Screenland by Ogden Lawrence

MAE MURRAY, FARMER

Mae Murray has reverted to the soil. Fired, according to her truthful press agent, by the government's plea that every available acre of ground is to be utilized to the fullest extent of its food producing capabilities, the actress has invested some of the money she has earned as a Bluebird star in ten acres of slacker land located near San Bernardino, Calif. It is guaranteed to grow all tame or household varieties of vegetables with proper care and attention.

MAE MURRAY

The new owner has announced her intention of doing her bit towards relieving the food famine which experts declare is headed our way. She has written a letter to Hoover, asking for advice as to the foods on which he is shyest, and what scarcity he wants her to relieve. Having decided to take up farming, Miss Murray proposes to tackle the problem properly. Since a farm house is a necessary adjunct to every well conducted farm, the Bluebird actress has given a prominent Los Angeles architect orders to construct a modest little shack of twenty-four rooms, and not less than six bath rooms. There is also a swimming pool and a solarium for the tired laborers on Miss Murray's farm and Miss Murray has selected a most informal farm uniform.

It is very likely that one of the most important products of the Mae Murray ranch will be caviar. Ever since Russia ungratefully backed out of the war and the Bolshevik sabotaged the United States for its treatment of Mr. Trotsky during his New York exile by shutting off the export of this famous Russian dainty, the supply of caviar has become almost extinct. Fortunately, however, Miss Murray has been successful in obtaining some genuine caviar seeds and these will be cultivated in proper season. The press agent also announces that Mae Murray's next Bluebird will be "Her Boy in Bond" starring Lee Moran—He's Married. Now the second Nestor twin is married. For six months Lee Moran held to his bachelorhood after his partner in famous Nestor comedies, Eddie Lyons, had deserted him socially and fraternally and entered the estate of matrimony. The Los Angeles Athletic club was not the same to Lee after that and the sight of Eddie's domestic happiness may also have had an effect. At any rate, word has just come over the wire from Universal City that Lee Moran and "Duster" Brown ran away to the Little Church Around the Corner in Los Angeles last week and were married while a scene was being changed in a new Nestor comedy. The bride is not in the picture business.

Board adjourned at 5 o'clock p. m.

Suffered Several Years. PERUNA MADE ME WELL. Its My Standby for a Cold. Mrs. Elizabeth Reuther, 1002 11th St., N. W., Washington, D. C., writes: 'I endorse Peruna as a splendid medicine for catarrh and stomach trouble, from which I suffered several years. I took it for several months, found my health was restored and have felt splendidly ever since. I now take it when I contract a cold, and it soon rids the system of any catarrhal tendencies.'

We have a large variety of designs and colors to select from and each design represents the tireless effort of the very best artists in designing. Salomon Furniture Company John Schnoor, Manager

MAZOLA - the pure oil from corn for better cooking. WHEN housewives first adopted Mazola they found the deep frying, sautéing and shortening medium which they have been seeking for years. Mazola browns food quickly, preventing any penetration of oil—and gives crisp, delicious dishes free from sogginess, easy to digest. The results are so much better than with lard or compounds that Mazola is used in thousands of American homes. And now when Food Administrator Hoover asks us to save butter, lard and suet, the housewife knows that she has a really good vegetable oil. With Mazola she can help save the country's resources and at the same time give her family the best of food at a notable saving in cost. Unlike other mediums Mazola does not transmit taste or odor from one food to another—can be used over and over again—a great factor in economy. And when you want an especially delicious salad dressing, use Mazola. There is no need to give up salads because of the uncertain supply or high prices of olive oil. Mazola can be had from your grocer in pint, quart, half-gallon and gallon tins. Ask him for the free Mazola Book of Recipes, or write us direct. Your money refunded if Mazola does not give entire satisfaction. CORN PRODUCTS REFINING COMPANY 17 Battery Place, New York. Selling Representatives Cartan & Jeffrey Company Omaha, Nebraska
