

NOTABLE WEDDING IN EAST BOYER

Miss Marye Bowling Becomes the Bride of Mr. Nelson Butterworth on Tuesday, June 25th.

WEDDING AT HOME OF BRIDE

Delicious Wedding Dinner Served Immediately After Ceremony—Only Immediate Relatives Present.

A very beautiful wedding occurred on Tuesday afternoon at the country home of Mr. and Mrs. A. Y. Bowling, when their only daughter, Marye, became the bride of Mr. Nelson Butterworth, son of Mr. and Mrs. Claire Butterworth, of Dow City.

Promptly at 5 o'clock, to the strains of Mendelssohn's wedding march, played by the groom's sister, Miss Mildred Butterworth, the bridal party entered the living room, taking their places at an altar formed of wicker baskets tied with pink and white tulle and filled with clusters of pink and white roses, with a large American flag for a background. Preceding the bride who entered with the groom, were little Misses Virginia Eloise Gates and Alice Kathryn Bowling, who formed an aisle with red, white and blue ribbons, followed by little Miss Naomi Butterworth, who carried the wedding ring in the heart of a large pink rose.

The bride was charmingly attired in a gown of white georgette and pussy bow taffeta and carried a military flower bouquet of red, white and blue flowers. The groom wore the regulation military uniform.

The simple ring ceremony was used, Rev. J. L. Boyd, pastor of the First M. E. church, officiating.

Immediately following the ceremony a delicious wedding dinner was served in the dining room which was beautifully decorated with vases of pink and white roses and pink tapers and American flags.

The bride has grown to young womanhood in Denison and numbers her friends by her acquaintances. The groom was born and reared in Dow City and was one of our first boys to volunteer his services to Uncle Sam. He is now stationed at Camp Cody, Deming, N. M., awaiting his call to France.

Only the immediate relatives were present. The out of town guests were Mr. and Mrs. Claire Butterworth, Mr. and Mrs. Hugh Butterworth and Miss Mildred Butterworth, of Dow City; Mrs. Ace Butterworth and daughters, Owendolyn and Ruth Claire, of Little Rock, Ark.

CAMP FIRE GIRLS ACTIVE.

Camp Made Up of Number of Young Girls Who Are Ambitious to Assist in All War Work.

The first organization of Camp Fire girls in the city, known as the Hooyah camp, have been very active since the organization of the camp in assisting in many undertakings. The camp is made up of a number of young girls who are greatly interested in this work and who are planning to carry other enterprises from time to time. The girls recently made a complete outfit for a fatherless baby in this city, furnishing material for the garments themselves, and were assisted by friends who donated some ready made articles. A pie sale was held in order to raise money for the support of a French war orphan, and later an entertainment was given to complete this fund.

The girls assisted at the Red Cross auction by selling flowers which netted the Red Cross over \$100, and by their purchases at the sale they contributed an additional \$19, which is worthy of commendation.

The girls have enjoyed several social functions also, having had a picnic near the East Boyer river on June 19th and helping Maxine Robinson celebrate her 13th birthday, when Katharine Woolston and Vera Houlihan were their guests for the day. Tomorrow, June 27th, they are planning an outing at Lake Wood Park. Two other camps have been organized recently by Mrs. R. O. Dibb, one which has chosen Miss Mary McHenry for guardian.

SOCIAL NOTES.

Mrs. E. W. Pierce entertained a few friends Friday afternoon in honor of Miss Minnie Foss, an old resident of Denison. The afternoon passed quickly with visiting and a pleasant social time. Lovely bouquets of garden flowers were added much to the cheeriness of the home. Late in the afternoon dainty refreshments were served.

The ladies of Trinity Guild held an ice cream social on last Wednesday evening at the home of Mr. and Mrs. Geo. McHenry, and they were most successful in their efforts as a goodly sum was realized.

Mrs. W. J. Scriver opened her home informally on last Thursday evening when she invited a few friends in to meet Mr. and Mrs. Robert Romans, of Aberdeen, S. D., and Miss Clara Scriver, of Denison, who has been an instructor in the public schools of Aberdeen for the past year. A most enjoyable evening was devoted to visiting and dainty refreshments were served in the dining room throughout the evening, the room being prettily arranged with baskets of variegated sweet peas.

The members of St. Rose of Lima circle held a picnic on last Wednesday afternoon and each member was allowed to invite their husband or a guest, there being nearly a hundred present in all. Needless to add a most delightful time was spent in fun and frolic and after a very palatable supper the picnickers returned home.

The F. H. club was pleasantly entertained on Thursday afternoon by Mrs. James McKim at Deloit. Some gentlemen were drafted into service and the trip was made by auto. A very delightful afternoon was spent in assisting the hostess to save with Hoover in preparing fruit for canning. The club voted at this meeting to adopt a French war orphan. After a delightful two course supper the members enjoyed a most delightful ride home, wishing the occasion might soon be repeated.

It is claimed in defense of ancient...

The man who is anxious to make money out of present war conditions must be first cousin to the one who used his wife's funeral as a favorable occasion to drum up some new customers.

Also while we can't get farm hands enough to harvest the crops, many other strapping young men are dishing out ice cream sodas to the summer girls.

The man responsible for stirring up a labor trouble today is fairly entitled to the iron cross from the kaiser and the double cross from the American people.

It is not perhaps surprising that the American people don't accomplish more, when they pay a moving picture comedian ten times the salary they give the president of the United States.

Some one wants to know why people who dodge the draft are called "slackers." Probably because it is customary to take them by the slack of their trousers and kick them out of the country.

Before running your automobile 50 miles more than is necessary Sunday, why not reflect that a gallon of gasoline will plow three-quarters of an acre of ground?

Having acquired some freedom in reading words with not more than two syllables and being able to write, hen tracks that can sometimes be deciphered, may boys conclude they know enough to succeed in life and decide to leave school.

The arrival of 1,000,000 Americans will not create the slightest alarm in Germany. They have it straight from Hindenburg that every American will turn tail and run the minute a German says "Boo."

"Iowa ought to have one of those nine foot pavements, of brick or concrete, connecting every county seat," says the Waterloo Times Tribune. "We continue to waste \$1,000,000 or so every year on our highways and are getting nothing."

The Davenport Times comments on the discovery that trench fever is caused by a germ that is distributed by lice. When a serum is discovered to make men immune, it declares, "the triumph of Gen. Georgan in dealing with yellow fever will be equalled."

"A man," observes the Des Moines Capital, "is sometimes heard to say, 'I am a patriot; I am for the administration; I want Germany to be whipped, but I am not crazy on the subject and do not propose to be.' God pity the United States of America," the Capital comments, "if all our patriots were like that. There can be no 50-50 patriot."

LUKE WEEKS IS MADE SERGEANT

Denison Young Man, Now in France, Gets Deserved Promotion at the Hands of Uncle Sam.

125 MILES FROM BATTLE FRONT

His Company Using a Captured German Engine—Small One but It Does the Work.

A. C. Weeks received a letter this morning from his son, Lucas, who is a member of Co. F, 23d engineers, now serving in France. Luke held a responsible position with a large engineering concern in Louisiana before the war but resigned his position last winter to enlist in the army. Mr. Weeks has permitted the Review to publish the letter, thinking it might be of interest to "Luke's" friends:

Dear Dad: Just received your letter of April 28th, and believe me, I was sure glad to get it. Letters come mighty slow over here and no doubt the answers to them seem as slow in arriving in the states.

I was sure surprised to hear that most of the Denison boys are in the Rainbow division, for they sure are making a record over here.

We are still some 125 miles from the front and still near Zeviers on the Loire river. We have been working hard as can be and our colonel has recommended our company as the best in the second battalion. We have not had much of an outfit to do our work with, but we have made the best showing of the bunch. I was given my third stripe and made a sergeant today, the first man to be given a warrant in our company since arriving here in France.

I am sorry, Dad, but I haven't even a kodak picture of myself in uniform. I've been figuring on getting some all along, but some way I never do it.

We have a captured German engine on the job here. It is a very small one, but I am sure it will work O. K. after we get it in shape. We started driving pile a few days ago and are working two shifts on the river work. If we are held here to finish the job we will be at this camp for at least three months.

Give my love to all my friends, but most of it is for you and mother.

Your boy,
Sgt. Lucas A. Weeks.
Co. F, 23d Engrs.
A. E. F. via N. Y.

After talking about how sacrifice is necessary if our country is to win this war, some people take a lot of money and start on long and costly pleasure journeys.
