

50 MORE CALLED TO COLORS

Fifty Crawford County Young Men Notified to Mobilize in Denison on Monday, February 25th.

GO TO CAMP AT DES MOINES

Will Receive Their Military Training at Camp Dodge Preparatory to Going to France

- Albin L. Malmquist, Kiron. Marvin H. Friedrichsen, Kiron. Edward Boyens, Denison. Thomas G. Scott, Dow City. Fred J. Petersen, Denison. Emil Friedrichsen, Kiron. Harry E. Schwarz, Schleswig. Paul A. Hannah, West Side. Morris McHenry, Dow City. Gall R. Richardson, Denison. Bernard G. Remmes, Charter Oak. Albert F. Johnson, Kiron. John E. Jacobs, Schleswig. Wm. T. C. Schrum, Aspinwall. Chas. E. Patton, Charter Oak. Geo. M. Hickey, Vail. Alpheus U. Palmer, Mapleton. Otto C. J. S. Miller, Denison. Thos. E. Lawler, West Side. Arthur S. Dunklema, Melvin, Iowa. Edward F. Vernon, Denison. Peter O'Shea, Denison. Frederick P. Crispell, Denison. Guy R. Johnson, Ute. John J. Stacey, Chicago, Ill. Clyde E. Shuman, Lane, S. D. Bernard C. Buenger, Mapleton. John F. Boll, Schleswig. John Fritz, Jr., Denison. A. C. Bisbee, Harlan. Hans C. Henriksen, Charter Oak. Wm. Welch, Vail. Robert F. Bronsahan, Denison. Herbert W. Scott, Denison. Leonard G. O'Brien, Denison. Turner, Dow City. Robert Miller, Schleswig. Louis Strissel, Charter Oak. Edmund P. Klinker, Denison. George Thompson, Arion. August H. Leffer, Sioux City. Louis Hansen, Vail. Bernhard O. Wenzel, Manilla.

The fifty men whose names appear above were mailed notices early this morning by the local board, ordering them to mobilize in Denison on Monday, February 25th. They are instructed to report to the local board on the third floor of the court house at 2:00 o'clock and on Tuesday morning they will leave for Camp Dodge, where they will receive their military training pre-

paratory to going to France to help win the war for democracy.

Orders for the mobilizing of the remaining 55 per cent of Crawford county's quota were received by the board last week, but the board was unable to name the men who would be called into the service until a late hour last night owing to the fact that the district medical board at Carroll had not reported on some physical examinations they had made of Crawford county registrants. There are yet to be called some 18 men to fill the first quota and these men will be notified within the next few days.

These fifty Crawford county men will leave Denison Tuesday morning over the Northwestern on the train leaving here at 9:21. They will go to Carroll where a special train will be made up for other men in nearby counties and go direct to Camp Dodge via Ames.

The local board is winding up the physical examination of men placed in class one and expect to have them all examined by Friday of this week. All the men have been sent notices to appear for their physical examination. Some of the registrants will have to go to Carroll to be examined by the district board before they are finally passed.

It is impossible at this time for the Review to give the exact number of men in class one. Many men in this class have appealed from the classification as made by the local board and the district board has not passed on all of the cases. Others have yet to be examined by the district medical board at Carroll. It is probable that there will be something like 600 men in the first class when the work is all completed.

STARVING IN UNITED STATES (?)

Mrs. Thos. Lister Receives Letter From Her Mother in Sweden, Inclosing One Dollar for Food

Mrs. Thos. Lister received a letter from her mother, who resides in Sweden, in which she enclosed a dollar bill with the following comment: "We understand in Sweden that the people in the United States are starving. I am sending you \$1.00 which I hope will relieve your suffering, and will buy you some little necessities."

Several weeks ago Mrs. Lister wrote her mother a letter and sent her a dollar bill. After reading in the papers the suffering in the United States from the scarcity of food the mother decided to return the bill to her daughter.

Undoubtedly the Germans are getting in their work in Sweden and are making the people there believe that the people in the United States are starving. Far from it. The United States will keep the wolf from its own door as well as supplying its armies in France and its allies.

NOW OCCUPIES \$60,000 HOME

Sibbert-Reimers Company Complete Task of Moving Their Big Stocks Into One Building.

DEDICATE FEB. 28—MARCH 2

Firm May Well Be Proud of New Home and Their Many Friends Rejoice With Them

The Sibbert-Reimers company are now nicely settled in their handsome new fireproof building on Broadway. The proprietors have decided to dedicate the new building on February 28th, March 1st and 2d, and invite everyone to call on one of those days and go through their modern and commodious building.

Few cities the size of Denison can boast of such a modern and fireproof structure as the Sibbert-Reimers building. It covers 60x150 feet with two stories and basement, with 27,000 square feet of floor space and cost upwards of \$60,000 to erect. The building is fireproof, being entirely of concrete and brick construction. M. P. Renfro was the architect and together with E. W. Mann drew all of the plans and superintended the construction work. The building is most imposing with tapestry pressed brick used on the front and the most modern glass front, affording plenty of display space for the front windows.

For years the business of this concern had been conducted in the Laub block and in the warehouse just west of the Green Bay Lumber company yards. After the J. B. Romans company was purchased by B. J. Sibbert, Ernest Sibbert and Ed Reimers, the new proprietors found that they were conducting the business at a disadvantage and concluded to erect a building large enough for all of the department.

The proprietors may well be proud of their new home and the people of Denison as well. A brief description of the new building will not be amiss at this time. The ground floor is devoted to the hardware and automobile departments. The hardware department is located in the northwest corner of the building and the room is 25 x75 feet in dimensions, with an entrance onto Broadway. There are two large display windows, one on either side of the entrance. The fixtures are all of oak and represent an investment of several thousand dollars. Wall cases with sliding doors and small drawers are provided in which to keep the stock, and there are several plate glass show cases. A hand elevator at the rear of the store is provided to haul stock from the basement up into the store. The east front half of the building is devoted to an automobile

show room and it is one of the most pretentious we have seen. It has ample room for displaying several cars at one time and these are driven in from the rear through double doors. A large balcony above the display room is fitted up for the business office of the company and there is a private office there for the proprietors' use. The rear end of the ground floor is devoted to the storage of cars, with an entrance on the east side of the building onto Broadway. The garage is provided with a wash rack where cars may be washed and polished even during the winter months. An electric elevator permits moving cars from this floor to the basement or to the repair rooms on the second floor. The front part of the second floor, that facing on Broadway, is used for displaying farm machinery and implements of all kinds. Here the farmer will be able to see corn plows, planters, reapers, and in fact all kinds of machinery set up so he can have them demonstrated to his satisfaction. The south end of this floor is devoted to the repair shop for automobiles. All of the modern machinery necessary for conducting a first class repair shop can be found here.

In the basement is the storage and shipping departments. All of the farming implements are stored here until taken to the second floor to be displayed. A section of the basement has been set aside for spare parts and repairs for machinery.

The immense building is heated with steam and a down draft smoke consuming boiler is used. The building is equipped with an intercommunicating telephone system which will permit talking from one department to another in the building without calling central. A ladies' rest room, together with lavatories, are located at various places in the building.

We trust that a goodly number of people will avail themselves of the privilege of going through this fine new structure during the dedication.

MARRIED SUNDAY FORENOON

Miss Glennie Hannemann the Bride of James H. Schuffler—Wedding at the Methodist Parsonage.

On Sunday morning, February 18th, at 9:30 o'clock at the Methodist parsonage occurred the marriage of Miss Glennie Hannemann, daughter of Mr. and Mrs. Alex Hannemann, of this city to James H. Schuffler, also of Denison. The marriage was performed by Rev. J. L. Boyd and was a very quiet affair, the only witnesses being Miss Marie Sievers and Hiram Webster, of this city.

The bride was most becoming in a pretty dress of Copenhagen blue georgette crepe over salmon pink satin. The young couple took the noon train for Omaha, where they will visit for several days, after which they will make their home in Denison, the groom being engaged in a barber shop here. Their many friends extend congratulations.

HEROLD CONREY IN RED CROSS

Five Year Old Son of Mr. and Mrs. Fred Conrey Earns Money Himself to Join Organization.

NOW PROUDLY WEARS BUTTON

Many Who Are Years Older Could Profit by Example of This Little Tot.

Miss Elizabeth Meehan answered the door bell at the hospital at an early hour Saturday morning and upon opening the door, was greeted with a cheerful "Good Morning" from a five year old boy who was so bundled up that it was hard for him to get the words out. The salutation was followed by "Are you the lady that can get me into the Red Cross?" At first Miss Meehan was dumfounded but replied that she was authorized to accept memberships from anyone who paid the fee of \$1.00. Thereupon the little tot unbundled himself enough to extract a much worn purse from his pocket which he opened and proudly poured the contents of pennies and nickels out into Miss Meehan's hand.

After carefully counting the coins, and there were many, Miss Meehan found they amounted to just one dollar. Now Herold Conrey, son of Mr. and Mrs. Fred Conrey, and a nephew of Miss Pearl Gary, Red Cross nurse serving in France, is a member of the Denison Chapter of the American Red Cross society. He is wearing a Red Cross button and we dare say he is one of the proudest members of the local chapter. Herold is an older brother and several months ago, his brother joined the Red Cross. Herold did not propose to let his age keep him out of the society and went to his parents with the plan of earning the money himself for the membership.

Of course he found encouragement and there were many errands to run, wood to be brought in, sidewalks to be swept and many odd jobs such as a little boy alone can do. He was not satisfied to confine his efforts at home but solicited work in the neighborhood and slowly the worn little leather purse filled up with pennies and nickels. Each evening he carefully counted the money and when he finally earned the last nickel, Saturday morning, he lost no time in securing his membership. There are many people right here in Denison who lack the patriotism of this five year old boy, and could profit by the example he has set.

Remember the subscription of the Review goes to \$2.00 per year March 1. Better pay your subscription now two years in advance at the old rate and save \$1.00. Hundreds have taken advantage of the offer.

STUDIO MODERN THROUGHOUT

No Doubt W. W. Ferguson Has One Of the Finest Studios in the State of Iowa.

W. W. Ferguson is now settled in his new building just east of the opera house and has one of the finest studios we have ever been in. Mr. Ferguson has spared no expense in making the studio modern in every detail and we dare say it is the finest in western Iowa. The studio is located on the second floor of his new building and takes up most of the space on this floor. The stairway to the second floor leads from the sidewalk between the Deander clothing store and Barbor's jewelry store. A spacious reception room is located at the head of the stairs. This room is finished in mission oak with furniture and fixtures to match. French doors open from the reception room into the operating room which extends across the entire north end of the building. A large skylight furnishes plenty of light for the taking of photographs, even on the darkest days. Off of the reception rooms are located two dressing rooms. A large workroom off of the operating room and to the west side of the building is used for mounting pictures, while the dark room opens off this room to the south. Space is provided for stock and supplies of all kinds. The south end of the building is divided into three commodious rooms which Mr. and Mrs. Ferguson will fit up for light housekeeping. Mr. Ferguson extends to all an invitation to visit his new studio and he will take pleasure in showing all visitors through.

Today's Chicago Tribune prints a telegraphic dispatch from its correspondent at Washington, D. C., to the effect that the draft of the second increment of 500,000 men to the national army will be initiated on or about May 1st, according to an order awaiting the signature of Secretary of War Baker. Under the plan proposed the government will begin May 1st calling to the training camps each week approximately 10,000 men of class one of the body of registrants as recently classified. The men thus called to the colors will supplant an equal number of men of the national army and national guard who will have completed preliminary training in this country and will be ready for transportation to France. Unusual significance attaches to the fact that the administration has decided to begin drafting the second increment of the national army in May. Recently Secretary Baker stated that no date for calling more drafted men was under consideration and that the drafting of another increment depended largely upon developments abroad. It is inferred therefore that the administration has about given up hope of peace this spring and is preparing for another year or more of war.

JUDGE WADE TO SPEAK

Will Speak Under the Auspices of the St. Rose of Lima Circle, Tuesday Evening, February 26th.

ADDRESS TO BE AT OPERA HOUSE

The Judge Comes to Us for the Purpose of Promoting Interest in Knights of Columbus War Fund

Crawford county people are to have the opportunity of hearing Judge Martin J. Wade of the federal bench speak. Judge Wade comes to Denison on Tuesday, February 26th, under the auspices of the St. Rose of Lima circle and will deliver an address at the opera house at 8:00 o'clock in the evening for the purpose of promoting interest in the Knights of Columbus war fund.

Judge Wade is an ex-member of congress and one of the most prominent democratic leaders in the state of Iowa. He is an eloquent and forceful speaker and has a message that everyone should hear. Judge Wade is lending his aid to the K. C. war fund and is spending considerable time speaking throughout the state, acquainting people with the work. The Knights of Columbus have buildings at all of the cantonments in the country where work similar to the Y. M. C. A. is being done. Soldiers are invited to visit these buildings during their hours of recreation and entertainment of various kinds are provided. Several hundred men can be accommodated in these buildings at one time as everything for their comfort is provided, including lounging and reading rooms, writing rooms, motion pictures, etc. At Camp Dodge the K. C. building is located just across the street from the big Liberty theater and is one of the largest buildings at the camp. The writer, when he was at Camp Dodge last week, heard much of the work that is being done by the K. C.'s at the camp and after talking with a number of men came to the conclusion that it is a movement well worthy of the support of the people.

No admission fee will be charged to hear the speech by Judge Wade and the management of the opera house has donated the use of the same free of charge. We trust that a large crowd will be on hand to hear Judge Wade.

The ladies of the St. Rose of Lima circle will serve a chicken supper at the Merchant hotel, commencing at 5 o'clock on Tuesday, February 26th. Everyone is invited to attend this supper and plates will be sold for 50c.

But eight days left in which to pay your subscription to the Review at the old rate.

Announcement of a Change in Store Hours by the Store For the People

Our hours, until further notice, will be the former hours of opening and closing. We congratulate the administration on the good judgment used in selecting a man of the type of Mr. J. H. Patterson. It will be men of his executive ability and clean cut judgment who will bring this war to an early end and victory.
