5,305 MEN TO CAMP DODGE

Local Exemption Board Receives Notice That Many Men Will be Called in October.

The local board has received notice from the state adjutant general's office at Des Moines that 5,305 Iowa selective service men are to report at Camp Dodge beginning Monday, October 7. Up to the time of going to press, the local board has not been advised what Crawford county's quota of this call would be, but members are of the opinion it will be in the neighborhood of 50 men.

According to Adjutant General Lasher, Class I men of the 1917 registration will be exhausted to meet the call and that Class I men of the June 5 registration this year will be called and nearly all of the men of the August 24 registration. It has been intimated that other calls are to come in October and if this is the case, men in Class I who registered last Thursday will be inducted into the service.

Mr. and Mrs. Ninus Montgomery of Silver Creek, Neb., arrived here Saturday for a several weeks' visit with relatives and friends, making the trip by auto.

The total registration in Crawford county to Uncle Sam's reserve army on last Thursday was 2,449, or just \$12 less than the estimated number placed for the county by the adjutant general. The estimated number of registrants was 2,461.

There was no holiday spirit at this registration as there was in June, 1917, everyone taking it as a matter of course and with the grim realization that America must win this war if it takes every man in the country to accomplish that end. Business and farm work continued throughout the day the same as usual, the registrants just taking enough time from their work to go to the voting places to register.

It was not an uncommon thing for the various registrars to register father and son. The twenty-eight registration offices opened at 7 o'clock on Thursday morning and closed at 9 o'clock. The council of defense cooperated with the local board in ar-

ranging the details for the registration. Denison stenographers offered their services and there was a stenographer at every precinct to fill out the registration cards and certificates on the typewriter. It was a long day for many of these stenographers, many of whom had to leave here at 5:30 in the morning to reach some of the outlying precincts by 7 o'clock. In addition to typing the original card most of the stenographers made copies of the registration cards at the request of Chairman Cummings. The enrollment of the man power of Crawford county was achieved without a hitch of any kind as the result of the efficient registrars. Practically every registrar was kept busy from the time their office was opened at 7 o'clock until they closed at 9 p. m. This was particularly true in Denison and the larger towns of the county. Nishnabotny township, in which Manilla is located, registered 192 men, which was the largest registration at any one precinct. In Charter Oak township, where the men of Charter Oak also registered, there were 164, and the third ward in Denison furnished 159.

How They Were Divided.

Every man between the ages of 18 and 45, both inclusive, were required to register. There were only 10 colored registrants in the county. Below we print a table showing the number of registrants between the ages of 18 and 45:

There were 2,035 native born citizens who registered and 172 naturalized citizens; 122 men registered who are citizens by their father's naturalization before their majority; 81 declared aliens who have received their first citizenship papers registered and there were 39 non-declared aliens.

13 Million Registered Thursday

Approximately thirteen million men registered in the United States last Thursday for the great reserve army Uncle Sam will use to put the knock-out blow to the central powers. From this great reserve man power the United States will select men to form new divisions for training in this country. Those from this reserve will be the first to answer the call will be the men between 19 and 21 and 32 and 36.

TOURING CAR STRIKES TRUCK

Mrs. Henry Iwen, of near Schleswig, Seriously Injured Monday, When Car Strikes Big Truck.

ACCIDENT HAPPENS IN DENISON

Injured Woman Taken to Home of Mrs. Petersen Where She is Being Cared For.

Mrs. Henry Iwen, who resides west of Schleswig, was seriously injured in an automobile accident in Denison Monday afternoon about 5:30 o'clock, at the corner of Chestnut and Locust street. The touring car in which she was riding was struck by a motor truck loaded with coal at the intersection.

She was thrown from the car and struck the curbstone on her head and shoulders, causing internal injuries. Mrs. Iwen was carried to the home of Rex Smith and a physician called to administer to her.

Henry Iwen, husband of the injured woman was driving the car. He states that he and his wife in company with her father were going north on Locust street. When in front of the E. C. Chamberlin home, he noticed a big motor truck ahead. As the car neared the intersection, it drew over to the right side of the pavement and thinking it had turned to one side to allow him to pass, he undertook to go by. Just at that time, however, the truck turned on to Chestnut street, striking the rear end of the touring car with such force that Mrs. Iwen was thrown from the back seat to the pavement. Mr. Iwen states that he was traveling about twenty miles an hour and did not blow his horn when he attempted to go around the truck.

The injured lady was later taken to the home of Mrs. Petersen in south Denison where she is being cared for. The physician in charge believes that she will recover from the injuries received although she is in a precarious condition.

Only a few months ago Mr. Iwen turned turtle with the same car up in the vicinity of Schleswig.
