

## SAD NEWS FROM FRANCE

This Week Mr. and Mrs. Gus Heiden Received Telegram Announcing Death of Their Son, Fred

**CALL TO COLORS IN APRIL**  
One of the Four Blue Stars in the Heiden Service Flag Has Been Turned to Gold

The sad news that their son, Fred W. Heiden, was killed in action in France November 3d, was received in a telegram by Mr. and Mrs. Gus Heiden on Sunday from the war department at Washington. The news was a severe blow to the parents who had every reason to believe that their four sons in the service would all safely return home when the news came that hostilities had ceased. It seems, however, that the government officials who slow in collecting the names of those who were killed or wounded and large casualty lists are appearing daily.

Fred W. Heiden was born and reared here in Denison. He was born on the 17th day of October, 1892. Fred received his education in the public schools of Denison and for a time attended the Denison Normal and Business college. After leaving college he worked most of the time for the Northwestern Railway company on the section crew of which his father was foreman. Fred was called into the service April 30, 1918, and was stated that he could go out to serve his country. He was first sent to Camp Dodge and two weeks later was transferred to Camp Travis, Texas, where he remained but two weeks, when his company was sent to Camp Mills and a few days later embarked for France. The last letter received by his parents from him was written October 20th, and in this letter he stated that he had been in the front line trenches three times and "over the top" once, but so far had escaped unhurt. The letter was written from a rest camp in the rear.

No braver young man has gone out from Crawford county to serve the country in this great war than Fred Heiden, and all Denison mourns the loss of this brave hero. Fred had a large circle of friends in this community who honored and respected him. He was a most devoted son, particularly to his mother, never losing an opportunity to perform some task for her that would lighten her daily duties. Fred was a member of the First Methodist church and attended services regularly as well as the young men's Sunday school class. He leaves to mourn his death his bereaved parents, three sisters, Marie

**FUNERAL HELD LAST THURSDAY**  
Remains Shipped From Falmouth, England, to New York, and Then to Denison for Burial

The body of Miss Erma Lovisa Shaw, daughter of Mr. and Mrs. L. M. Shaw, who passed away October 9th, on the steamship Vestris enroute to England, was laid to rest in Oakland cemetery on last Thursday afternoon. Funeral services were held at the First Methodist Episcopal church, Rev. J. L. Boyd, the pastor, delivering the funeral sermon. The service was largely attended by the many friends of the family who gathered to pay their respects to this estimable young woman who gave her life in the service of her country. Business houses were closed and flags were at half mast during the funeral hour in honor of the departed.

Erma Lovisa Shaw was born in Denison Oct. 9, 1885. Miss Shaw began her school life in Denison, but when her father was elected governor of the state she accompanied her parents to Des Moines, where she entered the public schools of that city. Subsequently she entered St. Catherine's academy, an Episcopal institution at Davenport. Later she entered Woman's college at Baltimore and for a time was a student at the National Park seminary near Washington, D. C., at the time her father was secretary of the treasury. In 1908 Erma was confirmed in the Episcopal church at the Church of All Angels, New York City.

**YOUNG MAN COMMITS SUICIDE**  
Dewey Hamann, Son of Mayor of Manila, Shoots Himself and Dies in Garage at Home

MANILLA, Nov. 26—(Special to the Review)—Dewey Hamann, aged 19, son of Mayor Hamann of Manila, committed suicide Sunday afternoon by shooting himself. His body was found in the garage at the family home. He had fastened a wire to the trigger of an army rifle and standing a short distance from the muzzle of the gun, discharged the load into his heart. He must have died instantly. No cause is known for the act. He had been in good health, apparently, and recently made application for enlistment in the army, but was prevented from getting into the service by the signing of the armistice. The young man had been working on the farm of his brother near town. The total lack of an apparent motive for the young man wishing to end his life leads his relatives and friends to believe that his death was purely an accident.

## ANNUAL MESSAGE FROM RED CROSS

The American Red Cross Has Sent Out Its Annual Report Covering Work From May 1, 1917

**SHOWS BIG ACCOMPLISHMENTS**  
Besides Money Raised the Chapters Have Contributed Much Work by the Members

The war council of the American Red Cross has sent out its annual message to all Red Cross chapters, on the occasion of the annual meeting for the year 1918. The message contains statistics of the year's work, showing the great accomplishments since May 1, 1917, which we publish below in a condensed form. On May 1, 1917, the American Red Cross has 486,194 members working through 562 chapters, and on July 31, 1918, the organization numbered 20,648,103 annual members, besides 8,000,000 members of the Junior Red Cross, which is a total enrollment of one-fourth the population of the United States. The work is carried on through 3,854 chapters. The chapters have co-operated with the war council in two big war drives, the first of which totaled \$115,000,000 and the second \$176,000,000. From membership dues collected the amount is \$24,500,000.

Besides all this money being raised, a very large contribution of materials and time has been made by the millions of women throughout the country, in surgical dressings, knitting, in hospital and refugee garments, in canteen service and all other activities which the chapters have been called upon to perform. It is estimated that nearly 8,000,000 women are engaged in canteen work and the production of relief supplies through the chapters. For the period up to July 1, 1918, the American Red Cross chapters through their working rooms had produced 40,120 refugee garments, 7,123,821 hospital supplies, 10,186,489 hospital garments, 19,134,501 knitted articles, 192,748,107 surgical dressings, a total of 221,282,838 articles, the value of which is estimated at at least \$44,000,000.

**MARK CLARK WOUNDED**  
Denison Young Man Received Leg Wounded in Battle October 10th—Now in Hospital

Mrs. Thos. Clark received a letter yesterday from her son, Mark, written October 21st, in which he stated that he was in a hospital recovering from a wound received in battle October 10th. Mark wrote that he was wounded in the leg by a German shell but was then able to be up and around the hospital with crutches. Mark wrote that he had been "over the top" a number of times and that it is not much of an ordeal. He says one does not stop to think of the danger and it is amusing to see the Germans scurrying back in the direction of Berlin when the Yanks go after them. The many friends of Mark will be glad to know that his wound is not serious. F. L. Hoffman, of this city, received word yesterday that his brother, Earl, had been wounded in active service in France on October 24th, and is now in an American hospital at Neuville, France. His injuries were numerous, being wounded in both arms and the left hip and having his right leg fractured below the knee. We trust that better news will be forthcoming soon. The ladies of the Methodist Ladies' Union are planning to hold a bazaar December 14th. Further announcement will be made later. Please bear the date in mind. The Boys' department store is conducting a special sale this week that is attracting considerable attention. This well known mercantile concern are celebrating their 25th anniversary and in order to make it an event to be remembered by all they conceived the idea of putting on an anniversary sale. Merchandise in every department of this big store is offered at money saving prices and the buying public is taking advantage of the many bargains offered. In this country at this time, the Red Cross workers are helping to add to the comfort and health of millions of our soldiers in the 102 camps, as well as of those traveling on railroad trains or embarking on ships for duty overseas. The Home Service of the Red Cross with its 40,000 workers is extending its ministrations of sympathy and counsel each month to 100,000 families left behind by soldiers at the front.
