Catarrahal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy.

Catarrahal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface of the Eustachian Tube. Halls' Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Halls' Catarrh Medicine. Circulars free. All Druggists, 75c.

I was there to make a sketch of her. Luncheon was just over, and she was talking to a little knot of women. The first words I heard, were said quietly into a nearby seat, were "National Biscuit," recalling pleasant memories to Old Time Sugar Cook- con. I liked her, and she spoke again, my pen- cre-cream and Nabisco, and those
