Those of our readers who are interested in live stock and farm sales cannot help but read the many advertisements that are to be found in this issue wherein livestock and property pertaining to the farm are advertised. It is an undisputed fact that this paper has become a regular clearing for all Crawford county when it comes to advertising livestock and farm sales. The days of the once famous sale bill are about over, and one may blame the automobile and the rapid times in which we are living for the disappearance of the bill. Nowadays a farmer or stock raiser coming to or going from the city hasn't time to read a sale bill tacked up at the four corners, he's going too fast. But he does read the newspaper in the quiet of his home. And there around the fireside after he has read and re-read the sale ads, he makes his selection of what he intends to buy, and if it is listed in any particular sale he attends that sale.
Among the new advertisements appearing in this week's issue we wish to direct the readers' attention to one of W. K. Dobler, of Vail, who uses considerable space in telling about his sale of purebred Duroc Jersey hogs that will be held at Vail on Monday, November 3d. The animals selected for this sale are from the tops of Mr. Dobler's spring crop of Durocs, and the sale is strictly a Colonel King Orion sale. There will be fifty head offered, 25 boars and 25 gilts. Col. King Orion is a 700-pound boar and is a two year old son of the noted breeding boar, King Orion Cherry, and his dam is a daughter of King the Col. He sires great size. At the Dobler sale the ladies of the Guild will serve dinner, and all should be on time in order to get some of the best there is to eat.
The Albert Schwanz farm sale will be held on the George Winans farm, in Milford township, two miles west of Milford center, on Thursday, October 30th, commencing at 10 o'clock. Mr. Schwanz has purchased the complete business in Deloit is the only reason for his having a sale at this time, and he expects to sell everything on the place. Among the stock listed we find there are seven head of horses, one team weighing 3300 pounds; in the cattle line there are 57 head—among them being a number of milk cows and a good Shorthorn bull. Then there are 19 head of steers on feed, and some heifers and stock cows. In hogs Mr. Schwanz is offering eighty head of thrifty spring shoats, crossed

with Chester White and Poland China. Twenty head of sheep are also offered. Somebody is going to attend this sale and buy the entire acreage of corn—and there are 75 acres, and it is all good corn. The machinery offered is all good and will last a lifetime. Plan on attending the Schwanz sale.
A public sale that will be of interest to many is that of C. W. Lindgren, 8 miles west and 1 mile south of Deloit, on Thursday, October 30th. Mr. Lindgren offers 25 head of Holstein cows and 1 Holstein bull. He will also sell 20 head of purebred Chester White boars at this sale. The stock is said to be in the best of condition. Remember the date, Thursday, October 30th.
W. L. Danforth, 4 miles east and one-half mile north of Storm Lake, is offering some fine boars for sale, sired by Sunny Slope Chief and Hoover's Wonder; some spring boars are sired by Danforth's Giant and Jumbo. Mr. Danforth's phone number is 27F120, Storm Lake.
In time past the W. A. McHenry Park Stock Farm has been noted for the best Aberdeen cattle in the United States. The park is now becoming noted for Poland China hogs, and Mr. McHenry is offering a number of boars for sale. Look his ad up.
All the Durocs have not been sold as yet, for E. F. Grainger, 5 miles northwest of Denison, is advertising 12 head of big type Durocs for sale. They are sired by Premier Model, Professor Wonder and dam Fancy Superior.
Leonard Staley, of Charter Oak, believes in Poland China hogs, and keeps some splendid stock. In another column he advertises some boars of fall and spring farrow for sale.
J. H. Powers, over at Carroll, uses space again this week to tell about a 160 acre farm he has for sale. The farm is near Terrill, Dickinson county, and is all tillable and well tilled. Write him if interested.
The Denison Seed company advertises a large number of Hampshire hogs for sale. Out on the Al Weiss farm in East Boyer there are 500 head of these fine hogs having the range of a large pasture. The breeding is of Lookout, Patterson, Messenger and Palmer King. Call up the Seed company if you are looking for something good in the Hampshire breed.
Wm. Kuehl, of Kenwood, was in Denison Saturday and called at this office. He is using space in this issue to call attention to the fact that he has some good Poland China boars for sale at private treaty. The boars are sired by Long Chief and Model Expansion.
Don't overlook the "Pure Breed Column" to be found on page eight of the first section of this paper. There are some new cards in this column for this week.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER
Wash the poisons and toxins from system before putting more food into stomach.
Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.
For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.
A splendid health measure is to drink before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.
A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside bathing.
