The fire department was called out at five o'clock Saturday morning to extinguish a blaze at the Doud Milling company. The coal bins adjoining the big mill caught fire due probably to spontaneous combustion but were extinguished before much damage was done. It is fortunate the fire was discovered before it made much headway or the mill itself might have been destroyed. The Sunday Omaha World Herald printed an excellent likeness of Carl Sibbert, who departed last Wednesday with 100 Omaha boys for an encampment in Iowa for training. THE BAND BOYS PICNIC AT LAKE Denison Band Spends Sunday at Denison Beach, Wall Lake, Where They Enjoyed Picnic Dinner. SEVEN AUTO LOADS OF MUSIC Flag Raising, Music, Eating, Bathing, Boat Riding and Some Fishing Make Up Day's Program.

The Denison band enjoyed a day's outing and picnic dinner at Denison Beach, Wall Lake, Sunday last. The weather was ideal, just a sprinkle during the dinner hour which only served to sharpen the appetites of the boys. Seven autos were used to carry the boys, their instruments and the "eats" and an early morning start proved invigorating. At the lake "Gus" took charge of the water barrel, and Mrs. Mote, Mrs. Dan Voss and the Misses Dorothy Pfarr, Adele Brandt, Ida Bosacker and Ethel Kline chaperoned the lunch. The first event of the day was one of patriotism, flag raising, John Riegleman furnishing a beautiful silk flag, which proudly waved as the band rendered "The Star Spangled Banner." The lunch baskets were well filled by the families and friends of the band boys, and before leaving Denison Frank Pfarr, president of the Pfarr-Gebert-Hunt Co., thoughtfully donated a box of cigars. This firm also sent a delicious watermelon as a dessert section of the lunch. Geo. Menagh and Co. also have the thanks of the entire crowd for their liberal donations toward the success of the dinner. After dinner there was plenty of music which soon drew the attention of hundreds of pleasure seekers at the lake, and Denison was again placed upon the map from a music standpoint. A large pleasure launch was at the boys' disposal and a trip around the lake with music galore was only one of the many enjoyable events of the day. Bathing, singing, fishing and visiting among friends completed the outing and the boys returned home well satisfied in conscience and with an appeased appetite. Roy Mote does not blow an instrument, but oh, boy, he can blow a tire. When nearing West Side on the return trip a front tire on the big Winston exploded, causing a general rush for gas masks. Professor Grakke was the "noise" of the day, except during the midday meal. His capacity for storage is unlimited; even the rings in the doughnuts did not pacify him. "The Old Gray Mare, She Ain't What She Used to Be" was brought out by Conductor Barbarak; hitched to a new star and shown with a brilliancy that defied the clouds. Mrs. J. L. Riegleman and Mrs. Jacob Rusterholz won the hearts of the boys in furnishing an ample supply of fried chicken, and if Grakke had only taken a jump in the lake, what a supply chicken the other fellows would have had. John Quist, the bashful but handsome county agent, is some coffee maker, and if the farmers of Crawford county take his advice on the winter wheat question as the boys took to his coffee, there will be graining among the wheat bins of the county. Of course, Denison beach is outside of Crawford county, but a word here and there helps some. Attorney Kahler, candidate for re-election, has a faculty of becoming acquainted, even with outsiders. The Rieglemans were there with the big sedan, but—yep, know we came up in Mr. Mote's car. Boylan furnished the canvas and "Cush" the big knife and wash boiler. Let's go again, after school starts and Grakke's busy. Potato salad, deviled eggs, deviled ham, cheese and peanut butter sandwiches, pickles, olives, potato chips, doughnuts, hot coffee, watermelon, Exelso, Bevo, pop, cream and sugar—"Oh, let's play 'Dream On.'" The day was clear and cloudy, and the water it was wet. But Billy Huttach, the rowdy, says "I'll get some bullheads yet," and he did—6. Bevo—Exelso—Pop goes the weasel. Even at that you sometimes wonder

MARGARET LOUISE BYERS Margaret Louise, age 6, daughter of Mr. and Mrs. V. L. Byers, passed away at the family residence in north Denison at an early hour Thursday morning, August 8th, after a very brief illness. The immediate cause of her death was due to acute bowel trouble. Her death came as a great shock to the family as her illness was of such short duration, not complaining until the day before her death. Margaret had been subject to a slight indisposition at times and when she complained Wednesday, it was not thought her illness was of a serious nature. Towards morning a fever developed, and a physician was summoned, but before his arrival the little soul had taken flight. Margaret was the eldest daughter, and was born in Denison, Feb. 13, 1912, being at the time of her death, 6 years, 5 months and 25 days old. She leaves besides her parents, two brothers and three sisters to mourn her death. Margaret was a lovable child and had many warm friends. She commenced school last September and was a member of the Methodist Sunday school, hardly ever missing a Sunday. She was of a quiet disposition and a constant and faithful help to her mother. During the day time she took almost complete care of her little baby sister. Although young in years she was interested in the war and anxious to help her country by purchasing thrift stamps. She had planted a war garden which she cared for herself and the sale of vegetables from this permitted her to purchase many thrift stamps. Funeral services were held from the home Friday afternoon at 2:30 o'clock, Rev. J. L. Boyd, pastor of the Methodist Episcopal church officiating. Members of the Methodist choir sang several beautiful selections. The Boy Scouts acted as pall bearers. The little one was laid to rest in beautiful Oakland cemetery. The Review joins with the friends of the family in extending heartfelt sympathy to the bereaved family in their hour of sorrow.
