At the town election March 26, the entire Peoples' Ticket, carried with the exception of one councilman, J. E. Hoaglund who was re-elected mayor. The five councilmen elected were Maurice Sjogren, Joseph Engberg, and Oscar Sedarberg, re-elected, C. S. Johnson and Dr. Morton were the new members added to the board. For assessor, C. A. Dolk and treasurer, Herbert Ward. Pent up dissatisfaction of considerable standing, which in fact, is groundless, and axes to grind, led to actively to defeat the candidates elected but this proved unsuccessful. The town board, as it now stands, comprises efficient good men who will use their best judgement and efforts for the best town government possible. They should have had the support of every citizen for its attainment.

Mail carrier, Emil Wangler and family recently moved out on their farm west of town which Emil will farm in connection with his mail carrying. Eldridge Larson and Otto E. Two more excursions will go during the month of April and anyone interested can receive what information they desire from Clauson Bros. Editor Milburn and Ed Moline attended the committee meeting of the firemen at Wall Lake Wednesday last being delegates from the local order.

Spring Advertising. There is a good argument for advertising at every time of the year, but at no period is it stronger than in the spring. Everyone then wants some thing new. People tired of eating the same old thing on their tables, and new delicacies and novelties appeal to them. It is a great time for promotion for the sale of new lines, or to introduce any kind of a product to people who don't know about it. In dry goods and clothing lines everyone is buying. In household furniture and supplies it is a time of renews. But people do not spend all this money aimlessly. They feel keenly the high prices, and are looking around sharply to see where they can get the most for their money. Bargains advertised in the newspapers get the bulk of the trade. And the merchant that advertises gets his name before the public, and they feel interested to try him out.

After being fooled by his wife, the average man is convinced that April Fools day jokes are the resort of little minds. A large number of congressmen are practicing their speeches for the next session, but it is doubtful if any of them are getting any more information about pending matters. After thoro investigation it has been decided not to lay the Indiana tornado to the foreign plotters.

After the Grip What? Did it leave you weak, low in spirits and vitality? Influenza is a catarrhal disease, and after you recover from the acute stage much of the catarrh is left. This and your weakness invite further attacks. The Tonic Needed is Peruna. First, because it will assist in building up your strength, reinvigorating your digestion and quickening all your functions. Second, because it aids in overcoming the catarrhal conditions, helping dispel the inflammation, giving the membranes an opportunity to perform their functions. Thousands have answered the question after grip by the proper use of this great tonic treatment. You may profit by their experience. Liquid or tablet form—both safe and satisfactory.

American Power. The war lords of Europe look on the United States with contempt. They regard us as "too fat to fight." We are supposed to be absorbed in money getting, full of ease and love of pleasure. But before they rate us too far down, they want to reflect on American history a bit. Our present lack of preparation is due not to physical inability or lack of courage, but because as a people we look on war as a folly. But on occasion our people have fought with a bitterness and a determination never excelled. The sons of those who fell at Gettysburg, in the slaughter just as horrible as that shown on the fields of France, are still on earth. They can do over again what their fathers did if they have to. Every tale of heroism and endurance and daring from Verdun and the Somme can be matched right out of our own history. The kings and kaisers would better let sleeping dogs lie!

Defiance Items. Misses Fannie Muller and Wilma Davis entertained at the home of the former in honor of Miss Daisy Hannon. The evening was spent in tying a comfoter which was presented by the hostesses to the bride-to-be. Two course refreshments were served and the table was charmingly decorated. A rainbow made of tissue paper, with a tiny pot of gold at each end, formed the centerpiece. Red carnations and ferns were also used and given as favors. The place cards were tiny umbrellas which upheld a card hand painted in rainbow colors. The ends of baby ribbon in rainbow colors, were at Miss Hannon's place and after following them through different rooms and around furniture she finally discovered a large pot of gold which contained a variety of gifts for her. Miss Hannon was married to Mr. Jack Hunter, of Dunlap, on March 29th. Rev. Holzappel returned Monday evening from Stanton where he attended the annual conference of the United Evangelical church. April first always shows a great lack of preparedness on the part of the grown ups against the plots of the kiddies.

There are many people who believe that if we are very humble toward Germany, she will give our sailors an hour or two longer to prepare their minds for getting drowned. The long distance running record, originally held by the Austrians, then captured from them by the Romanians seems now to be safely in the hands of the Turks. It is not true that the foreigners are all spies, as some of them are only plotters.
