FIREMENS FESTIVAL IS NOW ON

Ed A. Evans' Shows Now Occupy Principal Business Streets—Most of Tents Blown Down Tuesday

CROWDS SEEM WELL PLEASED

Attractions Open Each Afternoon and Evening—Splendid Band Music—Three More Days.

The firemen's fall carnival received its first real impetus on Monday night when the Ed A. Evans' attractions were opened for public inspection. The usual first night crowd was in attendance and the shows did only a fair business.

During the storm Tuesday afternoon most of the tents were blown down and considerable damage was done. It was demonstrated that sand bags cannot be depended upon to hold tents down during a wind storm for they were whipped about in great fashion. The 49 camp located on Center street was the first to fall a victim of the storm and for a time it was feared it would be blown across the street into the plate glass windows of the Crawford county bank.

The tent pitched across from the Review office where the horse show is held was torn to ribbons by the wind and the front was badly damaged. But few of the tents escaped damage but the owners of the small concessions were the heaviest losers. The tent occupied by the fishing game where glass vases and dishes are given away as prizes was a complete wreck and the owner sustained several hundred dollars loss. After the storm the men commenced the work of repairing the damage done but the carnival grounds were quiet last evening on account of the rain and many of the shows did not open up for business at all.

People who took in the carnival Monday evening were well pleased with it as a whole. So far there has been no complaint of the shows given. All of the attractions are located on the principal business streets. They present a much better appearance than they did last year as most of the fronts are new. The biggest feature of the carnival is the Royal Italian band, which is one of the best that has ever visited Denison. Concerts are given during the forenoon and afternoon as well as in the evening.

Probably the best attraction is the "Sledrome" or in the words of the "barker," the "cage of death," where cyclone Dennis rides a motorcycle on a perpendicular wall at the rate of eighty miles an hour performing the most astounding feats. As a specta-

cular and sensational exhibition, it is hard to equal.

The Musical Maids present a diversified entertainment consisting of musical numbers, vaudeville, the latest slides from the European war and the Titanic disaster. The lecture given with the slides is one of the most interesting ever offered and realistically depicts these two horrors. Miss Julia Hutchinson the girl who sings to beat the band renders popular songs at each performance.

The athletic show is an innovation to the show going public. For the first time the Bonnet sisters are appearing under canvas in a big athletic revue consisting of exhibitions of bag punching, club swinging, fencing, boxing, and wrestling.

Forrest, the equine wonder, will be seen at the Horse Show in a remarkable exhibition. This horse actually writes figures on a slate with chalk held in his mouth. Tony Grand, a year old colt, is an added attraction that pleases all visitors.

The Ten-Ops show features Tomphol, the fire eating wizard. He actually eats fire, glass, steel, and anything that you hand him. This one act alone is well worth the price asked for the entire exhibition.

Over and Under the Sea and Hereafter are two mechanical laughing shows of merit. Built as laugh producers they fill the bill in every respect.

The "Days of 49" depict the mining camp dance hall of the early days made famous in fiction by that noted writer, Bret Harte.

A feature with the show worthy of special mention is the Royal Italian band under the leadership of Prof. Michel Bindi. This band has made an enviable reputation this season and is considered one of the best organizations in the carnival business.

All of the attractions will open each afternoon at two thirty and each night at seven thirty, preceded by a concert of popular music by the Royal Italian band.

A crew of painters working west from New York City over the Lincoln highway, re-marking the route, visited Denison last Thursday. The crew is traveling in two machines especially equipped for the work, the machines being donated by an automobile manufacturing concern. Members of the crew stated while in Denison that the route through Crawford county was the best marked of any stretch west from New York City through which they have traveled. Very little marking was done in this county, only a few poles being marked with left and right signs when the route turns. The business men of Denison spent considerable money two years ago in marking the highway through the county and it is gratifying to know that the marking is so satisfactory.

266 TEACHERS ATTEND INSTITUTE

Teachers' Institute Held Thursday and Friday Was Well Attended and Strong Program Given.

BEST PROGRAM YET PRESENTED

Supt. O'ry Is to Be Congratulated on Arranging Such a Program—Very Profitable to Teachers.

The teachers' institute held in Denison on Thursday and Friday of last week was attended by 266 teachers who came to enjoy the exceptionally fine program arranged for them by County Supt. F. N. O'ry. The weather was ideal on the two days which no doubt helped to swell the attendance. There are 257 teachers in the town and country schools of the county and out of these there were 95 town teachers and 159 rural teachers, a total of 254 in attendance. In addition 12 prospective teachers were present, bringing the total attendance up to 266.

The meetings were held at the gymnasium in the old opera house with round tables at the high school and court house. The faculty at this institute was exceptionally strong, made up of instructors of note throughout the state. Prof. C. P. Colgrove, of the Upper Iowa university at Fayette was present and his lectures were full of inspiration and pointed truths in regard to the teacher's duties. Professor Colgrove has a most pleasing personality and everyone enjoyed his talks to the fullest extent. Dr. W. A. Jessup, president of the State university, had promised to attend the institute, but at the last moment was unable to come and his place was filled by Prof. E. E. Lewis. Professor Lewis gave two interesting lectures and two round table discussions that were of practical value to the teachers.

Miss Eleanor Lally's lectures on the teaching of English were the best that have ever been heard at local institutes. Miss Lally gave the teachers of this county many valuable pointers in connection with teaching this important subject.

Miss Anna Mae Brady, primary supervisor of the Audubon schools, gave practical work in primary methods and in story telling. The teachers who attended her lectures will profit by her usable suggestions. Miss Winifred Wright, instructor of music in the Denison schools, had charge of the round table discussions on music and Miss Lillian Miller, instructor of domestic science, also gave some talks on this work.

The high school section, consisting of superintendents and high school

teachers, were given facts in regard to their line of work. At one of their meetings a county athletic association was organized which will lead to some good field meets between the schools of the county.

Most of the teachers in attendance at this institute stated that it was the most beneficial meeting of its kind they had ever attended. One of the lecturers stated that he had visited nearly every county in the state, but here in Crawford county he found the best attended institute and the teachers showed the most interest of any institute he had ever lectured before.

Professor O'ry is to be congratulated upon the program that was arranged and the teachers are loud in their praise of his efforts to give them the best obtainable.

Notwithstanding the large number in attendance at the two days' session all of the teachers were nicely accommodated, most of them being able to secure rooms in private homes.

WILL PLAY CARROLL SATURDAY

Denison High School Football Team Will Meet Carroll Eleven at Carroll Next Saturday.

The Denison high school football team will have their first game of the season Saturday when they meet the Carroll team at Carroll. About twenty or twenty-five men will make the trip.

The locals are not expecting an easy victory, although the Carroll team has always proven easy opposition for the Denison team. The championship game will be played on the local athletic park October 7th. This game will bring to Denison the best football team ever seen in action here. West high is out for another championship and so is Denison. A victory over them would insure a state championship.

The team is being pointed for this game and the coaches are optimistic over their chances.

The past week at scrimmages has shown that many of the old stars are fast rounding into shape. Locke is holding down his old position at half-back. O'Connor is working for a job at quarterback. Wearmouth, Leitch and Flinn are fighting it out for places in the back field. In the line Gary Flinn and Lally are working for the end positions. Cavett has been switched from center to tackle, where he is showing up well. Henry Lamb and Heterberg are also out for tackle jobs. Savery, Strahan, Bassett and Brandt are all working hard for places at guard. G. Brodersen and Norelius are playing center.

On the second team Moffitt, H. Brodersen and McCord are working well in the back field, with line composed of Gebert, Weiss and Sutter at ends, Heiden and Holleran at tackles and F. Smith and Rank at guard. They have a game scheduled with Ida Grove seconds at Ida Grove November 25th.

SUPERVISORS FIX TAX LEVY

Levy 21.2 Mills As Against 19 Mills for Last Year—County Drainage Boosted 2 to 5 Mills.

1 MILL LEVY FOR MONUMENT

Bridge Bonds a Year Ago Were .8 Mills, Now the Board Fixes the Levy at 1.2 Mills.

At a meeting of the board of supervisors, held Saturday, the tax levy for the year 1917 was fixed and approved. The total levy as made by the board totals 21.2 mills, as against 19 mills for last year, the increase being made in the county levies by the board. An additional levy of 4 mills has been made for the county levies while the levy for county drainage was boosted from 2 mills to 5. Bridge bonds a year ago were .8 mills and this year they are fixed at 1.2. The levy for soldiers relief work has been raised from 2 mills to 1 mill, this being made to raise the amount necessary for the erection of the old soldiers' monument which is to cost in the neighborhood of \$9,000.

Below we print a table giving the levies of this year and those of a year ago.

	1917	1916
State	5.4	5.5
State	4.33	4.33
County extension	1.17	1.17
County County	5.4	5.5
County levy	5.4	5.5
Bridge	1.2	0.8
School	1.1	1.1
Road	1.1	1.1
Insane	0.6	0.6
Poor	1.1	1.1
Bridge bonds	1.2	0.8
County drainage	5.0	2.0
Soldiers relief	1.0	2.0
Total	21.2	19.0

The poll tax of 50 cents remains the same, as does the tax for male dog, \$1.00 and female dog \$3.00.

"September Morn," the musical comedy presented at the opera house last evening, drew a fair sized crowd, but a majority of those in attendance were disappointed with the attraction. With the main floor seats selling at \$1.50 and \$1.00 the people were led to believe that it was to be a first class attraction, when in fact it was of the second class and not worth more than 75 cents.

If the show going people of Denison are to be charged city prices they are certainly entitled to a better class of attractions than the one given last night or the patronage of the house will dwindle to nothing. Just

why the stockholders of the opera house will permit the management to charge city prices for inferior attractions is hard to understand.

The Woman's Relief Corps is requested to meet at the McHenry hall on Saturday, September 30th.

SENT TO REFORM SCHOOL.

Boys Who Broke in Homes of Albert Vernon and Gus Heiden Tried in Juvenile Court

Arthur Reynolds, Harold Craig and Floyd Hamilton, who were arrested at Missouri Valley, charged with breaking and entering the homes of Albert Vernon and Gus Heiden, were tried in juvenile court last Thursday before Judge Albert. Two of the boys were fifteen years of age and the other thirteen. After hearing the evidence in the case the judge sentenced them to the state reform school at Eldora.

The three boys entered the homes of Vernon and Heiden while the families were in attendance at the old settlers' picnic, and stole a small amount of money and some jewelry. They were seen to take a westbound train and the authorities telephoned to the marshal at Missouri Valley, asking him to be on the lookout for the boys. They were arrested there and brought back to Denison. Upon investigation it was found that Craig and Reynolds had escaped from the reform school two months ago.

Harold Diedrichsen, who has been in the employ of the J. B. Romans company, clerking in the hardware department for the past two years, departed last evening for Burlington, where he has a position with a big department store. Louie Bliesman has accepted the position held by Diedrichsen and commenced his new duties yesterday.

The 170 acre farm located one mile south of Denison, known as the A. L. Rogers place, was sold last week by Mr. August Mesenbrink to Pat Hasset for a consideration of \$180 per acre. This farm is well improved and is considered one of the best pieces of land adjoining Denison. While the price paid is considered high, there is little question but what it will bring over \$200 an acre in a short time.

Penelope was entertained by Mrs. Parr on Tuesday afternoon. Notwithstanding the inclement weather, nearly all the members were in attendance. A number of invited guests were present. The hostess, assisted by her daughters, Dorothy and Sarah, and Miss Verne Stocking, served a very delicious two course supper. Several musical numbers were given by Miss Dorothy Parr during the afternoon and were greatly appreciated. Mrs. Coolbaugh, of Springfield, Mo., and Mrs. Nellie Ashby, of Fairmont, Neb., were out of town guests.

STYLE SHOW IS WELL ATTENDED

Geo. Menagh & Company Put on Style Show at Germania Opera House Friday Afternoon and Evening

VERY LARGE CROWDS PRESENT

Was Exact Reproduction of Omaha Show Put on at Brandeis—Nine Living Models Used.

Almost two thousand people witnessed the style show at the Germania theater on Friday afternoon and evening of last week, staged by the Geo. Menagh company to give a correct presentation of what is correct in women's wearing apparel for the fall months. It was a wonderful display of garments and caused a sensation, especially among the women of Denison who had never witnessed such a review of fashions. A style show similar to this one was given by the Menagh company last March and it was so successful that they decided to repeat it again this fall. Tickets were presented to everyone who signified a desire to attend and several days prior to the entertainment every seat in the opera house was reserved.

Nine beautiful mannequins from Omaha wore the beautiful suits, evening gowns and party dresses and from time to time they tripped through the audience, giving every one an opportunity of examining the garments more closely. Every garment worn was from the fall and winter stock of the Menagh store in Denison or from their Omaha store, and the hats were from the millinery department. The shoes worn by the models were from the shoe department and the jewelry from the Barbara jewelry store.

The display was most effective, the models looking most attractive. The Barbara orchestra furnished the music and the feature of both the afternoon and evening entertainments were the beautiful solos by Mme. Mashiere, of Omaha. The selections were most appropriate for the occasion and the soloist received many hearty encores. Mr. David Menagh made a few brief remarks, explaining the purpose of the fashion review. He stated that the review given in Denison was an exact duplication of the one they gave at the Brandeis theater a few weeks ago and which was attended by 8,000 people. It made such a big hit in Omaha that he thought that what was good for Omaha would certainly be good for Denison. He gave a brief review of the fall and winter fashions, telling those present in an interesting way the popular shades and colors that should be worn at this
