

## NO CALLS OUTSIDE OF CLASS ONE

Provost Marshal General Crowder Says That Class 1 Will Furnish All Men Needed for Military Service

ARE MANY ADDITIONS TO LIST  
Young Men Coming of Age Will Number Between 500,000 and 1,000,000 Annually He Says.

WASHINGTON, April 20.—Under the classification of men for selective draft service, Provost Marshal General Crowder has advised the senate military committee, approximately 2,000,000 will be placed in class 1— from which it is expected all future calls will be taken. These 2,000,000 according to General Crowder, are exclusive of between 500,000 and 1,000,000 more annually who are estimated, will be made subject to military duty under the bill now in congress subjecting to registration youth reaching their majority.

From the 2,000,000 men in class 1—nearly 20 per cent of the total registration in the country—and the additional number secured by new registration, General Crowder has advised senators that it will be improbable that calls will go outside of the higher class.

Of youths reaching 21 years of age, under the new legislation, it is believed that at least 90 per cent will be placed in class 1.

Plans for the new draft, General Crowder has advised the senate committee, are somewhat unsettled by the house amendment to the bill changing basis of quotas from state population to the number of men in class 1, which would give credit to states for all men previously furnished, by voluntary enlistment or draft.

Operation of the house amendment, according to General Crowder, would cause much inequality between states in the new draft. Agricultural states, he has advised the committee, would have to furnish the largest new quota and it is doubted whether this would be advisable, in view of necessity for undiminished food production.

## I. C. WORKMEN INJURED.

Four Men of Painting Crew Injured When Their Speeder Strikes a Dog Near Town of Ellis.

Four men making up a painting crew on the Illinois Central were injured Tuesday afternoon near Ellis when their gasoline speeder struck a dog which caused the car's derailment. The men were brought to Denison and were attended by the company's physician. One man received a bad scalp wound and the other three were more or less bruised.

## SCHOOLS DISPENSE WITH GERMAN

Denison School Board Hold a Meeting on Tuesday and Take German Language From the Course

LOCAL AGITATION ON QUESTION  
Majority of Board Favor Teaching the Language Until End of School Year, or for 30 Days.

The school board on last evening held a meeting and passed a resolution that the German language should not be taught in the schools of Denison after the end of this school year. This means that on the opening of the fall term of school German will not be taught here.

This is in accordance with the direction of the state superintendent and in line with the policy adopted by other schools in the state and other states. We understand there was some question whether or not the order to discontinue teaching the language should take effect immediately or at the end of the school year in about 30 days. A majority of the board favored waiting until the end of the year before the order should take effect and it was so ordered. There had been considerable local agitation on the question but the order of the state superintendent probably had more to do with bringing about the result than any other one fact.

The school board at a meeting held last evening at Secretary Rollins' office decided to beautify the college campus to some extent and have awarded a contract to the firm of Holm & Olson, of Minneapolis, for about fifty trees and a number of vines. An elaborate plan for beautifying the campus was made by this Minneapolis concern, but it would cost in the neighborhood of \$1,500 to carry it out and the board decided not to consider it at this time. The vines will be planted at the college building and the trees at different places on the campus.

## WILL CLOSE THE COLLEGE ROAD

City Council Spends Past Ten Days Driving Over Streets of City and Many Improvements Contemplated

FIX ROAD AT LEHFELDT PLACE  
Council Gets Permission to Widen the Road at College Ball Park—Salary Raise for Employees.

The new council have been spending the past few days out inspecting the condition of the streets and roads leading into the city and contemplate making many needed improvements during the course of the next few weeks.

Probably the most important of the improvements decided upon is the grading of the road between the passenger station and the Lehfeltd corner west of the city. This road in rainy weather is always in bad condition and the highway will be graded up so that it will drain easily and insure a good track at all seasons of the year. The city has purchased 50 feet of ground at the Lehfeltd corner and the turn here will be improved, eliminating the dangerous corner that now exists.

The road through the college-ground is to be closed inasmuch as it runs through the property of the independent school district. It is possible, however, that the road up to the dormitory on East Chestnut will be left open to permit access to the grounds. The Cavett hill south of this property will be graded and the earth removed will be used to fill up the depression east toward the Crampton farm. Forty feet will be taken off at the ball park corner and the turn here will be improved. At the meeting of the council held Monday evening citizens and members of the Commercial club asked the council to take action to see that the north side of the court house square be cleaned up. Ashes from the heating plant of the court house have been dumped along this street making it most unsightly.

The council raised the salary of the day engineer to \$125.00 per month and the fireman to \$90.00. The salary of the night engineer was fixed at \$110. F. L. McIntosh, service manager of the electric department, and Charles Vitel, a lineman, have quit the employ of the city. McIntosh is now working for the McGraw Electric company of Omaha. The council is considering several applications for the position of service manager and it is likely that a decision will be made this week.

Judge Conner is in Charter Oak this afternoon transacting business.

## WAR COUNCIL TO SHOW FILMS

"The Slackers" to be Shown at Dow City by Triangle Amusement Co. for Benefit of War Fund.

On Wednesday evening, May 1st, the Union township war service council will show the film, "The Slackers," at the Triangle Amusement company's hall. This film is one of the best of the patriotic films now being shown and features Emily Stevens. The show will be free to all and is brought here by the members of the war service council as an appreciation of the manner in which the Union township people responded to the call to come to the voting place to subscribe for the third Liberty loan on the day set aside for that purpose a short time ago. It is not for the Union township people only, but for the entire neighborhood and it is desired that as many as possible may see this patriotic film.

## OUTBREAK OF RABBIES IN CO.

Dr. Hal C. Simpson Reports An Acute Outbreak of This Disease on the Farm of Harry Morgan.

STATE VETERINARIAN ALSO ACTS  
Appeals to Trustees of Adjoining Townships Urging Them to Comply With Quarantine Regulations

Dr. Hal C. Simpson reports an acute outbreak of rabies in Willow township of Monona county on the farm of Harry Morgan. A dog belonging to Morgan developed a case of rabies and ran amuck in his herd of cattle before discovered until thirteen head had to be killed. The dog has been killed, but another dog on the place made his getaway and it is feared that he is roaming in the vicinity.

J. I. Gibson, the state veterinarian, has sent out an appeal to the trustees of Willow township, Monona county, urging them to comply with all quarantine regulations, including the complete isolation and confinement of all exposed animals and of all dogs in Willow township. He also requests that supplementing the quarantines placed by Dr. Simpson that they be extended to the adjoining townships in order to stamp out this serious outbreak. The township boards should act as boards of health and post notices requiring the confinement of all dogs in the community and any dogs allowed to run at large should be shot.

The Halle-Brodersen company has purchased a Dodge delivery car from the Denison Auto company, the local distributors of this make.

## SPEAKS WELL FOR CRAWFORD

Sheriff Cummings Called to Des Moines on Business in Connection With Local Exemption Board

COUNTY PLACE RIGHT PER CENT  
The Sheriff Instructed to Visit a Number of Counties Throughout the State in Regard to Matter.

Sheriff H. J. Cummings was one of fifteen chairmen of county exemption boards called to Des Moines Monday to confer with Adjutant General Guy E. Logan in regard to the per cent of men placed in class 1. Crawford county was one of the few counties in the state that placed the required per cent of registered men in class 1 and this speaks well of the local board.

The adjutant general intends to carry on a systematic investigation in counties of the state where more than 35 per cent of the total registrants were placed in class 1 or where less than 25 per cent were put in the first class. Sheriff Cummings was one of fifteen men selected by Adjutant General Logan to investigate the records of the various boards. He has been instructed to visit Adams, Ringgold, Taylor and Decatur counties to make an investigation.

Crawford county placed 28 per cent of its total number of registrants in class 1 and was one of but few counties in the state that interpreted the regulations as made by the provost marshal general. Basing of quotas on the number of registrants in class 1 would be extremely unfair for one county having 28 per cent of its registrants in the first class to furnish a quota larger than a county with a greater population which has but 15 or 20 per cent of its registrants in class 1. The adjutant general intends to see that each county in the state has a uniform number of men in class 1 and for that reason has delegated fifteen chairmen to make the investigation.

Sheriff Cummings expects to leave next Tuesday to take up this work which may take him several weeks to complete.

Mrs. C. F. Kuehnie, Mrs. W. E. Kahler and Mr. and Mrs. Frank Lynch motored to Soldier this afternoon for a brief visit with Eli Laub, who is closing out a stock of goods there this week.

## GRANDSON WOUNDED IN FRANCE

Tuesday's Casualty List Gives Name of Harold B. Walker, Grandson of Mr. and Mrs. Theo. Wendt.

General Pershing's casualty list printed in Tuesday's papers gives the name of Harold B. Walker as severely wounded. He is a grandson of Mr. and Mrs. Theo. Wendt, of Denison, and a son of David Walker, who resides at Flushing, N. Y. Harold Walker is well known in Denison, having lived with his grandparents in Denison for several years. He enlisted last June in the engineers corps at New York city.

## THEO. WENDT FINED \$115.00

Local Man Charged With Transporting Liquor Into State and Receives Fine in Rollins' Court.

OFFICERS SECURE TEN GALLONS  
Liquor Supposed to Have Been Purchased at Fulton, Ill., and Packed in Trunk and Checked.

Theo. Wendt was fined \$115.85 in Justice Rollins' court this morning on a charge of transporting liquor into the state. Wendt plead guilty to the charge and paid his fine and is again enjoying his liberty.

A. C. Weeks, city marshal, learned Tuesday morning that Wendt had returned on one of the Northwestern trains that morning with a mysterious trunk, so he went to County Attorney W. E. Kahler and secured a search warrant. After an investigation at the Northwestern station he learned that Wendt had arrived in the forenoon and that a trunk which he had checked had been received from the baggage room and hauled to his residence. Marshal Weeks raided the house and located the trunk which contained two five gallon casks of whiskey. No one was in the house at the time of the raid. Wendt was arrested this morning by Nightwatch A. C. Greene.

It is believed that Wendt purchased the liquor at Fulton, Ill. The casks were nicely packed in excelsior in the trunk. When found by the marshal one of them had been tapped and considerable of the fire water drawn out.

In this issue of the Review will be noticed the articles of incorporation for the firm of Pfarr, Gebert & Hunt. The proprietors have decided to incorporate the concern in order to give some of the clerks in their employ an opportunity to purchase stock.

## \$15,000 ALLOTTED TO CRAWFORD

Next Red Cross Drive Will Begin May 27th When \$100,000,000 Will Be Raised in United States

EFFICIENT ORGANIZATION OF THE COUNCIL OF DEFENSE IN EACH TOWNSHIP PLEDGED TO RAISE AMOUNT

The next Red Cross drive is slated to begin May 27th, when \$100,000,000 is to be raised in the United States for the war fund. The allotment for Crawford county is \$15,000. We have supreme confidence that little trouble will be experienced in raising this amount in the county. The efficient organization of the council of defense in each township has pledged to insure the raising of the amount assigned to the township and with the aid of this organization there is no fear but what each township will easily go "over the top."

It is time, however, for each locality to begin actively organizing for the work so that even before the time for opening the campaign the amount to be raised in the county will be assured. In some townships provision has already been made for meeting the demands and the money is on hand ready for use. This is the case in communities where auctions have been held for the sale of grain, livestock and other articles of personal property which have been donated. We urge that each township, where the money has to be raised, adopt a plan for conducting a sale where the property is to be donated by the citizens, or to donate sufficient property, cattle and grain to be shipped to market and the proceeds held for Red Cross and other war purposes. Every person can furnish grain, livestock or some other article of value to be sold at auction or shipped to the market. Auctioneers will gladly give their services free for conducting the sales. These sales usually net from \$1500 to six or seven thousand dollars. The money when raised can be used to meet the amount allotted to the township for the war fund and any surplus voted for local use or held for future subscriptions which may be made by the Red Cross and other worthy causes.

We call upon the council of defense in each township to take up this work and to solicit the neighbors for contributions of livestock, grain and property to be sold in order to raise the money for the Red Cross and other war purposes, and thereby back up our soldiers fighting for their country.

# Final Clearance This Week of Women's Suits and Coats at 1/3 Off

This is your last chance to buy these wonderfully modish garments at the astonishingly low prices quoted. This showing includes garments made by Wooltex as well as other high class manufacturers. Early selection will be decidedly profitable.

## Modish Spring Suits

In Poiret twills, serges, gabardines and poplins. All the most wanted colors for spring are here—navy, rookie, topaz, green, sand, taupe and black. All sizes are included in the offering. Come early.

ALL \$25.00 GARMENTS priced this week at	\$16.67

ALL \$40.00 GARMENTS priced this week at	\$26.67
ALL \$50.00 GARMENTS priced this week at	\$33.34
ALL \$60.00 GARMENTS priced this week at	\$39.50

## Clever Spring Coats

Shown in velours, tricelines, broadcloths, and novelty weaves. Green, gold, rose, amethyst, copenhagen, navy and black are some of the colors offered. All sizes are included in this showing. Buy your spring coat today.

## What Hand-Tailored Means in Fruhauf Men's Suits

Priced From \$22.50 to \$45.00

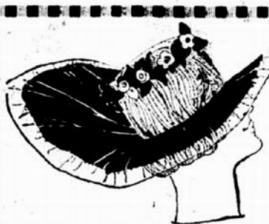

The word "hand-tailored" means just what it should mean when it is applied to Fruhauf suits. It is no "trade-term."

Fruhauf suits are sewn with the exception of a few seams, entirely by hand. The stitches are good, strong individual stitches, put in by tailors whose skill holds their jobs for them.

So, Fruhauf clothes have the style, individuality and the perfect fit of tailor-made clothes. Fruhauf garments are more attractive to men than tailored to order garments for two very important reasons—lower cost—a Fruhauf suit costs less than a custom made suit of the same quality of goods, and time saving—one fitting is all that is necessary against the several that must take place when clothes are made to order. Our fitting service is perfect. Come in today and look over our assortments of fabrics and styles. We know we can suit both your purse and you.

Priced at \$22.50, \$25, \$29.50 and up to \$45.00
