HAPPENINGS AT CAMP DODGE

Last of 88th Division Received Discharges on Last Monday—168th Band to Give Concert and Dance

GOLDIERS GET BACK ROAD PAY Northern Soldiers Not to Build Southern Roads for \$30 Per Month—Big Athletic Event on Tuesday

CAMP DODGE, June 21—The last contingent of the 88th division got away last Monday. The day previous several thousand of the 90th division fresh from the front in France arrived and as they entered the camp they met the departing remnant of the 88th and there was some vigorous shouting. The 88th got the glad hand on every side. Frog lunches, parades and friendly visitations were ever present, but the members of the 90th, mostly trained at this camp, strode in Sunday on three great trains, but nobody knew they were coming except the women of the Red Cross who met them at the trains with baskets well filled with various luxuries. The members of the 90th are from Minnesota, the Dakotas, Missouri, Nebraska and Iowa. They were in the thick of the fighting just before the armistice was signed and they tell of some exciting ventures. They were all mustered out the first of the week and with two months' pay and \$60 bounty together with new suits and other equipment the men departed all covered with smiles. They were about the happiest bunch of fellows that have been discharged.

It is interesting to study the different types of men that compose the army. Some of the men brought back with them all manner of souvenirs while others discarded everything except what they had to bring. Some of the men carried 120 pounds besides a big suit case. All of the 88th and 90th brought their guns with them. These each weighed 9 1/2 pounds. They carried these rifles a long way only to turn them over to the arsenal when they reached Camp Dodge. The 331st bakery company which went to France with the 88th division did not return home with the Clover Leaf outfit but remained in France. It is not known when the bakery company will sail for home. U. S. to Pay Risk on "Flu" Victim Lawrence C. O'Brien, who brought suit against the United States to recover life insurance taken out by his cover life insurance, is to receive the money, according to word received by E. G. May, federal attorney. Victor O'Brien had taken out his insurance, it was claimed, while seriously ill with Spanish influenza of which he died. The government at first refused to pay the insurance but in the letter received by Mr. Moon it is stated that the department of justice did not consider the defense tenable and had ordered the payment of the policy. This probably means that the government intends to adopt the policy of paying all insurance regardless of conditions under which it was taken out. It also clears the situation regarding influenza victims.

Big Concert July 4th Members of the 168th regiment band now on a tour of the state, plan to give a big celebration, including a dance and musical program at the Coliseum on the evening of July 3d. They will be assisted in their entertainment by the Blue Devil quartet.

According to tentative plans, which have received the sanction of the city, the program will start at 7:15 o'clock with a band concert. Dancing will begin at 9 o'clock and will continue throughout the evening but during the dancing special numbers will be given to entertain the audience in the balcony and gallery.

Many Men Arriving Now that the divisions and regiments that most concerned Iowa people have arrived interest is lagging somewhat but the men are still coming. Every day several hundred arrive and the relatives from this and adjoining states get an inkling of the home coming and they come here in large numbers to be ready for the big event. Young mothers whose husbands have never seen the little sprigs of humanity that they bear in their arms afford a most interesting study. We saw a father grasp his offspring for the first time and he was the proudest man in the regiment—except numerous others who had the same experience.

Hold on Petty Charge Pvt. Percival Vining, recently discharged from the Ft. Des Moines hospital after recovering from twenty-one bullet wounds and an amputated leg received in the war, turned the tables on a superior officer in a municipal court. Vining appeared to answer to the charge of taking two pictures of Margaret Rose, Fort Des Moines nurse without her permission. The charge was filed at the instigation of Lieut. Matland of Fort Des Moines, according to Vining. Municipal Judge W. G. Bonner requested Vining to return the pictures and then assessed the costs of the case, \$2.85, to the prosecution. Court balliffs said the lieutenant was the one who paid.

A Lesson on Southern Greed Northern soldiers who were not permitted to go to France, but were kept in the south working as common laborers in the construction of an elaborate system of public highways for the southern states, are to receive several millions of dollars back pay for their work as laborers. These mil-

lions represent the difference between \$30 a month, private's pay, and \$4.50 to \$6 a day, the wages of negro labor employed side by side with the soldiers in highway construction in the south. The back pay will be paid by the government, but it will be charged up against the southern states which thought they were to enjoy having model highways built by northern soldiers and paid for by the war department at a wage of \$30 a month. The amount due the northern soldiers will be deducted from the southern states' share of the \$200,000,000 provided for in the post office appropriation bill for federal aid in states in highway construction.

Lively Athletic Stunts The first big athletic meet of the year was held at Camp Dodge Tuesday, beginning at 9:30 in the morning and lasting all day. There were over a hundred entries in the many events on the program and many in the nurses' events. There was some good athletic work demonstrated and in a few events fast time was made. The 220 yard dash went in 25 1/2 seconds, which, considering the fact that they were dressed in regular O. D. uniform, was good.

The baseball game between the Camp Dodge and the Camp Grant nines, staged in the afternoon, was the feature of the meet, the Grant nines defeating the Dodge aggregation by a head to head score of 2 to 1. Collect Rose Petals for Soldiers at Ft. Des Moines Army Hospital Between 300 and 400 convalescent soldiers at Fort Des Moines want to make rose beads but they will need 300 or 400 bushels of rose petals to begin with. Mrs. Robert F. Porter, chairman of the hospital committee, asks that the petals be collected, packed in suit boxes and sent to the Red Cross at Fort Des Moines.

Found Guilty of Conspiracy After a deliberation of an hour and a half, a jury in federal district court found Arthur Koerner of Washington, D. C., and Joseph Rhoads, Norfolk, Va., guilty of a conspiracy. The jury held that the two were guilty of attempting to bribe Lieutenant H. R. Vanstrum, salvage officer at Camp Dodge, to swing the contract for the sale of 30,500 salvaged blankets to Alexander Gross, Minneapolis man, accused of conspiracy in connection with the sale of blankets for salvage, was ordered released by Judge Martin J. Wade.

88th Vaudeville Troupe to Appear "The Runaways," the show troupe of the 88th division, will present its vaudeville act in Des Moines probably at the Orpheum theater. The troupe made a lessing hit with the French people and with every unit of the A. E. F. which it visited. It was only through the direct solicitation of Gen. March B. Stewart, commander of the 175th infantry brigade, that the troupe, which is composed of men from every unit of the Clover Leaf division, was permitted to come to the states with the organization intact. The original personnel of the troupe arrived in Des Moines last Wednesday and has been urged ever since to produce the show locally.

The troupe opened Thanksgiving day in Toul and since then played for the boys all over France, in cowsheds and also in the big cities. Every man in the cast was a professional actor before he entered the army.

General Weigel Returns Maj. Gen. William Weigel, who was in command of the 88th division while in France, arrived at Camp Dodge Friday from Washington and assumed command at Camp Dodge Friday afternoon. General Weigel has been in Washington on special duty connected with the war department.

Gen. Hall at Dodge Brig. Gen. Harrison Hall, now at Camp Dodge, served overseas as commander of the 177th infantry brigade of the 89th division, which was trained at Camp Funston by General Wood and made an excellent record in the St. Mihiel and Meuse-Argonne offensives.

All three general officers now assigned for permanent duty at Dodge have seen extensive fighting service in France. Major General Wright, who is expected to return soon from Washington, led the 89th in its major advances and Brigadier General Babbitt, now on leave, served as commander of the regular army artillery brigade.

CHILDREN'S HEALTH CRUSADE Over 3,000,000 school children, during the school year now closing, joined the so-called modern health crusade. This movement was organized by the Junior Red Cross and National Tuberculosis Association. Each member enrolled in the movement has to conform to certain simple health rules and buttons and badges are given to those who live up to 75 per cent of the same.

These of the most important rules call for clean hands and face, 10 hours a day in bed and slow eating. These hit at three of the most hurtful irregularities of children. No doubt many children will try to make out the 10 hours by sleeping over breakfast time. But if so they get a black mark in that fateful book, the school attendance record. It is a great art to manage children. You can get practically nothing out of them by lecturing them, and you can make them do anything by appealing to the game spirit and competition. This health crusade seems to hit them right.

George Lamberty returned home on Friday after a several days trip to points in northern Iowa and South Dakota. He reports that land is on the boom in South Dakota and desirable acreage is changing hands fast.

SAD DEATH OF SOLDIER BOY

Guy Spence, Former Dow City Boy, Called to Great Beyond Tuesday, June 17th, in New Mexico

PNEUMONIA CAUSE OF DEATH Contracted Flu While in France Serving Uncle Sam—Remains to be Brought to Harlan for Burial

DOW CITY, June 24—(Special to the Review)—The sad news was received here by relatives on Wednesday of the past week of the passing of Guy Spence, whose serious illness was mentioned last week. His death occurred on Tuesday evening, June 17th, at a hospital in New Mexico. The departed was a member of Uncle Sam's army, being among the first to enlist for service. While in France he suffered at attack of the flu and after reaching New York only a few weeks ago was again taken ill, his case being pronounced pneumonia. Some two weeks ago he was taken to New Mexico in hopes that the change would be of benefit to him, but the best of care and medical attention proved of no avail. His mother and fiancée of Harlan started for New Mexico only a few days before his death. The remains are expected to arrive in Harlan, but at this writing no further word has been received.

The deceased was the second son of Mr. and Mrs. George Spence, former Dow City residents, and was about 22 years of age at the time of his death. Besides his parents, he leaves to mourn two brothers, Foster, who is also in the army, being with the signal corps in France, and Nelson at home; three sisters, Mrs. Ed Fairchild, of Irwin, and Misses Vera and Ruby Spence, who are at home. One elder sister, Mrs. Clyde Nelson, preceded him to the Great Beyond several years ago. Many relatives and numerous friends are left to mourn his early demise. Dow City friends heartily sympathize with the bereaved ones, especially the grief stricken father and mother, who had looked forward with happy anticipation to the return of the son, whom they have now so keenly sacrificed.

Mrs. E. A. Boock and Mr. and Mrs. Ed Reimers, of Schleswig, were brief callers in this city Monday morning.

REMEMBERS WAR ORPHANS

Mrs. Maud Patterson, of West Side, Sends Check for Support of French War Orphan

Mrs. F. N. Scriber, chairman of the committee of the Fatherless Children of France, has handed us the following letter for publication which is a reply received from Mrs. Isaac Patterson, of West Side, in response to an inquiry regarding the support of a French war orphan for another year. Many people feel that the work is ended now that the first year is up, but the need of supporting these fatherless children is still very great and we trust that the people of Crawford county will not lose interest in this worthy cause, but will keep up the excellent record made last year. The letter follows:

July 14, 1919. My Dear Mrs. Scriber: Herewith please find check for \$36.50 to care for our little French orphan for another year. We have received two or three very appreciative letters, also a picture. It is a real pleasure to support this little boy another year, and we will gladly continue as long as this support is so badly needed. These poor French widows with their helpless little ones are entitled to all the sympathy and help we can give them. Trusting everyone will respond to the call this year, I am, with kindest personal regards, sincerely, Maud H. Patterson.
