Mrs. Ray VanMeter was taken to an Omaha hospital Saturday night, suffering from acute appendicitis.

B. F. Roberts, of Ames, spent some time the past week visiting old friends and neighbors in this vicinity.

Number All Country Homes.

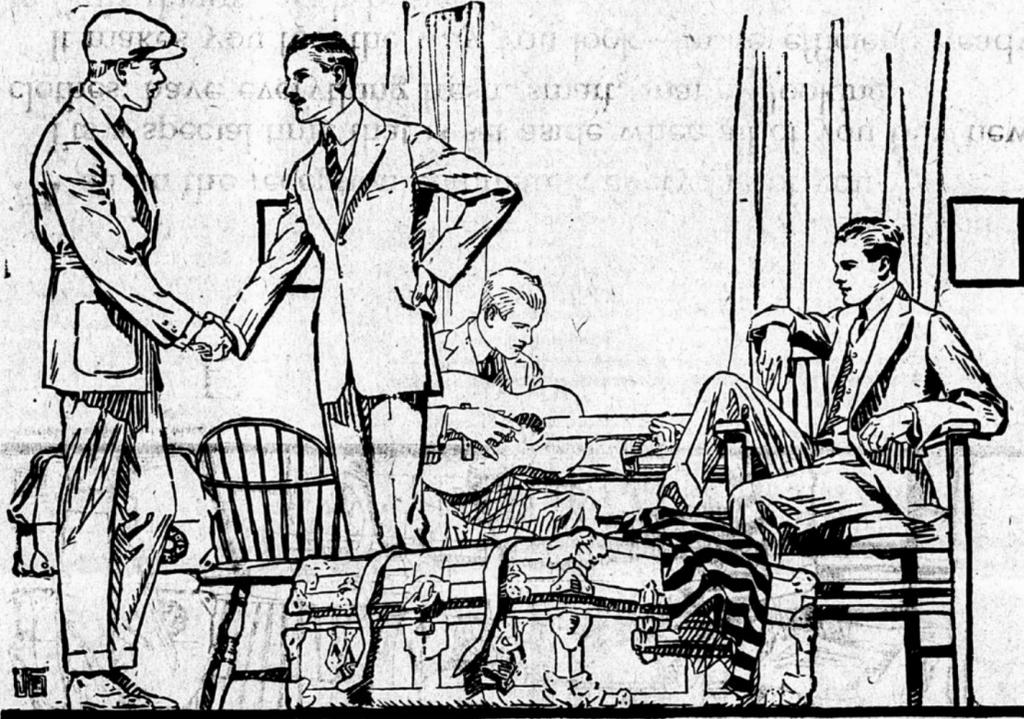

Numbering of country roads and residences so that every road and country home may be instantly located, is advocated by the service bulletin of the Iowa State highway commission, which is just off the press. The system advocated was originally suggested last June.

In the system suggested the section upon which the state capitol is located is considered the central point and all roads are numbered north, east, south, and west from this. Using the base map appearing in the bulletin, one can easily locate the number of his road and house.

The system is so arranged that practically every road bears the same designation across the state. The numbering system does not in any way interfere with the use of the names of organizer tourists' routes such as Lincoln Highway and others.

The Perry Chief says that although Frank Gotch is not known as a debater or politician, his recent word with the Des Moines paper ended like all his other battles—a victory for the Humbolt man.

"When Methodists disagree, who shall decide?" asks the Boone News-

The Fall Dress Up is Here

Came in with a rush this morning

AND here is what it means to you men of Denison---you're all on the reception committee, everyone of you---

It's a special time that is set aside when all of you buy new clothes; have everything fresh, smart, snappy looking.

It makes you feel the way you look---more efficient; ready to "mix things" with business; it helps to restore the energy that has been sapped by a long, hot summer.

It's a great thing even if it only lasts officially two weeks; it shows men how much clothes have to do with success---the effects of such campaign lasts months. This we know:

If you dress up in
Hart, Schaffner & Marx
 fine clothes---suit or overcoat

you can easily have that "dressed-up" feeling all fall and winter, they are clothes that are made for that; they keep stylish looking.
