The Ida Grove papers announce this week that after October 31st the subscription price of the papers will be raised to \$2.00 per year. The present price is \$1.50. Prices of print paper and all materials used in the printing business have warranted the raise for more than a year back. Now if the Ida Grove papers will get out of the 15 cent advertising rate class and adopt a rate of 25 cents—a rate conceded to be very fair for newspapers of their circulation—the proprietors will find it somewhat easier to keep the red ink from their bank books.

Miss Edna Wright, niece of Alfred Wright, who is studying this year in the Oberlin conservatory of music, has been elected a member of the Oberlin Women's Glee club, singing first soprano. The Women's Glee club organized one year ago, has already established itself as one of the major organizations in student life. Competition for places is exceedingly close and membership constitutes one of the leading undergraduate honors. The Glee club has already contributed its share towards maintaining the high musical standard for which Oberlin is well known. Last year besides the home concert at Oberlin ten concerts were given in the states of Ohio, Indiana and Michigan. The club is organized on lines similar to the men's glee club and it promises to occupy a unique position in the life of the student body and in the college musical world.

The annual prayer conference will be commenced at the Baptist church on Wednesday evening of this week and continue with three sermons each day over Sunday. A number of ministers and others from various places in the state will attend and participate in these meetings. The prayer conference originated in Kiron several years ago and after the first conference held, decision was made to continue holding each year this conference in Kiron. A good program has been planned and good beneficial results are looked for. Considerable severe comment from the taxpayers in these parts are being made over the stock and tax method of getting the road west of town in passable shape. The long drawn out time before the new bridge over the west branch of Otter Creek was finally completed which since has been left without, the approaches grade and filled in so

travel could be resumed by all kinds of loads and vehicles. Heavy loads can not with safety travel over the temporary work around the bridge which is certainly in a deplorable shape. Those whose business it has been to properly attend to it have neglected and carelessness. The traveling public has exhausted their patience and will soon take steps to jar proper authorities to wakefulness and tend to business.

But cheer up, for it has always cost the country more for dancing shoes than for overalls.

With more automobiles being made in this country than either baby carriages or wheelbarrows, there is something fundamentally wrong with the American people.

THE FUNERAL OF FRANCIS ROBERTS

Funeral of Francis Waldo Roberts, Who Died at Arion September 30th, Held on Wednesday Last

REV. G. A. BARKER OFFICIATING

Floral Tokens Were in Abundance, Including a Beautiful Wheel of Roses From Arion Friends

ARION, Oct. 7.—Special—Francis Waldo Roberts was born near Manchester, Delaware county, Iowa, on March 28, 1864, and died at Arion, Iowa, Sept. 30, 1919, aged 55 years, 6 months and 2 days. He was united in marriage to Miss Tena Tripp Oct. 14, 1884. To this union were born two sons, Francis Lefroy and Warrnie Irven. Funeral services were held in the Congregational church Wednesday afternoon, Rev. G. A. Barker, of the Baptist church of Dow City, officiating, paying eloquent tribute to our departed friend and spoke words of consolation to the bereaved ones. Floral tokens were in abundance, including a beautiful wheel of roses from Arion friends. The Arion choir furnished beautiful and impressive music. Mr. Roberts lived in this community for over a quarter of a century. He knew no enemies and by his quiet, unassuming life was respected by all who knew him, and it is needless to say he will be greatly missed from among us. What makes it doubly sad for the family is that a sister, Mrs. James Snyder, of the state of Washington, died on September 29th

and funeral services were held for both on the same date. A strange coincidence in regard to the family is that twenty-six years ago two sisters of the deceased died on the same day. Mr. Roberts leaves to mourn besides his wife and two sons, his aged mother, Mrs. Melvina Roberts, of Arion, and four sisters, namely: Mrs. Arthur Brown, of Washington; Mrs. E. Winters and Mrs. H. Heller, of Manning, and Mrs. Geo. Reynolds, of this place. To the bereaved ones the entire community extends heartfelt commiseration.
