

THE REVIEW'S SPECIAL FARM NEWS DEPARTMENT

John H. D. Gray Editor

Live News About Crawford County Farms and Farmers

that used in the printing business, has forced the Review to a two dollar basis. Remember that old subscribers and new may still have the advantage of the "peace time" rate up to March 1st.

Monona county now has a county agent, but the many progressive farmers of that county are not satisfied with letting well enough alone, they are now going to have a demonstration agent.

The Grundy Republican: Louis Albert says that he is going to plant about a bushel of corn next spring, of the kind raised in South Dakota and southern Minnesota.

Sioux City Journal: Because of the high cost of living and the failure of the school authorities to raise their salaries so they could meet the advancing prices, teachers of seven schools in Woodbury county have resigned and the schools have been closed during the last several weeks.

I want to compliment a certain Iowa editor who runs a farm department in his newspaper. He certainly knows where to steal good news for his department.

Fred Lenz who resides on route five out of Denison, was a caller at the Review office last Saturday and while here reported the sale of two seven months' old Hereford male calves to W. A. Pearson, of Gillette, Wyo.

The Denison Review is read in more homes in Crawford county than any other newspaper published. Advertise your sales where you get the most for your money.

I understand one application has been received for the position of county agent for Crawford county. The applicant was for a number of years a Crawford county farm boy, graduated from the Ames college, and has been attending school in the state of Nebraska.

Burlington Hawkeye: Suppose all sorts of people let up on the farmer for a while. He has been advised, directed, implored, ordered, exhorted, abused, reprimanded, damned, etc., for all manner of things that he has and has not done until he must be a bit bewildered.

scribing for Liberty bonds. Give him a chance to catch his breath.

If there is any place where theory and practice "link together" it is in the value of the pure bred sire in live stock improvement. Theory says "blood will tell," and practice proves it. There is abundant testimony to show that a grade or mongrel sire will "back fire" and the offspring prove a degraded or nondescript animal.

Miss Catherine Petersen was down last Wednesday and Friday on business connected with the sale of her millinery store here. She has made many friends here who regret her decision to sell.

Mr. and Mrs. Earl Arfmann, of Mountain Lake, Minn., are visiting here with his uncle, T. G. Arfmann. Miss Virginia Snell visited here with Miss Emma Theissen last week while on her way to Omaha.

They will be at home after January 1st at Odebolt, where the groom is in business with his father. The best wishes of their many friends here are theirs for the future.

BUCK GROVE ITEMS

Mrs. H. S. High and children went to Oklahoma Wednesday to visit relatives. They expect to be back this week.

There will be a box social at the High school house Friday evening, December 21st. There will be a fine program. Everybody invited to attend and enjoy a fine social evening.

The banns of marriage between Earl Mallory, of Redfield, S. D., and Nellie Welsh, of Buck Grove, were published at mass Sunday. This means that our town is going to lose one of its most charming young ladies soon.

Mr. and Mrs. Thos. Finnegan and daughter, of Dedham, were over Sunday visitors with John Finnegan and family.

Chas. Case and family are all suffering from bad colds.

Herbert Docherty, our rural mail carrier, is nursing a boil on the back of his neck. You should be chary of any criticisms you may wish to make, for a few days at least.

Last week the farm recently purchased from Fred Hast by Daniel Hemphill again changed hands. Henry Weller is the purchaser at \$180 per acre.

A box has been placed in Ruff's store where all who wish to send a Christmas present to John Griffin may leave their package. John is so far our only recruit from here in the new army. It is a fitting tribute to remember our soldier.

Dr. Brannon, of Denison, was a Buck Grove caller Saturday.

Mrs. Charles Zimmer is slowly recovering from her recent illness and is able to be up again. She expects to be able to come home soon. She has been staying with Mrs. William Smith, at whose home she was taken sick several weeks ago.

Mrs. Wm. Hoffmier was a Sioux City caller Friday. After spending most of their Christmas money away from home, some people continue to complain that the home stores don't lay in full assortments.

The Pandora Vedette says the fact that the cheap falsehoods about the Red Cross are all almost exactly alike ought to prove to anyone of common sense that they originated at the same fountain head of misinformation. Germany, in the Vedette's opinion, has taken us for a lot of easy marks. "Anyone but a German sneak," it asserts, "could think up a better lot of lies than the thin, shallow stuff the spy propaganda in this country have passed to us."

"What more should christians and Jews ask for this year than the return from the hands of the pagans of Jerusalem?" asks the Council Bluffs Nonpareil. "Surely there is ample reason for making this a Red Cross Christmas."

WHAT PIE FOR CHRISTMAS?

Who ever heard of a real Christmas dinner without mince pie?

There may be cakes and cookies and puddings and all kinds of sweet things but unless there is mince pie there just isn't any real Christmas dinner.

And since it takes mince pie to top off the feast dinners, wouldn't it be a good idea to have mince pie to top off many of the other good meals? Wouldn't it just make the meal on many occasions?

As you probably know, NONE SUCH MINCE MEAT comes in an up-to-date package, form - secure from handling; is moderate in price and becomes three times the package weight when you add the necessary moisture.

It is the economical way to buy mince meat because it prevents waste. The package recipes are good for pies, cakes, puddings, and cookies.

Try a NONE SUCH MEAT - no top crust. Saves flour, shortening, labor, money - half the crust. Helps the U. S. Food Administration.

The pie that is good enough for Christmas dinner is good enough for other meals - breakfasts, lunches, suppers, and in the dinner parl. Try it with NONE SUCH MINCE MEAT.

Always Have PERUNA

Mrs. L. A. Patterson, 1399 Kentucky St., Memphis, Tennessee, writes:

"I have been a friend of Peruna for many years. I have used it off and on for catarrhal complaints and found it a very excellent remedy. I have a small family of children. Times are hard with us, but I can scarcely afford to do without Peruna, especially during the season of the year when coughs and colds are prevalent. We always recommend Peruna to our neighbors, for the benefit it has been to me."

For Coughs and Colds in the Home. Recommend it to Our Neighbors.

Those who object to liquid medicines can procure Peruna Tablets.
