional women who seek to attract attention. The House of Menagh, the Omaha branch of the Denison store, conducted a style show at the Brandeis theater at that place on Wednesday and Thursday of last week, two shows being given each day. The big theater was packed at every entertainment and the newspapers spoke very highly of it. Ora Cne, fashion expert, was procured by the House of Menagh to lecture on the garments and he pointed out the newest wrinkles in suits, chapeaux, opera coats. "Understand what you wear and then stick to those lines and colors only," advised Mr. Cne to the women of Omaha. "Some food is poison to certain persons. So it is with colors. If any color is unbecoming to you leave it alone. If you are a woman who weighs 200 pounds, don't try to dress like the woman who weighs only 95 pounds." The women of this locality will have an opportunity to learn what is correct in fall styles for some of the finest garments, both from the Omaha and Denison stores will be worn by the models. These gowns are taken right out of stock and are not imported for show purposes. Tickets for the style show can be reserved this week by applying at the Menagh store. And just a hint—if you really care to see the show be sure and make your application early for every seat will be gone by the middle of next week. No charge is made for tickets.

BICYCLE POLO

Latest Fad Among Youngsters Fortunate Enough to Own Bikes—Not Classed As Parlor Game.

Bicycle polo is the latest fad among the youngsters of Denison, and it promises to even surpass football as a favorite sport. Of course the new game is confined to those who own bicycles, but from all indications new players will be available in short order for fond parents are receiving demands for bicycles from their young sons which are hard to resist.

The new game is being played on the pavement on East Broadway and is attracting considerable interest, even among the grown ups. Bamboo poles are fitted up with mallets and the players mount bicycles and drive a large rubber ball up and down the street much in the same fashion as the expert auto polo players did at the athletic field a few weeks ago. It proves most exciting and riders and bicycles are badly bruised, but there are always new players to be drawn from to keep the teams up to the required numbers. It is by no means a parlor game and we predict that it will be shot. Hired for parents will soon forbid their children playing it. After a few bikes have been smashed

W. R. GRIMES PASSES TO BEYOND

Prominent Manilla Man, One of the Old Settlers of the County, Dies at His Home Sunday.

WAS VERY LARGE LAND HOLDER
Deceased Had Been in Failing Health Since Last February—Bright's Disease Cause of Death.

MANILLA, Sept. 13—(Special to the Review)—The entire community was cast in deep gloom last Sunday over the death of Mr. William R. Grimes, one of the pioneer settlers of Crawford county, and a highly respected citizen of Manilla. Mr. Grimes had been in failing health since last February and it is said that he was suffering from Bright's disease. He gradually became weaker until Sunday, when he passed peacefully away. The deceased was born in Batavia, Kane county, Ill., in 1849, and at the time of his death was 68 years and 11 months of age. He was reared and educated in Batavia, and in the year 1864 enlisted in Co. I, 42d Ill. Infantry for one year and served in the army of the Potomac, and took part in the battles of Nashville and Franklin, Tenn. He was then sent to Brownsville, Texas, on the Rio Grande river, where he assisted in guarding the frontier. He was honorably discharged at Port Lavaca, Texas, in December, 1865, after which he re-entered school in Batavia. After completing his education he learned trade in that city until 1881, when he moved to Denison. Shortly after his arrival in Denison Mr. Grimes purchased 320 acres of land in Nishnabotny township. Later he purchased additional land and at the time of his death owned 560 acres of well improved land. In addition to his agricultural pursuits he also engaged in raising cattle and hogs, and was considered one of the best cattle feeders in this section of the country. Mr. Grimes took an active interest in politics and was always found in the republican ranks. In the year 1891 he was elected township trustee, an office which he filled with credit to himself.

He was married at Batavia, Ill., on Sept. 6, 1877, to Miss Mary Messner, who still survives him. Three children were born to Mr. and Mrs. Grimes: Bennie, who died at the age of six years, and Ray and Carl, who reside in Nishnabotny township. Mr. Grimes was a member of the G. A. R., Post No. 180; Manilla Lodge No. 149, K. of P., and of the Masonic order.
